Runville.

Mrs. Lydia Hampton, of Bellefonte, visited relatives at this place last week. Mrs. Julia Wagner, of Altoona, visited friends at this place on Thursday and Friday of last week. Mrs. Annie Witherite visited her parents Mr. and Mrs. E. Hagg, at Milesburg last week. Mrs. Yearick, who has been on the sick list is some better at this writing. On last Saturday the neighbors turned out and gave Joseph Iddings a party in the shape of a corn husking. As Mr. Iddings is not able to be out of the house it was appreciated very much by him. The party was served with a fine dinner and supper. One of our gentlemen is getting up so that he gets his wife's napkins for a kerchief. Ha! Ha! No. 2 thinks he is all right so does No. 1. Wm. Shawley and wife, of Yarnell, visited relatives at this place on Sunday. The farmers about here should be watching for those cider fellows, who made themselves so important S. T. and T. B. seem to be the guilty parties, although they declare to be innocent. We believe T. B. to be the guilty one as he went in a more quiet way than the others and then drank the cider when the others had carried it home. We advise you to take warning from this for if caught at the act again you will—well it is hard to say what will be done with you. So look a little out.

Runville No. 2.

The grain looks well at this writing. The quilting at Mrs. Shirk's was not very well attended, last Friday. The celebrated "pig's ear" of this place is rather bummy. One of our bright young students has just received a promotion of dictator for the school. The secret mail service is in operation as there have been a couple young ladies discovered handling letters on the freight. We are on to your tricks and will get some of the replies if it is not stopped, and will have the same published. If it is not fit for mail, lawfully, it is not fit at all. Uncle Sam should get some new post-masters as he has some who can't lick a postage stamp. The doctor is most annoyed when he gets out of patients. During the past week three men were caught taking cider barrels not belonging to them. They should be called cider slippers. It is almost six months since the telephone was put up here and still we have no "Hello" machine. Certain lady is wearing mourning on account of the marriage of her future in tended. I wish I were a bird, she sang in tones both harsh and jerky. We grabbed a blade and softly said, I would you were a turkey.

Poe Mills.

Fayette moved away in another house, where she has newspapers for sash curtains. A preacher comes to see the daughter. Another man moved in the house vacated by Fayette. William Lingle moved his family up to the mountain church, out of our town. Mrs. Agnes Billmeyer moved to Seaton, Somerset Co., with her family, where she is located in a boarding house. We have church and prayer meeting, sometimes, in the mountain. A few couples of our town were away on a visit, we wish them a grand time. The chestnuts are about over for this season.

Miss Koch, of Fairbrook, is visiting at J. P. Condo's. Hon. and Mrs. S. R. Peale, of Lock Haven, were guests at the Musser house over Sunday. Since the construction of the canal on Main street it will require an arc light to get through that part of town. Quite a number from town attended the David Ruhl sale at Spring Mills, expecting to buy hogs, but as there were more buyers than hogs some got left. Miss Ida Williams, of Loysville Orphan school, visited her sister, Mrs. H. C. Rothrock, over Sunday. W. H. Musser told the scribe that the party who left his vest in the chicken house could have the same by calling for it. Henry Miller was the first one to fish in the new dam, and he can tell the kind of bait it takes. A party of hunters from Millersburg had been here over a week but did not find much game. Corn husking is about over and the yield was from 25 to 100 bushels to the acre, or a little over half a crop. The democratic meeting on Thursday evening was a grand success. The hall was crowded and a great many were unable to get in. Mr. and Mrs. James Hoover, from Millinburg, visited relatives and friends in town last week. David Nyman brought his lately wedded wife here on Monday, and started in housekeeping on North street. The band serenaded them in the evening and after they were through the calistumpians were on hand but their music was not so entertaining. Jona Harter returned from his western trip Tuesday. Rev. Dan'l Kreamer died at Shanton, Ill., last week at the age of 76 years. He was a son of Dan'l Kreamer and was born and raised here. He left a widow and several children to mourn him, also two brothers, Elias at Winfield, Pa., and Henry N., Ill. Rev. H. C. Hartzler, of Harrisburg, very ably filled the Evangelical pulpit on Sunday evening.

Aaronsburg.

