DELAWARE REPUBLICAN.

The Legislature May Now Elect Two Republican Senators.

Wilmington, Nov. 8 .- The Republicans not only carried the state for Mc-Kinley and Hunn for governor, but also secured the legislature in both branches. This means the election of two Republican United States senators. The senate will be composed of nine Republicans and eight Democrats, and the house will have 19 Republicans and 15 Democrats, with one tie district, Red Lion hundred, which comprises the Twelfth representative district of New Castle county. On joint ballot the legislature will stand: Re-

publicans, 28; Democrats, 23, not including the Red Lion hundred member. Inasmuch as the Republicans will be in control of the house of representatives, it is practically certain that Theodore F. Clark, the Republican candidate, and who was speaker of the last house, will be seated. The Republicans will have the organization of the senate and authority to pass upon the contest of Howard D. Ross, Republican, against Francis J. McNulty, Democrat, for senator.

The Republicans elected two senators and nine of the 15 representatives in Newcastle county. In Kent county the Democrats elected two senators, and each party elected five of the ten representatives. In Sussex county the Democrats elected one senator and the Republicans the other. The Democrats elected five and the Republicans five of the ten representatives.

The general assembly is Republican, but it was of the same complexion in 1895 and again in 1899, and both times senatorial deadlocks continued to the end. History may repeat itself.

McKinley's Plurality Is 7,500. Omaha, Neb., Nov. 10 .- With but two counties to hear from, on the face of unofficial returns, Dietrich, Republican, is elected governor by a plurality of 675 over Governor Poynter. The rest of the state ticket is likely to be Republican, but it will take the official count to determine the result.

There is no change in the legislative situation, the result depending on Douglas county (Omaha), in which the official count proceeded only a little way today. County Clerk Haverly, Republican, endeavored to have a secret count made, but was forced by order of the district court, secured by the Democrats, to make it a public count. The Democrats are renewing their charges of fraud, and because of the concealment of ballots and his official conduct since election impeachment proceedings are said to be in preparation against Haverly. The Nebraska representative in congress is unchanged, four fusionists, two Populists and two Democrats and two Republicans, all of whom excepting Shallenberger, Democrat, in the Fifth district, who succeeded Sutherland, Populist, being

For Presidential Electors. Louisville, Nov. 10 .- With unofficial returns from every precinct in Kentucky. The Courier Journal puts Bryan's majority at 7,635 and Beckham's at 4,110. The county boards canvassed the returns in every county in the state yesterday, and 50 counties out of 119 from which official returns have been received did not materialy change the majorities stated. There is no doubt that the full official returns will vary somewhat from the unofficial figures. It is hardly possible that majorities of 7,635 and 4,1f0 shall be wiped out, however, unless the unex-

pected shall hapepn. Chairman Leslie Combs, of the Republican committee, said last night he is in favor of contesting the electoral vote of the state, not because Kentucky's vote is needed by the McKinley electors, but for precedent. He says that in Breathitt county frauds amounting to over 400 votes in favor of the Democrats have been discovered.

The Election in Porto Rico. San Juan, P. R., Nov. 9 .- The official returns of Tuesday's election are nearly all at hand from the various part of the island. They show, as was anticipated and forecasted, the election by the Republicans of the entire house of delegates and of Senor Frederico Degotau as commissioner to congress. Only 151 Federals went to the polls, the total

Republican vote being about 58,000.

McKinley's Michigan Plurality. Detroit, Nov. 8 .- Latest returns give President McKinley a plurality of 90,-858 and Col. A. T. Bliss, the Republican candidate for governor, 69,059. The Republicans have increased their majority in the legislature on joint ballot by seven. The entire Michigan congressional delegation is Republican.

Missouri's Republican Congressmen. Kansas City, Mo., Nev. 8.-The Democrats have elected congressmen in 12 Missouri districts and the Republicans in two, with the Thirteenth and Fourteenth to be heard from. These are claimed by the Democrats.

Bryan's Colorado Plurality. Denver, Nov. 8 .- Returns from the election are slowly coming in, but sufficient returns and careful estimates have been received to show that Bryan's plurality will be from 30,000 to

FIVE SENATORS TO BE ELECTED.

Delaware and Nebraska Will Each Choose Two Members to the Upper House, While Idaho Will Select One Member to That Body.

Washington, Nov. 8.-The next senate, assuming that the state legislatures will fulfill their duty and choose senators to represent their states, will stand, on the basis of Tuesday's election, 49 Republicans, 27 Democrats and 9 independents, with the legislatures in doubt in three states, with the privilege of electing five senators at this time. The legislatures in doubt are Delaware and Nebraska, in each of which states two senators are to be chosen, and Idaho, with one senatorial chair to be filled. Among those classed in the independent column are Senators Stewart, of Nevada, and Kyle, of South Dakota, who in the last congress acted with the Republicans on all party matters; Turner, of Washington, and Harris, of Kansas, who acted with the Democrats, and Wellington, of Maryland. Senator Clark's Re-election Assured. Helena, Mont., Nov. 8 .- Fuller returns of Tuesday's voting in this state confirm the preliminary estimates sent out. Bryan's plurality will be from 15,000 to 18,000, and Governor Toole leads the Democratic state ticket with from 6,000 to 8,000 votes to spare. The legislature, which will elect two United States senators, is Democratic by from 15 to 20 votes on joint ballot, and undoubtedly re-elect Senator Clark and some other Democrat or Populist to succeed Thomas C. Vermont's Republican Plurality. White River Junction, Vt., Nov. 8,-Returns from 175 towns with 71 more to hear from give McKinley 33,640, Bryan 10,592. This is an et gain of 29 4-10 per cent. for Bryan and a net loss of 17 per cent. for McKinley. Returns are coming very slowly. The missing towns are mainly in small agricultural towns, which are likely to increase the Republican plurality to about 30,000.

