all around the visitors. The feature of the game was the superb pitching of H. E. Lonbargar, he holding the visitors down to four hits and striking out 10 of them. Three times had the visitors men on third and no one out, but every time the next three fanned the air. The horse and rig, too, came through whole, with the exception of a broken shaft. Miss Bechdel still has marks from the skirmish, as her face is badly scratched and she walks with a limp. The driver, too, was damaged with bruises but showed great presence of mind by trying to keep the animal in the road. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Don't Women! Don't write to a woman, when the roof leaks. Write to a carpenter. Don't write to a woman, when the water pipe bursts. Write to a plumber. Don't write to a woman when you are sick, write to a doctor. But why such superfluous advice? Simply to call attention to the fact that "women" who are not qualified physicians offer medical advice, in advertisements worded in such a deceptive manner that you are apt to overlook the important fact that the woman is not a physician. The great success of Dr. R. V. Pierce, in treating and curing diseases of women has led to imitations of his methods, especially his offer of a free consultation by letter to all sick women. At the head of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., and with an experience of over thirty years, Dr. Pierce has achieved the position of the chief of specialists in the treatment of woman's diseases. There is no living physician, male or female, who can show an equal record of over a half-a-million women treated and ninety-eight per cent. of cures. Write to the doctor. Your letter will be read in private, answered in private and its statements held as sacredly confidential. To assure the exclusion of a third party from this correspondence, every letter is sent sealed in a plain envelope, bearing no advertising or printing upon it. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y. \$25,000 Given Away. In the past year Dr. R. V. Pierce has given away copies of his great work, The People's Common Sense Medical Adviser, at an expense to himself of twenty-five thousand dollars, exclusive of the cost of mailing. This valuable work, contains 1000 large pages and over 700 illustrations. It discusses the great and grave questions of physiology and hygiene from the view point of common sense, and in plain English. The book is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 21 one-cent stamps for paper covered book, or 31 stamps for cloth binding. Address: Dr. R. V. PIERCE, Buffalo, N. Y.
