

HAPPENINGS ABOUT TOWN

The Local News Compiled During the Week

BRIEFLY TOLD IN A FEW LINES

Movements of Our People—Personal Mention, Society Events—What Has Transpired Worthy of Mention—Short Paragraphs.

—A dicker is under way for an important property at Centre-Hall.

—John L. Runkle, of near Colyer, had a yield of 1700 bushels of corn from fifteen acres.

—John W. Kiser, of Oseola, was the hunter who shot the big bear near Sandy Ridge.

—Mr. and Mrs. J. C. Meyer left Saturday for Philadelphia where they will remain for several days.

—Weather has gone back to spring again. The spring is all right but what is needed is a big sprinkle.

—The criminal list for next week's court has some 40 cases, being much larger than for many previous terms.

—The Modocs, of Boalsburg, in their hunting trip to the Bear Meadow territory, are reported to have killed four deer.

—Charles Ricker, of the east end of Nittany Valley, shot a wild turkey, which, when dressed, weighed twenty-two pounds.

—A nurse in the family of Frank B. Lundy, Williamsport, gave that gentleman's baby a dose of castor oil. The child died a few hours later.

—C. K. Sober, in his late hunting trips in the mountains of Penns valley, bagged a goodly number of pheasants, a larger score no doubt, than any other sportsman.

—A valuable horse belonging to Abs Harter, of Haines twp., one morning last week was found dead in its stall. The horse had shown no symptoms of having been ill.

—John H. Meyer, employed for some time past at the Pennsylvania freight station, accepted a situation as brakeman on the Northern Central road. He will move his family to Sunbury.

—George Walk, Jr., of Hannah Furnace, has shot two bears already this season, the first a cub that dressed 80 pounds, the second a full grown bruin that tipped the scales at 200, after losing his coat.

—A football player, belonging to a down-east club, is reported dying from injuries received while engaged in the play. Well, we guess he won't be missed if he kicks the bucket and has to quit kicking the ball.

—Phillipsburg's new Methodist church will be dedicated Dec. 9th, Bishop Fowler will officiate. A lecture on Abraham Lincoln will be delivered by Bishop Fowler, in Phillipsburg, Monday evening, Dec. 10, in the M. E. church.

—Next Sabbath evening, in the Reformed church, the subject of Rev. Bickel's discourse will be, "When I Was a Child." In the Lutheran church, on same evening, Rev. Dr. Holloway's subject will be, "The Golden Wedge."

—The Prince of Wales, the leader of fashions in Old England, has quit wearing creases in his pants. Now all the snobs over there and lots of 'em over here, will ignore the crease, because the Prince of Wales quit it, 'don't cher know.

—The Thanksgiving Ball in the Armory next Wednesday evening will prove an interesting event. One of the attractive features will be a genuine colored cakewalk by some of the very best talent. Good music will prove another interesting feature.

—Free rural delivery is in contemplation for Ferguson township, the agent of the postoffice department having finished his survey for the route. The Potter township free rural delivery is not yet in operation, although the agent announced it was to commence in October.

—The fact that Centre Hall is 500 feet higher in elevation than Bellefonte, no doubt will explain why Penns Valley is favored with more snow and better sleighing in winter than we have in this section. Fruits and crops in this section are a week earlier over here than on that side.

—Arthur Lee, of Tusseyville, while out hunting, one day last week, had the extremely good fortune to see three fine deer at one place and at the same time, but the misfortune to have his gun behave very badly when he let drive at the large buck in the crowd. The three scampered off without saying to Arthur, "We will see you later."

—Tuesday night Capt. H. S. Taylor, John Trafford, Joe Katz and Sim Baum, all true-blue Bellefonters, went to Lock Haven to be initiated in the order of Elks. To enjoy the fun there went down these Bellefonte Elks, Ed. Burnside, Robert Cole, J. P. Ruzemel, Frank Williams, Bruce Garman, Wm. Brachbill, J. S. McCarger and Chas. Cuse, who had gone through the mill themselves. Some of the above are members of Tyrone Lodge. At this rate Bellefonte will soon have enough members to establish a local lodge which we believe would flourish at this place. The idea has frequently been discussed by our people.

—Pinegrove is having new iron pipes laid to the spring on the mountain.

—The Village Postmaster, at the opera house next Monday evening.

—James Pratt, of Unionville, is in attendance at the Christian Endeavor State convention at Philadelphia as a delegate from this county.

—Several wild turkeys were brought to town the past few days. They are plentier on the mountain this year than for many years.

—George H. Brandon, formerly of this place, but now of Carlisle, has accepted the position as musical director of the Andrews Opera Company.

—Our good housewives will want all first-class for their Thanksgiving dinners. Well, Sechler anticipating that, has laid in the best for the table fresh. Go and see.

—The snowstorm, on Thursday, 15, was heavy all through the western part of the state. At Erie the snow is said to be 15 inches deep and at Buffalo 18 inches deep.

—At the United Brethren parsonage, South Thomas street, Bellefonte, Nov. 20th, Benner Fry and Mary Eckley, both of Benner township, were married by Rev. S. W. Perks.

—The great reduction in clothing prices at Fauble's is exciting unusual interest among economical buyers. It is certainly a great opportunity for Centre county people to dress with elegance for very little money.