The Lutheran congregation, of this place, held communion services both morning and evening last Sabbath, which were attended by large audiences. Mrs. Forster, accompanied by her two children, Mazie and John, spent last Saturday with Mrs. Dr. VanValzah, at Spring Mills. James Weaver and family, of this place, spent Sunday last at Spring Mills. At this writing those who are on the sick list in our town are all convalescing, with the exception of Squire Rote, whose condition remains unchanged. Rev. F. W. Brown, of the Reformed church, has been granted a month's vacation by the different congregations on his charge. Mr. and Mrs. H. H. Weaver spent a day last week at Fiedler with the gentleman's son George. Jared Harper and wife, of Bellefonte, spent several days in our town last week visiting among their friends and relatives. Miss Hettie Small left for Spring Mills last week where she expects to spend a few weeks with her brother Herbert. Quite a number of our citizens attended the democratic meeting, held in Millheim, last Thursday evening and all were more than delighted with the elegant address delivered by Prof. Lybarger. After spending a few months in Lock Haven Miss Edie Kreamer returned to her home in this place last week. Prof. L. E. Boob and family returned home last week from a two week's visit with friends and relatives in Snyder county. Editor Tom Harter, of the Bellefonte Gazette, was in town Sunday on his way home from Ohio, where he attended the funeral of his brother Israel. The chestnut crop in this immediate vicinity is reported very good and quite a number have been shipped to the eastern markets. They are selling at 5 cents per quart. While in Philadelphia last week merchant Henry Phillips had the pleasure of listening to our next president, Wm. J. Bryan, and was much taken with his able talk. Miss Smith arrived in town last week and is now busily engaged in trimming hats for Miss Catharine Franks, our accommodating milliner, whose place of business is crowded with work. Miss Smith needs no introduction to our people, as her valuable services and ability as a trimmer are well known, this being her second season here. Miss Franks stock comprises all the latest in up-to-date millinery and her prices are as heretofore, low as the lowest. Give her a call and see for yourselves.

Rebersburg.

Rev. W. W. Sholl, of Westport, made a snapshot visit to his parents last Friday. Last week while Emmon Breen was crossing the mountain between our burg and Tylersville he saw a monster bear. Our people should remember the election. Our people seem anxious to have a rural mail delivery and will do their part if Uncle Sam is willing to do his

part. I hope there is no such a foolish person who would not want it.

part. I hope there is no such a foolish person who would not want it. tion next Tuesday, and all come out and vote. Miss Stella Ocker and friend, of Centre Hall, were spending Saturday and Sunday with Stella's grandparents, Keuben Gramley's. That democratic meeting last Wednesday evening was a grand success. The chief speakers were Capt. Taylor and D. F. Fortney, of Bellefonte. John Royer, one of our wide-awake farmers, entertained Union county guests Saturday and Sunday.

High Valley.

William Sheesley has his mill ready for business. William Alters is in the valley building a cooper shop for his brother Samuel. Adam Ulrich and his wife, of Altoona, are visiting his father in the valley. Adam is still a Bryan man. Thomas Harter, editor of the Bellefonte Gazette, passed through Coburn on Saturday. Mr. Harter is still full of jokes and believes in McKinley's election, but he is mistaken, not so? The real estate agent left Rankelstown and made his home with his brother, near Pine creek. It is rumored that a social dance will take place at Elizabeth Hartware soon. It is supposed that uncle Abe will have an invitation. John Hoover, of Georges valley, visited his daughter, Mrs. John Eisenhuth, on Sunday. Michael Evert, from Coburn, was a welcome visitor at Em'l Eisenhuth's on Sunday. Mr. Evert wished to have an invitation to the High valley dance. He says he will be there anyhow, as he says he enjoys dancing. The Ingley scribe made a narrow escape on Saturday evening. He was bound to make his way through the window and right through a mud pond, knee deep, and Mr. Keen after him with a stick of stove wood. The Georgetown scribe claims that pork will not be over ten cents by butchering time; he said he often took notice when the frogs sit on the fence during the day meat will be cheap. William Crider, the Coburn champion game hunter, was in the valley on Saturday, what his luck was I cannot tell. Samuel Alter will make one speech before the election and wants the scribe to assist him—all right, Samuel.

Corn husking is about over. Next will be buckwheat eakes and fresh sausage. John Wetzel, candidate for assemblyman, was in our town between trains shaking hands with his many friends. Geo. Mowery, of Lewistown, has started in the livery business in D. H. Ruhl's stable, he has first class rigs and good turnouts. Election is close at hand. Democrats turn out and cast your ballots. Vote the straight ticket as we never had any better. R. G. Kennely, the crack shot, brought down three fine wild turkeys—that is, if they were not some farmer's tame turkeys. Cure Your Cold While You Can Is it not better to cure your cold while you can, in its incipency, rather than take the chance of its resulting in pneumonia, catarrh or consumption; all of which diseases begin with a cold and may be prevented by curing every cold at the start? Chamberlain's Cough Remedy can always be depended upon. It is pleasant and safe to take, too. For sale by Green's Pharmacy.

