

clusive, but the strong indications that New York and probably Illinois had gone for McKinley was received with great satisfaction.

BRYAN SLEEPS PEACEFULLY.

Takes an Evening Nap While Awaiting the Returns. Lincoln, Neb., Nov. 7.—Mr. Bryan received election returns at his residence in this city. His house was fairly over run with newspaper men and telegraph operators. Not only was the first floor of the house largely given up to them, but two of the rooms in the second story also. Four telegraph wires were run in the house. At 8 o'clock when the newspaper men congregated at Mr. Bryan's house sought to secure a statement from him, they were told that he had just gone to sleep and could not be disturbed. When he retired to his own room he glanced over the returns with apparent interest and then expressing a desire to make up some of the rest he had lost in the past few weeks, lay down and was asleep in less than five minutes.

Mr. Bryan remained in his private apartments during the entire evening and slept the greater part of the time. He did not make his appearance in the parlor of his house where the newspaper correspondents were congregated, until 11 o'clock and his coming at that time was for the purpose of notifying the press that he would have nothing to say for publication during the night. He added that he might possibly give out a statement today.

After this assurance, the visitors withdrew and soon afterwards the lights were extinguished and the house presented no signs of animation. Mrs. Bryan spent the evening entertaining her company and gave no sign either of fatigue or disappointment.

Democratic Gains in Massachusetts.

Boston, Nov. 7.—President McKinley has carried Massachusetts by about 80,000 plurality, a reduction of nearly 100,000 from that of four years ago. The Republicans have elected ten and possibly eleven of the congressmen, a gain by increased plurality over 1896 but in the majority of the districts their candidates ran behind those of four years ago. While the total vote for governor was somewhat behind that given the national candidate was re-elected by a somewhat larger plurality than that received by President McKinley. The reduction in the Republican plurality was due not so much to the falling off in the party vote, but the return of the so-called Gold Democrats of 1896 to the regular Democratic ranks. The Republican vote showed a net loss of about 15 per cent.

Indiana's Republican Majority.

Indianapolis, Nov. 7.—Indications point to a Republican majority in Indiana. A very heavy ballot was cast in the state. Aside from the clash in Clay county, where one man fell dead with 20 bullets in his body, the election passed off without incident. Col. W. T. Durbin, the Republican gubernatorial candidate, ran very close to the national ticket. Ten precincts in Marion county (Indianapolis) show a net gain of 251 for McKinley over 1896. The same ratio, if maintained, would give McKinley the county by 8,000 majority. Democratic congressmen have been elected in the Second and Third districts, while Republican congressional candidates were successful in the Sixth, Eighth, Tenth, Eleventh and Thirteenth districts.

McKinley's Ohio Vote Unchanged.

Columbus, Nov. 7.—At midnight less returns were received than at any previous election in Ohio at that hour. This is attributed to the unusually large vote and the full county and district tickets. There were seven tickets of presidential electors and five state tickets. Out of 3,109 precincts in Ohio the state committee had heard at 10 o'clock from less than 200 and from very few county committees. Indications are that there will be no material change in the vote of 1896, when McKinley had a plurality of 153,000. McKinley's county gained 1,000.

Bryan Gains in Rhode Island.

Providence, R. I., Nov. 7.—On an increased vote Bryan has made considerable gains in Rhode Island. McKinley's plurality of four years ago was 22,978. Only half of the 143 districts in the state have been heard from, those missing including most of those in the cities, with most of the 59 in Providence. McKinley's plurality will be about 20,000, it is believed. Providence, which in 1896 gave McKinley 8,211 plurality, while electing a Democrat mayor, has elected Granger (Dem.) by a plurality of less than 1,000. In 1896 every city and town in the state gave McKinley a plurality.

Both Sides Claim Kentucky.

Louisville, Nov. 7.—Both Democratic and Republican claimants claim the state, though they furnish no figures in support of their claims. The Louisville newspapers make claims according to Hushbeek, Rep., another Democratic or Republican ticket in the campaign just closed. McKinley's majority is 180 out of 209 precincts in Louisville and the county is 4,059. In the same precincts, the majority of Yerkes, Republican candidate for governor, over Beckham, Democrat, is 4,498. The Democrats are claiming gains out in the state.

Nebraska May Be Republican.

Omaha, Nov. 7.—At midnight 200 precincts out of 1,611 in the state had returned results of the election, 20 of these coming from Omaha and Douglas county. A majority of them give Republican gains which, if they hold good throughout the state, would indicate a Republican plurality of from 2,000 to 5,000. However, the fusionists say these returns are not significant of the real result and that the outlying districts will overcome these gains and give the state to Bryan by from 5,000 to 8,000.

Iowa's Congressmen Republican.

Des Moines, Ia., Nov. 7.—It is apparent that Iowa is Republican by 100,000, and a solid delegation of 11 Republicans will be sent to Washington. Republican Chairman Weaver says: "Iowa is McKinley by over 100,000, and we have elected all the congressmen." Democratic Chairman Ruffin says: "We concede the state to McKinley by 50,000. We claim the election of Vollmer in the Second congressional district."

CONGRESSMEN CHOSEN.

The Dominant Party Strengthened in the National House.

A NET REPUBLICAN GAIN OF FIVE.

