MINGLE'S SHOE STORE, Bellefonte, Pa.

Fires in Clinton County.

The plant of the Lock Haven Wood Working company, together with the old mill plant, were destroyed by fire Saturday afternoon. The flames were first discovered in the sawdust and shavings under the floor near the eastern end of the building. As the building was of frame and all the material for handies was dry, the flames reduced the building to ashes in a very short time. The estimated loss is placed at \$10,000. The insurance is \$5,000.

The large brewery in Carrotown belonging to Henry Swope, was totally destroyed by fire Friday afternoon. The fire was discovered about 2 o'clock and in two hours the brewery was a total loss. The damage amounts to \$15,000—\$10,000 on the brewery and \$5,000 on an ice machine which it contained. The former was insured for \$7,000 and the latter for \$3,000. The fire was discovered at the back of the building. Its origin is unknown.

Over a Precipice.

Justice George B. Cooper, of Hollidaysburg, had a miraculous escape from death Monday night. He attempted to drive home from Bedford county over Tussey mountain in a blinding rain. In the darkness Mr. Cooper's two horses wandered off the road and fell over a precipice 400 feet to the mountain. The horses were killed, and when Cooper recovered consciousness he found himself lying on the dead horses, bruised from head to foot but with no bones broken. Squire Cooper will sue the township for heavy damages for keeping such a dangerous roadway unguarded.

## CORRESPONDENTS DEPARTMENT

CONTINUED FROM 7TH PAGE.

### Coburn.

Mr. Newton Braucht and family, of McElhattan, are here on their annual vacation. Newt is making use of his bird dog, and the game must keep out of his reach or he will surely claim it, as he is an old sportsman.

Mrs. D. M. Rockey, of Tylersville, is still circulating in town and calling on her many friends.

Jos. B. Wagner and family spent a few days at Colyer. Glad to note that his younger child, which had been sick for several weeks, has recovered.

Summer Eisenhuth is still lingering with typhoid fever, but at this writing is reported on a fair way of recovery.

R. F. Vonoda, wife, and son Boyd, of Reading, Pa., arrived at this place on Tuesday evening and were conveyed to Rebersburg to attend the funeral of Mr. Wm. Walker, on Wednesday.

Miss Jennie Condo, of Spring Mills, is making her present home at S. R. Kings.

Sam Roop says, "No hay seed on my head? Wonder why? A little girl came to his house and she calls him 'papa'. Sam is singing 'Hello my Baby'."

Quite a few of our old hunters were up and out by moonlight on Monday morning to get the first shot at the birds, but in the evening they came home hungry and tired. The birds of the kind are not numerous. Our best sportsman on the first day was Jos. Vonoda; he had two pheasants and two grey squirrels.

Two young men of Spring Mills, Pa., came to our town one Saturday evening and seeing some of our fair young girls decided to try their luck. They came to a conclusion that they were very hungry for "melons" so they went to Uncle for water melons, (and they ate until morning) suppose they were very hungry, come again boys.

### Millheim.

Miss Pauline Schrock, of New Berlin, is visiting relatives and friends here.

Robert Smith, of Philadelphia, is home on a vacation.

Mrs. John Musser and children, of Wilkesbarre, are visiting her sister, Mrs. J. C. Smith.

Miss Sallie Ulrich, of Bellefonte, visited Miss Bessie Musser, over Sunday.

J. A. Brungart, on the Reinsnyder farm in Brush valley, has some wheat that is over two feet high, put out the beginning of Sept.

J. P. Condo and A. A. Frank, two of our merchants, are in the city this week for their fall and winter stock.

Mr. and Mrs. Sam'l Haupt, of Milton, stopped at the Musser House Tuesday night, on their way to Huntingdon by private conveyance. He left here in 1861.

Mr. and Mrs. Isaac Brown, and his sister, Mrs. Smith, are visiting at Henry Browns' on Main St.

James Nungesser and wife, of Berwick, spent Monday night in town. Mrs. Nungesser is the oldest daughter of Rev. J. J. Lohr, formerly of this place, and her marriage took place last Thursday at her home. The band serenaded them, also the calthumpians later.

The first accident on the Main street canal occurred on Tuesday noon, when T. G. W. Edmuud's horse, of Aaronsburg, tumbled into it, and more will follow. And as soon as the water will raise the east end Main streeters must get boats or gum boots to pass over it.

