School Shoes

That Stand The Strain.

WE'VE just opened a line of the noblest shoes for school boys and girls that we have ever shown at any price—and these are not the most expensive sorts, either. The man who owns and runs the factory in which these shoes were produced has been a practical shoemaker all his life. He used to make shoes by hand and did loads of cobbling for school children. It was during his early days that he studied the needs of children and saw the need of better shoes than had been made for the youngsters.

The result of his thought and experience in this direction is manifested in these shoes. The shapes, toes, the addition of strength here and there where most of the strain comes, and the little touches of beauty make these shoes very much different and very much better than the commonplace, clumsy shoes usually turned out for children.

It pays for a pair of the best in the lot. Some are \$1.75, \$1.50, \$1.25 and \$1.00; all very low priced when the quality is considered. Will you come in and look at them?

Colyer.

Rev. I. J. Frederick, Lutheran minister at Spring church, and wife, left on Monday for home, after visiting among Mrs. Frederick's sisters, Mrs. John Lee and Mrs. Emma Forhinger, and also attended the funeral of her brother.

Christ Bitrix and daughter, from Illinois, are visiting at John Lee's home. Wm. M. Grove, Esq., was surveying some mountain land for J. B. Fisher, last Wednesday and Thursday. On Wednesday the family of J. B. Fisher and Tillman Klinefelter accompanied the men to the mountain and held a basket picnic which was enjoyed by all.

The fire last Tuesday caused quite an excitement at Polecat city. The fire raged so furiously that a number of homes were in danger. Miss Katie Boal, who applied her faithful hand to Mrs. Reiber's dinner bell for fully half an hour, succeeded in summoning about fifty men who soon had the fire under control. But the real heroes of the day proved to be the ladies of the city who worked very hard and spread the alarm among the neighbors.

Mrs. Susie Crater and daughter Sevilla, from Spring Mills, visited at J. S. Housman's over Sunday. Miss Sevilla will again resume her work at Mrs. George Ishler's as seamstress. Mrs. Mary Treaster and daughter Erma, and son Leslie, from near Bellefonte, were also the guests at the Squire's on Sunday.

Miss Ray Fisher and Miss Rebecca Spangler left last Wednesday for Baltimore to spend a few weeks with Ray's uncle and aunt, Mr. and Mrs. Hippie.

Miss Blanch Housman entertained some of her many friends on Sunday evening. Among them were J. J. Jordan and lady friend, Miss Sevilla Crater.

Wm. F. Rockey and wife spent several days in Snyder county visiting friends and relatives.

Colyer Mills band will hold an oyster supper and festival at Zion Hill on the evening of the 13th. All come if you want to hear fine music and have a good time.

Pine Creek.

Miss Annie Shaffer went to Millburg on Wednesday, to spend a week with friends.

Jacob Evert and wife and Adam Martin and family visited Saturday and Sunday before last in Nuttany valley with their friends, Emanuel and Nathan Corman's.

Jacob Moyer and wife, of Coburn, Sundayed at the home of Jacob Evert.

Clayton Corman, one of our fine looking and hustling business men, bought a car load of potatoes which he will ship to Milesburg this week.

Cyrus Meyer and wife and A. B. Geyer and wife, of Coburn, were the guests of Mrs. Jeremiah Winkleblech on Sunday.

Our people would be glad if that last correspondent would give some more items from Pine Creek.

Tom Bowersox, of Woodward, was the guest here of his brother Billy, on Sunday.

Michael Evert has very good melons for sale.

Jacob Evert finished husking corn this week.

We are informed that Edward Winkleblech, Clayton Corman and Summer Elsenhuth had quite a singing choir with their friend, Arbor Evert, last Sunday a week ago.

Runville.

A welcome rain fell on Saturday.

Rev. B. J. Hummel and family returned home from Pittsburg, on Thursday where they had been visiting relatives for the past two weeks.

Michael Sennet, Ed Poorman and James Lucas, are repairing and plastering their houses.

Everyone had to economize with water before the rain, as Wallace Run was dry for sometime.

Rev. B. J. Hummel has been returned by the conference for another year, as minister of this charge.

We have not forgotten you, Snow Shoe, and many thanks for your kind invitation, but we are too much pressed for time at present. Therefore excuse us.

Mr. and Mrs. Ed. Heaton are mourning the death of their baby, which occurred on last Friday evening, aged 6 mos and 9 days. They have our sympathy in this, their hour of bereavement.

Water Works.

Millheim is threatened with a water famine and the advocates of a borough plant are getting in long argumentative strokes. Fully 80 per cent of the wells are dry and many of the people are boiling the water from Elk creek for domestic purposes. If a vote were taken now there would be a decided majority for the water works. At Coburn the new company are laying pipe and soon will have the water flowing through them.

M'KINLEY'S LETTER.

The President Invents a New Phrase, But His Letter Has No Other Merit.

From the New York Journal. President McKinley's letter of acceptance resembles a folding bed with a piano front. When you look at it first you think it is a financial argument, but when you let it down you find that it is an apology for imperialism.

The Republican party has maintained that the silver question is the supreme issue of the campaign. The president has kept up that profession. Therefore, he begins his letter with a disquisition on finance. But he realizes that it would be ruinous to sit in a corner soliloquizing about one topic while the people were thinking and talking about another, and, therefore, after gliding lightly among a number of other issues, he settles down upon the subject of imperialism, and dilates upon it to the extent of 10,000 words.

Mr. McKinley is entitled to the credit of inventing a new phrase. He does not venture to say that the silver question is the chief issue before the people, but he remarks: "If another issue is paramount, this is immediate." He does not show, however, why it is immediate. He does not show that a Democratic congress would pass a free coinage law or that a Democratic administration could disturb the present financial system. It is true that he furnishes one more contribution to the exposure of the hypocrisy of Republican financial legislation when he says that it was framed as to be effective only "so long as those who adhere to this platform are kept in control of the government." But his own secretary of the treasury, in his sincere moments, could have told him that any apprehension of financial danger from Democratic success was purely fanciful.

Married at Oak Hall.

Wednesday 26th at noon the marriage of Miss Catharine Gilliland to Mr. Geo. Mitchell, of Lemont, took place at the home of bride's parents at Oak Hall. The ceremony was performed in presence of about a hundred guests. Miss Bess Thompson, of Lemont, and Anna Scheller, of Bellefonte, acted as bridesmaids, and Messrs George Thompson and Bruce Mitchell, of Lemont, as groomsmen.

Of course, a girl expects her followers to ask the leading question.

Sometimes "order in the court" means that the young man is to order ice cream.

The girl who is acquainted with several dudes certainly knows a thing or two.

Even the greediest of persons can't take both sides of an argument.