South Dakota's Legislature. Sloux Falls, S. D., Nov. 8 .- Republieans will elect from 105 to 115 members of the legislature out of a total of 132, giving them a majority in both branches. Republicans elect their two nominees for congress and full state

DEAR DR—It has been two months since I commenced to take your treatment, and I chardly know how to express my graitude for the wonderful curative powers of your remedies. I had been a sufferer of that dread a disease asthma for years and had tried a great many doctors and they said they could not do snything for me. While in Belletonte this summer! I saw your advertisement in the papers and I thought I would go and see you and shall never regret it, for before I commenced your treatment I could not lie down at night and could not sleep, for I would have to cough the whole night and gazep for breath, out now I can go to bed and sleep and do not cough any at ail. I hope all that read this will do as I did and be cured.

I suppose I have had Catarrh for quite awhile but last fall it began to awnoy me so much tha I could scarcely go to school, for I was so un comfortable there, any little dust or over heat ed room made me wretched. I could not breath CURED BY DR STITES' NEW TREATMENT.

I have suffered with discharges from both ears eversince I was an infant and have been treated by physicians without any success. My hearing became affected and I grew quite deaf and was bothered with all kinds of noises in my head. Having heard of the good Dr. Stites was doing I concluded to try him, and am now glad I did for one ear has stopped discharging completely and the other aimost, My hearing is improved and the noises growing better. I take pleasure in recommending the treatment to any one suffering from ear, nose or throat trouble. ed room made me wreiched, I could not breathe through my nose and was constantly coughing and spitting. I began to grow quite deaf, while there was a buzzing and ringing noise sounding in my ears most of the time. When Dr. Stites told me what he could do for me. I was quite happy, and now after only a short time under his care, I am improved wonderfully. All those terrible noises have disappeased and I now hear all right. I brea he through my nose and am improved in every way. I feel very grateful to Dr. Stites

I have been troubled greatly with taking cold, then Bronchitis and a cough set in. Then worst of all, these horrible, shricking, buzzing and whitting noises in the head worried me constantly, and gradually I be came very hard of hearing I hada't much hope for myself as I am now 72 years old. Having heard of the wonderful New Treatment I went to Dr. Stites am though I have been there only one month, I am ever so much better; those horrible noises in the head have left me entirely. I tech oh! so much better all around that I do not hesitate to recommend highly Dr. Stites and his New Treatment.

D. C. WALTER,

Bellefonte, Pa. For some time I have suffered greatly with Hay or Rose fever. My head was in a terrible condition, I was sneezing constantly, my eyes were weak and watery, while my head was continually aching. I was generally weak and was feeling very badly indeed. Since going to Dr. Sides all this has passed away. I am entirely cort-dot the hisy fever and feel so much better in every way. I take pleasure in recommending Dr. Sides and his New Treatment to all sufferers.

Declares His Cure Almost a Miracle Since Un der the Care of Dr. J. K. Stites.

When I went to Dr. Stites. 3 week's ago life was to me a weary burden. I had catarrh in nose and throat was hocking, spitting and coughing constantly. Any little change in weather caused me to take cold. Could not enjoy my meals, because of dreadful feeling of fullness and distress in stomach after eating. In fact, I was badly run down and very much discouraged when I went to see Dr. Sties, all this is changed now after only 3 weeks treatment I feel stronger and better—my appetite is returning and distress after eating has gone—my cough is gone and my entire symptoms seem to have changed for the better.

MRS. SAMUEL THOMAS, Spring Creek. der the Care of Dr. J. K. Stites.

When I consulted Dr. Stites I was one of the most wretched of men. In fact. I was in despair. My head was a regular burricane, whirling, buzzing and rearing continually. This with a terrible cough, hawking and spitting and my nose always stopped up was enough to drag any one into the depths. I now feel that Dr. Stites has given n.ea new head; in fact, I am a new man. I can scarce sy realize that I am the same wretched man that called on Dr. Stites a few weeks ago. It is indeed remarkable and if the age of miracles had not passed I should consider this the greatest of the age.

A Running Ear Cured by Dr. Stites.

A bad case of Catarrh and a running Ear was my great trouble. I was terribly snooped with roaring and buzzing noises in my ears, my head seemed stuffed up and I had such dreadful headaches continually. All this was caused by catarrh, and at length my ear began to discharge until it grew so bad that I was compelled to try anything for relief. Dr. Stites proved the man of the large list of Dr. Stite's grateful patients, thinking by so doing I shall be helping some discouraged sufferer. I was very much trouble with chronic, sore throat and hoarseness, which became so bad that I was compelled to try anything for relief.