Blanchard Zimmerman left last week for the state of Montana where he will spend the winter with a sister in the hope of improving his health. A number of her friends spent Thursday with Mrs. John DeHaas, the occasion being the anniversary of her birth. An enjoyable time was the result. The new public school building at Eagleville will be dedicated with appropriate ceremonies Friday evening. Lieut. Grier P. Mobley last Wednesday submitted to a surgical operation in the government hospital in Washington, D.C. The operation was very successful. Garfield Glossner, one of the teachers of the township schools, was taken by surprise last Friday evening when a merry party of young people assembled at the home of his father, Mr. Fred Glossner, and helped him celebrate his birthday. The occasion was the source of much enjoyment. The wreck drew great crowds of spectators; some driving long distances. The two weeks of hunting season for small game which has passed has resulted in the killing of a considerable number of quail in this vicinity, mostly in the valley farms and meadow land. A smaller number of pheasants than usual have been killed thus far, while only a very few wild turkeys have been shot. Squirrels are frequently shot hereabouts, particularly on the Bald Eagle mountains but are not as numerous as other years when nuts were more abundant.

Penn Hall.

Our farmers are through husking corn; next in order will be the squeal of the porker. C. P. Long is putting a sawmill north of town on a tract which he recently purchased from John Stoner, of Millheim. Communion services were observed in the Evangelical church on Sunday morning. Rev. Newhart of Ocean Grove, N. J., officiated and preached a very appropriate sermon. These services were very largely attended. Grover Musser who has been sick for quite a while is, we are sorry to say, not fast improving. Wm. S. Breen and family, of Flemington, were the guests of Jno. T. Wate and H. H. Stover, Sunday. We don't know whether our hunt of last week, in reference to attending Sunday School, was the cause of it, but there was

MILLIONS OF CATARRH VICTIMS.

Can You Realize It? Are You One of Them? Catarrh the National Disease.

There were less than 10,000 Catarrh Victims in the land twenty-five years ago. To day there are over twenty million. It has become a NATIONAL DISEASE. CATARRH is everywhere. In every city, town and hamlet. On every mountain, in every valley and plain; in forest and prairie. The rich, the poor, the business man, the mechanic, the laborer, the mistress, the maid; it knows no class, no sex, no station. It is the universal malady, the yellow distemper, the disease that is the parent of nearly all other diseases, the slow but sure yellow death, the curse of the land.

Urgency.

Something must be done to arrest this rapidly spreading scourge and done quickly. Each individual must wake up, each community must wake up, the nation must wake up and take prompt action to stay the progress of the plague. The one remedy that has been found able to cope with this putrid disease and stay its ravages is Dr. STITES' New Treatment. For fifteen years its march has been a march of triumph. Its cures are permanent and are numbered by tens of thousands. For every disease the good Father has given a sure antidote, if we can find it. The antidote for Catarrh has been found in Dr. STITES' New Treatment. It destroys the Catarrh microbe. It clears the head of foul mucus. It makes the throat and discharges immune (non-contagious); relieves the asthma and gradually heals the ulcers, the running sores in the head, thus stopping the dropping into the throat. At the same time the cough, the asthma and bronchitis and sore throat will disappear, also, all stomach trouble, caused by constant swallowing of the putrid Catarrh pus. And, as your organs change to strength and will become healthy, your weakness will change to strength and vitality and you will be like your old self again.

DR. J. K. STITES.

Millions.

If twenty millions of our people had small pox, typhoid fever or cholera what a cyclone of excitement and horror would sweep over the land. What a rush to get away from it, and what a mighty effort would be made to stamp it out. Catarrh is worse than either of them. They do their work quick and it is over, while Catarrh hangs on forever and leads to sure death in some form unless the germs are destroyed and driven from the system. These germs or microbes entrench themselves in the deep and tortuous passages of the head, a veritable Santiago de Cuba, and Dr. STITES is the only "Samson" that boldly attacks them in their stronghold and compels a surrender of the last microbe. With the head rotting away, the whole system soon becomes impregnated. It is the parent of nearly every other disease. Catarrh of the Head, Nose and Throat absolutely cured, and the poisons of the disease completely eliminated from the system by the New and Better Treatment administered by Dr. STITES. No Injurious Medications, no PAINFUL OPERATIVE TREATMENT, no Acid Sprays, no Caustic Burnings, no Experimenting. Deafness, All forms of Catarrh, Asthma, Successfully Treated.

A Sufferer From Asthma Testifies to the Good the New Treatment has Done to Her.

DEAR DR.—It has been two months since I commenced to take your treatment, and I hardly know how to express my gratitude for the wonderful curative power of your remedies. I had been a sufferer of that dread disease asthma for years and had tried a great many doctors and they said they could not do anything for me. While in Bellefonte this summer I saw your advertisement in the papers and I thought I would go and see you and shall never regret it, for before I commenced your treatment I could not lie down at night and could not sleep, for I would have to cough the whole night and gasp for breath, now I can go to bed and sleep and do not cough any at all. I hope all that read this will do as I did and be cured. Johnstown, Pa. Respectfully, Mrs. JOHN HESS.
