Mrs. Annie Meyers and Mrs. Edith Conrad, who have been visiting among relatives and friends here for a month past, left yesterday for their respective homes at Alexandria, Louisiana and California, Missouri. Messrs. Milton and Charles Clark and Mr. and Mrs. Herbert Clark have also returned to Alexandria.

The New York Central railroad intends making several improvements at the weigh scales. Another new automatic weighing machine will be placed on the south side of the building which will admit of two trains being weighed at the same time. Several new long sidetracks will be placed at that point, making it available for a yard. A corps of engineers last week located a new water tank a short distance below the scales and measured the elevation of the intake pipe which will have its source in the Hoagans gaps of the Bald Eagle mountains over a mile distant, the mountain stream coming through it having been affected very little by the continued dry weather.

The Misses Fannie Stover, Catherine Wise and Margaret Weaver report having a very pleasant time at the Milton fair last week.

D. H. Rote, who has been housed in all summer, is in a critical condition at this writing.

Rev. Lewis Edmunds, of Canaan, Ohio, a former Reformed minister of this charge, is the guest of his brother T. Edmunds. He preached a very able sermon in the Reformed church on Sunday evening, and expects to fill Rev. Y. W. Brown's appointments on Sunday.

Spencer Edmunds, of Mazeppa, is visiting friends in the burg.

High Valley.

William Harter is on a strike—the coal trust is the cause.

The Highvalleyers were all at Samuel Harter's sale in Georges valley. The Eisenhuths were lucky enough to get a fine span of mules, and Jess Snyder got some of Mr. Harter's hogs.

Sammy Roop got a wife; that is right Sammy, let others do likewise.

William Meyer, the champion butcher from Millheim, was up in High Valley looking up some fat cattle. This is the place to find them.

Next week the High valleyers will be seen at Coburn to shake hands with

some Bellefonters, and to hear truth; as we seldom hear the truth.

Samuel Alter has finished sowing and says he is now ready to stump this valley, Ingleby and Rankletown.

A little girl called at William Coonsman's last Friday afternoon, and she will make her home with them.

Uncle Abe is out again as jolly as ever.

John Barker offers for sale two fine heifers, at Ingleby.

Mr. and Mrs. Shadle returned to their home in Williamsport, Saturday. Mrs. Shadle was called here about three weeks ago owing to the death of her father, John B. Bitner. Before leaving Mr. Shadle sold his handsome team of bay horses to J. Q. A. Kennedy, who now owns two of the finest teams in this section.

C. W. Bitner, of Manhattan, Ill., who was here to attend the funeral of his brother John B. Bitner, returned to his home last Friday. Mr. Bitner is one of the successful farmers of this section.

Another lawsuit, arising from the Centre Hall boro water plant, is on the tapis, between Sam'l Bruss and G. W. Barner. Barner was a tenant on the Bruss farm, and claims his water supply was thrown to the boro plant, by Bruss, in consequence of which he, Barner, was put to a great inconvenience to carry water for his needs, and to remunerate himself for damage sustained thereby, he kept part of the Bruss rent raised upon the farm, the latter contests his right to retain such rent.

Axe Mann.

Your former scribe will try and write the news for this town again.

Quite a rain we had on Monday, which helped to refresh the grass and settle the dust again.

Many of our people expect to attend the fair next week.

Daniel Rider and family moved to Carwenville, Pa., on Monday, and Mr. Zeigler, of near Pleasant Gap, moved in the house vacated by Mr. Rider.

DOGTORS' MISTAKES!

BRONCHITIS AND ASTHMA OFTEN MIS-TAKEN FOR CONSUMPTION.

SCIENCE HAS TRIUMPHED.

Catarrh, Asthma, Bronchitis, Throat and Lung Diseases can be cured.

DR. STITES, the great specialist, is daily demonstrating the truth of his statement by the almost miraculous results of the NEW TREATMENT.

The Wonderful New Treatment

Kills the Catarrh Microbes as soon as it reaches them. Asthma, Bronchitis and many stomach troubles are caused by the venomous Catarrh germs, and as soon as they are destroyed all other troubles gradually disappear.

DR. J. K. STITES.

No. 21 North Allegheny Street, Bellefonte, Pa., Nose, Throat and Lung Specialist

Many patients treating for consumption are really only suffering from catarrhal bronchitis, a cold on the chest that goes down on the lungs and becomes chronic only from neglect, a hacking cough, a slight shortness of breath, spitting up mucus, associated with that languid tired feeling. These cases are often mistaken for consumption, but if they only would take DR. STITES' NEW TREATMENT in which the healing oils are applied by inhalation directly into the tubes of the lungs, and not fill the stomach full of medicines which does them more harm than good, they could be cured.

In a short time winter will set in with its usual large crop of coughs and colds, and those who are suffering from catarrhal diseases are in great danger. Now is the time. One month of the NEW TREATMENT at this season may save you much suffering and doctor bills during the fast approaching winter.

NOTICE.—The offer of one month's free treatment is only to those applying up to the 20th of this month and includes all medicines. This is only done to justify Dr. Stites' claims for his NEW TREATMENT.

No trouble to examine you and tell you the probabilities in your case, whether you take treatment or not.

A BELLEFONTE YOUNG MAN LOUDLY PRAISES THE NEW TREATMENT FOR BRONCHITIS.

I have had a bad case of catarrh and bronchitis for some time, was always taking cold and had to hawk and spit most of the time, then pains in the chest set in and at last a bad cough which got so bad that I coughed incessantly. I tried ever so many things, but nothing did good, in fact, I got worse; so I thought I would try Dr. Stites. And now, after only a few weeks under his NEW TREATMENT, I am a different person. The few weeks' treatment did me more good than all things I had tried for the last two years together. It seems this NEW TREATMENT goes right to the spot, it searches out all the sore places and heals them. It is a great invention and I am sure the Doctor will make a great success of it.
