FALL OPENING

Season 1900-'01

Men's Fine Tailored Garments.

DEAR SIR:

We will esteem it a pleasure to show you through our new line of medium and heavy-weight Imported and Domestic Fabrics for

Men's Tailored Garments

at prices very little in advance of good ready-made clothing.

As each season rolls around the demand upon us for stylish garments, made from elegant and attractive wool cloths, becomes greater; so that to fully satisfy the expectations of our friends, and to continue as in the past, to distance our few but active competitors, we are compelled to sift with ever increasing care a great volume of patterns until we have culled the most choice and serviceable.

We can truly say that our offerings for the approaching Fall and Winter seasons are the cream of American and European Markets; and when the recent great strides that woolen manufacturers have made in perfecting and beautifying their goods are considered, the "cream of the market" means a very handsome showing. Whether you care to place an order or not, we shall be glad of the opportunity of demonstrating to you that really fine goods and excellent work can be given for very little money. We carry everything suitable for swell nobbiness or quiet elegance in Business, Dress or Outing Suits, Overcoats and Pantaloon. Perfect fit and satisfaction guaranteed. Prices—\$15, \$16, \$17, \$18, \$19 and \$20.

PUMPKIN CONTEST

Ends Oct. 13th at 3 p.m. Be sure to be on hand to get your prize. \$10 Suit for heaviest pumpkin; \$5 for next heaviest, and a prize of great usefulness to everyone bringing in a pumpkin. We have FREE TICKETS for all our customers for the County Fair.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Became Popular.

Governor Stanley, of Kansas, recently invented a plan to make friends at political rallies in his state. A few weeks ago at a party rally the governor hailed a farmer who had brought a wagon load of watermelons, and bought the load. He then had the watermelons cut up and distributed among the politicians, and in this way treated 200 people. He soon found, however, that everywhere he spoke the farmers appeared with wagon loads of melons, and the system promptly became too expensive to maintain.

He is With Us Now.

The campaign liar is a degenerate who has no conscience. All the preaching and the teaching that were applied to the regeneration of sinners would never convert him. He is so calloused by contract with wickedness that he is lost to all many feeling and the only impulse he has is to serve the one who pays him. He is impervious to earthly "roasts" and the devil, in the world to come, will have to put on an extra supply of fuel to make the situation sufficiently hot to freeze him.

Looking Ahead.

The Milroy correspondent to the Lewistown Gazette says; L. F. Treaster and H. C. Kulp have purchased the Pount property on the top of the Seven mountains, their object being a summer resort there in the event of the proposed trolley road being built across the mountains.

Peaches in York County.

Peaches are selling in York county at ten cents a bushel on the trees, or twenty-five cents per bushel picked. The apple crop in that county is estimated at 500,000 bushels.

TRIENNIAL ASSESSMENT.

The county commissioners have sent out the necessary supplies to the various assessors for the purpose of making the Triennial assessment. From their instruction sheet we make the following extracts that will be of interest:

During September and October the Triennial Assessment will be made by the assessors in the several townships and boroughs in Centre county. The rate of millage for county purposes will depend upon your valuation, and will be fixed after the assessments have been revised.

A blank will be placed in the hands of each taxpayer for making return of personal property taxable for state purposes. When the return is made the taxable is sworn thereto, to-wit: "You do solemnly swear (or affirm) that this is a true and correct statement of your property taxable for state purposes, to the best of your knowledge and belief."

Women, married or single, owning property, are liable to taxation. It is a crime, punishable by a fine of \$500, for an assessor to accept a return without requiring the same to be sworn to and signed.

Three-fourths (3/4) of the net amount of taxes realized on the property made taxable for state purposes, belongs to the county. Every mortgage or judgment entered in the "Catch Book" is supposed to be good until sworn return is made.

Warn each taxable that making a corrupt or false return is a crime, punishable by a fine of \$500 and seven years imprisonment, and disqualification from ever being a witness.

Assessors have difficulty in fixing the proper valuation of real as well as personal property. The law is plain, and directs that you shall "note and value all objects of taxation according to the actual value thereof, and at such price as the same would separately and in good faith sell." To neglect or refuse to do so is a misdemeanor, punishable by fine and imprisonment. This assessment also includes the unseated lands.

Assess all horses, mares, geldings and cattle four years old and over, at their actual cash value. Assess such property at what it would actually sell for at the time of making the assessment.

Assess all offices and posts of profit, professions, trades and occupations, and all single freemen above the age of twenty-one years, according to table below.

Take the enumeration of male dogs and all female dogs with their respective owners or harborers. Assess all dogs four months and over.

Your assessment must be made during the months of September and October and at no other time, and your books and papers must be returned to this office not later than Friday, November 9th, 1900.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale at Green's Pharmacy, Bellefonte, Pa.

We knew they would be very popular this season and consequently laid in an extensive line. The whole suit is cut on the Military Style, but we want to call particular attention to the high padded shoulders, in fact they are New Ideas and Swell Creations in the clothing line. They are the kind you are looking for but can't find in every store because we are the sole agents of

in Carpets, Mattings, Rugs or Curtains until you have read this.

A complete Carpet department is here for your inspection; a generous, well selected stock—calculated to please any prospective purchaser; prices advancing by easy steps from the lowest to our best grade. It is true, as you no doubt have found out, prices on all lines of goods have advanced—both wool and cotton having taken big jumps since last fall, but we have been fortunate in securing some exceptional values for this department. Wholesale houses having one or two pieces of a kind in stock are usually willing to sacrifice them in order to clear up a certain line of goods. By shopping around and picking up an odd piece here and there we truthfully assert we have the cheapest line of floor coverings ever shown in Bellefonte. When we tell you we will sell you a heavy rag or a fairly good quality Ingrain Carpet for 25c, we mean every word of it—not the same quality you get every place but an article far superior. When we say we sell you a strictly all-wool carpet for 50c, we don't mean a wool filling and cotton chain but a pure wool carpet, and at a price you will find nowhere else in town.

Consider this advertisement, but don't consider it as a bait to draw you to our store. Think what it means to you; its a question of economy; a saving of money; a chance to buy better goods and pay the same prices you have been paying for inferior ones. We'll do what we say. You come in; we'll do the rest.