Mr. and Mrs. Elmer Noll and daughter, of Lancaster, were visitors at L. J. Nolls.

On Monday morning the hunters were out bright and early and there was a continual firing along the mountain, but no game of any account was brought home.

Our town is very healthy now, no sickness of any account, except several chronic cases.

### Hunters Run.

Mrs. David Bechdel entertained her friend, Mrs. Barry, from Bellefonte.

Mrs. Melvin Schenck, of Clearfield, is visiting at the home of her parents, Wm. Schencks.

Misses Anna Bechdel and Leah Haines attended the Epworth League convention in Howard, as delegates from the Ruth Chapter.

A little visitor has come to the home of Wm. Schenck, Jr., and from all appearance will stay.

Miss A. M. Bechdel and Charles Weaver purchased new buggies recently.

The saw mill was removed from here to Nittany, from whence it came last spring.

Mrs. Harry Reigal spent Sunday in Williamsport.

Mrs. Harry Coder is in feeble health. George Coder is home, after a prolonged absence.

Everybody wanted to attend the county fair this week.

Mr. and Mrs. Benjamin Brown will soon move into their new house in Blanchard.

The sub-district convention of the Epworth League was held in Howard, Oct. 9 and 10, which was a success socially and religiously. Each chapter in the district was represented by two delegates. They all gave good reports of the work done during the past year. Rev. H. C. Pardee, D. D., gave a lecture on Tuesday and Rev. F. W. Biddle lectured on Wednesday evening; the church was crowded both nights and the audience was delighted with the lectures. The convention will go to Milesburg next year.

### Beech Creek.

Wilson Forney is confined to his bed by a serious illness.

J. S. Hall transacted business in Philadelphia last week.

Samuel Mortimer, Jr., is seriously ill with typhoid fever.

J. W. Beecher's railroad up the Scootac creek, is graded as far as Mill run, and ready for the rails which will be laid next week.

Ed. S. Mobley will replace the store building which was destroyed by fire last April with a two story structure. The first floor will be arranged for store rooms and the second floor will be fitted up as a hall, something this town needs.

### The Pumpkin Contest.

The third annual contest inaugurated by Montgomery & Co., in which prizes were awarded to the farmers in Centre county raising the two largest pumpkins, was closed Saturday afternoon.

There were 25 pumpkins of all kinds and size entered. The judges were John C. Miller, Christ Decker and W. G. Runkle.

The pumpkins were weighed and it was found that A. O. Detweiler, of Tusseyville had the largest one. It tipped the beam at 68 lbs. On being questioned however he stated that he did not raise this pumpkin himself. This lost him the prize as the rules are that the contestant must raise the pumpkin himself from seed furnished by Montgomery & Co.

The next largest pumpkin was owned by W. C. Eby, of Zion, weight 59 lbs., and he was awarded the first prize, his choice of a \$10 suit or overcoat. The second prize went to Simon Parsons, of Milesburg, whose pumpkin weighed 56 lbs. The second prize was a suit or overcoat valued at \$5.

All the other contestants received as a prize their choice of a dinner pail or an egg carrier.

### Hunting Season.

Monday everybody who could get a gun seemed to be out in the woods banging away at all kinds of game. The reports thus far indicate that there is the average amount of game, such as squirrels, pheasants, quail, while wild turkeys in the upper part of the Bald Eagle are quite plenty and a large number were killed on the first day. In the vicinity of Unionville it is reported that thirteen were killed and a number of hunters got two the first day, which is the legal limit. Squirrels were plentier down Nittany valley where a number of nimrods scored over a dozen the first day. A party of four from Salona came home with thirty-one, and it is supposed, at least, that they did not buy any of them. Quail hunting on the preserve of the Nittany Rod and Gun Club was good and a number got the full limit, of 15 the first day. There were plenty of hunters out who came home without a bit of game and that always happens, but they all agreed in having had a delightful hunt.

### No Bird This Year.

Under the provisions of the law of Pennsylvania, supplemented by the Lacy act of Congress, quail, pheasants and similar game cannot be sold in Pennsylvania even steaming hot and "on toast." In other words the Act of Assembly forbids the selling of a bird under any circumstances, but in the shooting season birds were hitherto sold under the pretense that they were brought in from another state.