Republicans Have Gained Twelve New Members and the Democrats Seven—McAleer Defeated in the Third Pennsylvania District.

Chicago, Nov. 7.—Returns from 301 of the 356 congressional districts show that the Republicans have elected 163, Democrats 135, fusionists 1, silverites 1, Populists 1. The Republicans have gained 12 districts and the Democrats 7, a net Republican gain of 5. The congressmen elected, according to the latest reports, are given below. A Republican to Succeed Pettigrew. Sioux Falls, S. D., Nov. 7.—No doubt remains that the Republicans have won a complete victory in South Dakota. Returns received at fusion and Republican state headquarters show Republican gains in the city, every precinct reporting. Frank Crane, chairman of the Republican state committee, says: "We have carried the state for McKinley by a plurality of from 10,000 to 12,000 and have elected our two nominees for congress and the entire state ticket. We will have a majority of 40 on joint ballot in the legislature, insuring the election of a Republican to succeed Senator Pettigrew in the United States senate."

Bryan's Majority in Georgia. Atlanta, Nov. 7.—Bryan's majority in Georgia will be about 40,000, which is 28,000 less than that given Governor Chandler a month ago. The majority for Bryan shows an apparent increase over that of four years ago of about 4,000. But little interest was manifested and a very light vote was polled. The Georgia delegation to Washington remains solidly Democratic. Coffey county, in south Georgia, went for McKinley, and the town of Fitzgerald registered a heavy Republican majority. Bryan's majority in Atlanta showed a large increase, the Republicans failing to carry the Fourth ward, which went for McKinley in 1896.

Marion Butler's Senatorial Successor. Raleigh, N. C., Nov. 7.—The election in North Carolina was very quiet. Returns indicate that Bryan's majority will not be less than 30,000. Seven Democratic congressmen are elected, with two in doubt, the Eighth and Ninth districts. It is almost certain that the Republicans have carried the Ninth. Democratic State Chairman Simmons is elected United States senator to succeed Butler, Populist, by 40,000 over his opponent, Gen. Julian S. Carr.

West Virginia's Plurality. Parkersburg, W. Va., Nov. 7.—W. M. O. Dawson, chairman of the Republican state committee, estimates McKinley's plurality at 17,000 and the election of all four Republican congressmen and a majority of 20 on joint ballot in the legislature, insuring the re-election of Senator Elkins. He states that the entire Republican ticket will be elected by majorities slightly below McKinley. Democrats claim a majority on joint ballot in the legislature.

Both Sides Claim Kentucky. Louisville, Nov. 7.—The result of the election in Kentucky is in doubt, with both sides claiming the state and presidential tickets. The Democrats may be considered to have a trifle the better of the argument. The Courier-Journal says returns from two-thirds of the counties in the state show Bryan and Beckham majorities. The result will depend on the size of the majority in the Eleventh congressional district, which is heavily Republican.

Republican Landslide in Michigan. Detroit, Nov. 7.—There has been a veritable Republican landslide in Michigan and President McKinley has carried the state by a majority variously estimated from 75,000 to 100,000. The entire Republican state ticket has also been elected, although by a smaller majority. The state legislature which elects a successor to Senator James McMillan, will be overwhelmingly Republican and Senator McMillan's re-election is a certainty.

Bryan's Texas Majority 175,000.

Houston, Tex., Nov. 7.—The Democratic state ticket, headed by Joseph D. Sayers for governor, is elected by a majority in excess of 100,000. The legislature is almost solidly Democratic. It will elect Joseph W. Bailey United States senator to succeed Horace Chilton. It is estimated that the majority for state electors will not fall short of 175,000 and may go above that figure.

California Republican by 10,000.

San Francisco, Nov. 7.—While the returns from the state at large and this city are very incomplete, enough are at hand to warrant the prediction that McKinley has carried California by a plurality of 10,000. The Republicans have elected congressmen from the First, Third, Fourth, Sixth and Seventh districts. The Second and Fifth districts are running very close.

Bryan Wins in Montana.

Butte, Mont., Nov. 7.—Returns from Silver Bow county, which casts about a fourth of Montana's vote, indicate that Bryan has carried the state by something like 20,000, that the Democratic fusion state ticket is elected, and that the fusionists will have a majority in the legislature, which elects two United States senators.

Colorado Democratic.

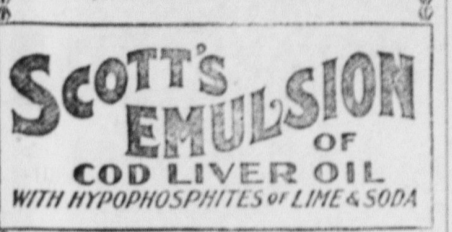

Denver, Colo., Nov. 7.—Returns received indicate that Bryan's plurality in the state will be from 30,000 to 40,000, Arapahoe county, including Denver, gives Bryan 6,000 to 8,000 majority. The result on the state ticket is in doubt, also the legislature, with the probability in favor of fusionists.

Wyoming for McKinley.

Cheyenne, Wyo., Nov. 7.—Returns from the state coming in slowly. Will be some hours before the result is known, but indications thus far are that the state is safe for McKinley and congressmen by 2,000 plurality.

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health.

You can get it in this way. We have known persons to gain a pound a day while taking it.