The Lacy Act of Congress provides that the moment a bird crosses the line of any state it comes under the law of that state. That means that birds from West Virginia or any state are subject to the provisions of the Pennsylvania law when they come into Pennsylvania and that law prohibits the sale of them under any circumstances. The sportsmen claim that such regulations are necessary in order to prevent the extinction of the game.

### Very Few Shipments of Hard Coal.

Very little coal is being sent down the Philadelphia and Reading railroad. Now and then a few cars are noticed in the freight trains going south. Never before was there so little anthracite coal in the Reading company's yards. The sidings, outside a few hundred cars held at Tamaqua and Cressona, are entirely bare of coal. This coal, it is understood, is subject to the order of the management of the company and is held as "emergency" coal. This represents about one-eighth of a full day's mining with the collieries on full time. The Schuylkill valley industries, which have in the past used hard coal, are now stocking up on soft coal. It is doubtful whether some of these mills will go back to the use of hard coal at the end of the strike.

### Rain Makers Wants a Job.

Dr. Kreymborg, of Carlisle, a chemist who claims to understand how to make rain by the use of chemicals writes to Chief Burgess Mickey, of Shippensburg, which town is badly in need of water as follows: "I notice you need rain in your town. Now don't put this down, but persevere to the end. I make the following proposition; I will come to your town, bring my rain-making apparatus and produce rain for ten miles square for the cost of acids, chemicals, etc., transportation and expenses. It costs about \$200 for copious rains." Now here is an opportunity for the Clearfield raftsmen to get a flood sufficient to bring the rafts to market.

### He Talks Backwards.

John Schuck has just been removed to the county house afflicted with one of the most singular forms of dementia known to science. His condition is the result of striking his temple against the top of a ladder six weeks ago at Oil City. Schuck, who is of powerful physique, has an hallucination that he is still at the top of the ladder on which he was injured. His mental condition also prompted him to perform every act, and make every movement backwards, also causing him to talk backwards. Outside of these strange actions Schuck is apparently rational.

### Activity at Poe Mills.

The present lumbering contract of the Ashland Lumbering company, at Poe Mills, which has given that vicinity life for the past eight years, is nearly exhausted. Reichly Bros., of St. Clair, Pa., have negotiated for the rolling stock and tramway of that company, to be used in hauling the lumber from the Beecher & Sober timber tract, located west of the Lewistown and Bellefonte turnpike and near the Faust hotel. It will require ten years to get the timber to market. From the timber to the railroad at Poe Mills it is about twenty-three miles.

It was at one time thought that the railroad would be built from this timberland to Centre Hall and the timber delivered to the Lewisburg & Tyrone railroad at that point. Messrs Reichly, however, preferred to use the narrow gauge road which runs to Poe Mills, and they already have men working on each end of the road putting the track in good condition. Parts of the engine were sent away to be repaired, and when they are returned, operations will be commenced.—Journal.

### A Horse Stolen.

A horse thief is at work in Blair county. About 6.30 Sunday evening a bright bay horse was stolen from the barn of Mr. Shaw, who resides between Newry and Catfish. The animal was led away by the halter. Later in the evening an unknown man was seen leading a horse through Freedom and it is thought it may be the stolen animal. The police authorities were notified to keep a lookout for the horse, that \$50 reward would be paid for the animal's return to the owner, and \$100 would be paid for the arrest and conviction of the thief.—Altoona Tribune.

### Good Scheme.

The borough council of Huntingdon at its last regular meeting again voted to enforce the "curfew ordinance," and directed that the whistle at the electric light works be blown at 8 o'clock each evening as a signal for all children under the age of 16 years to be off the streets, unless accompanied by parents. The chief of police and all extra policemen were notified to see that the ordinance is rigidly enforced. Why not give the curfew a trial in Bellefonte, it has its crop of late-out-at-nights street urchins too?

### 49th Reunion.

Next Thursday 25th the surviving members of the 49th Regiment of Pa., Volunteers will hold their annual reunion at this place. The business meeting will be held in Gregg Post room, and all comrades are invited to participate. Camp Fire will be held in the Court House in the evening and to which the public is cordially invited. Address of welcome will be made by Hon. John G. Love, and the response by comrade W. Miles Irvin, of Williamsport.

### An Epidemic.

An epidemic exists in the vicinity of Jersey Shore that has killed a number of hogs, and the rapidity with which it has spread causes much anxiety among the owners of porkers. Of the nature of the disease no one seems to know anything more than that the pigs are found dead in the sty. There is some talk of holding a post mortem over one of the animals to discover the cause and nature of the affliction.

### A Serious Accident.

Mrs. Josephine King, of Allenville, Mifflin county, on Saturday afternoon of last week while descending the stairway in the rear part of the house, fell the full length of the stairway to the first floor, breaking her left forearm near the wrist. She was also badly bruised on the back and side of the head and rendered unconscious, in which condition she remained for several hours.

### Fire at Vicksburg.

Vicksburg had a disastrous fire on Monday night 8, which entailed a loss of several thousand dollars in the destruction of the general store and postoffice of James K. Reish, and the dwelling occupied by James K. Reish, and the dwelling occupied by Charles Erick, and the large implement house of P. A. Baker. Insured.

### Increasing.

The capacity of the Harrison Hosiery factory at Millheim will be increased at once. The management accepted the largest contract ever known to have been closed by a factory of the capacity of the Millheim concern. As the operatives are becoming more expert their wages are advancing. It is just such an enterprise that benefits a town.

When the copper is a bad penny he isn't worth a cent.

A girl who can't sing and won't try to sing is a "bird."

STATE OF OHIO, CITY OF TOLEDO, ss. LUCAS COUNTY.

FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1880.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

# DOGTORS' MISTAKES!

BRONCHITIS AND ASTHMA OFTEN MISTAKEN FOR CONSUMPTION.

SCIENCE HAS TRIUMPHED.

Catarrh, Asthma, Bronchitis, Throat and Lung Diseases can be cured. DR. STITES, the great specialist, is daily demonstrating the truth of his statement by the almost miraculous results of the NEW TREATMENT.

The Wonderful New Treatment

Kills the Catarrh Microbes as soon as it reaches them. Asthma, Bronchitis and many stomach troubles are caused by the venomous Catarrh germs, and as soon as they are destroyed all other troubles gradually disappear.

DR. J. K. STITES.

No. 21 North Allegheny Street, Bellefonte, Pa.,

Ear, Nose, Throat & Lung Specialist

Many patients treating for consumption are really only suffering from catarrhal bronchitis, a cold on the chest that goes down on the lungs and becomes chronic only from neglect, a hacking cough, a slight shortness of breath, spitting up mucus, associated with that languid tired feeling. These cases are often mistaken for consumption, but if they only would take DR. STITES' NEW TREATMENT in which the healing oils are applied by inhalation directly into the tubes of the lungs, and not fill the stomach full of medicines which does them more harm than good, they could be cured.

In a short time winter will set in with its usual large crop of coughs and colds, and those who are suffering from catarrhal diseases are in great danger. Now is the time. One month of the NEW TREATMENT at this season may save you much suffering and doctor bills during the fast approaching winter.

No trouble to examine you and tell you the probabilities in your case, whether you take treatment or not.

A Sufferer From Asthma Testifies to the Good the New Treatment has Done to Her. DEAR DR.—It has been two months since I commenced to take your treatment, and I hardly know how to express my gratitude for the wonderful curative powers of your remedies. I had been a sufferer of that dread disease asthma for years and had tried a great many doctors and they said they could not do anything for me. While in Bellefonte this summer I saw your advertisement in the papers and I thought I would go and see you and shall never regret it, for before I commenced your treatment I could not lie down at night and could not sleep, for I would have to cough the whole night and gasp for breath, and now I can go to bed and sleep and do not cough any at all. I hope all that read this will do as I did and be cured. Respectfully, MRS. JOHN HEER, Johnstown, Pa.

Consultation and Preliminary Examination Free. Hours 9 a. m. to 8 p. m. No Incurable Diseases Taken.

# THE GLOBE

DRY GOODS, MILLINERY & CARPETS.

## HELP

Appreciate these offerings by telling your friends and neighbors about that 75c. Cheviot Katz's are selling at 59c. Some one appreciates them or we would have five pieces left instead of only two. Here are some more extra good things:

### Women's Tailor-made Suits

Must close out entire Fall and Winter line. Some very choice things at very low prices. Our One-third Off Sale brings a fine Suit to the price of a cheap one. No need of buying inferior goods and paying big prices. Come here first; if prices suit goods surely will.

Women's Black Cheviot Suits, all wool, sponged and shrunk, 1/3 off sale. . . . . \$6.75. Grey and Oxford Suits, 1/3 off sale. . . . . \$4.98.