—Ex-register G. W. Rumberger, who served two terms with credit and to the entire satisfaction of the people, was in town, affable as usual, and was welcomed by his host of friends. Wash. is a democrat without a blemish.

—At the Fair Grounds on next Saturday afternoon, the Williamsport High School and the Bellefonte Academy football teams will try conclusions. Both teams are in excellent condition and a good game can be expected.

—A fierce storm set in yesterday about 1 p. m., and raged the balance of the day. The main chimney on the jail was lifted from its footings and tumbled across the roof knocking some holes in that part of the "kivering."

—Fire: Yesterday afternoon a destructive fire took place in the right pocket of Corny Garman's coat. He was at the 'phone and his coat striking the safe caused a bunch of matches, which were in the pocket, to ignite and soon that receptacle was a total loss. No insurance.

—The Burnside township murder case will be tried next week and will attract considerable attention. The attorneys in the case were busy this week looking up evidence and there will be a stubborn legal battle. Gray and Walker will be for the defence, and pitted against them on the side of the commonwealth will be district attorney N. B. Spangler and J. C. Meyer.

—The Normal and the Bellefonte Academy teams played their game of football on Saturday afternoon at Lock Haven. Although Bellefonte won, it was by such a slight margin that the teams can be said to have been evenly matched. Both showed good form in advancing the ball and both were weak in defensive work. The score was 5 to 0 in favor of the Bellefontes boy.

—Our hunters are still killing deer. They have met with better success this season than in any season the past half dozen years. Glad to know of their success, but don't drive it to excess. We remember of one season, inside of twenty years, there were fifty deer killed in the region extending from the Seven mountains to Paddy mountain. The season following there were only about half a dozen killed, as a consequence of that "cleaning out."

—Lyon & Company, the merchants at this place, have engaged a portion of the advertising space in this paper for the purpose of telling our readers what they are doing in the various lines of that business. Their advertisement will keep the purchaser constantly informed of where to buy at a decided advantage. At this season of the year many purchases are made and by looking over the announcements found in the paper it is almost as well as going to the store.

—Editor Wm. G. Hoffer, of Lincoln, Kans., accompanied by his wife and daughter, are visiting at the home of Mr. and Mrs. A. C. Mingle. Mr. Hoffer recently sold his paper, "The Sentinel" at that place, and if he finds a good opening will engage in the newspaper business in this state. He is an active democrat and recently was nominated for congress in that district and polled a handsome vote, but the odds were strongly against him. He is a son of Geo. Hoffer, decd., and was reared near Centre Hall.

—In the Lutheran church, last Sabbath morning, Luther Day, there was an interesting home mission service. The music, from elegant selections, was fine throughout. The exercises were in charge of the Sabbath school and consisted of responsive reading, recitations by girls, a spirited address by Sheriff Brungart upon Sabbath school work, Clement Dale, Esq., upon home mission work, remarks by the superintendent Wm. Kuhn, urging co-operation on the part of parents, members of the congregation, in the up-building of the Sabbath school; closing with remarks by the pastor, Rev. Dr. Holloway.

Hunting Notes.

The Potters Mills hunters, the Junior club, returned from their hunting trip, and we are informed brought five deer home as a reward of their camping out.

Chas. Arney, of Centre Hall, Tuesday, killed an 18 pound turkey. Luck never departs from Charly, it seems, when he goes out with his gun.

Charles Bilger, of Pleasant Gap, was fortunate enough to kill two wild turkeys, Tuesday.

Dr. Klump, the other day, again killed a wild turkey, his second one within a short time.

Knocked Out.

Frank Bennet, a farmer living three miles from Penfield, Clearfield county, held a big shooting match at Penfield on Saturday. Then he took a few drinks and started for home. When half way there and alone he fell over unconscious and laid in the road until Sunday forenoon. When he recovered he found that his money was gone. He thinks someone put "knockout drops" in the whisky and then followed him.

Lewisburg Soldiers' Monument.

Excavation was begun last week for the soldiers' monument, to cost \$10,000, which is to be erected at Third street and University avenue. The Union county commissioners, several weeks ago, on the solicitation of a committee of citizens and the G. A. R., voted to erect this monument if a suitable location could be secured. Last week a site was purchased and foundation will soon be ready for the monument.

Locomotive Killed Doe.

A Beech Creek engine, in charge of Benjamin Atherton, on Friday struck and killed a fine doe near Snow Shoe. The day previous, when on his outward trip, Atherton's engine struck and killed three cows.

An entertainment will be given next Friday evening, Nov. 23, 1900, in the United Brethren church under the auspices of the Y. P. C. U.

—Hereafter at night one of our policemen will be at Burgess Blanchard's office, where he can be called by either telephone, if needed in any section of the town.

—Harter, of the Gazette, had a triumphant home-coming last Saturday evening. After a two days' deer hunt he landed here with a fine doe and some smaller trash, all for his self.

—The reputation of the Village Postmaster is so great that a large house is already assured in this city. It will be seen here on next Monday evening at Garman's opera house.

—Messrs Frank Warfield and John Harris, Jr., spent several days of the past week in Cambria county with their dogs and guns and brought home about twenty-five fine pheasants and eight large jack rabbits. The latter were unusually large, and different from anything we have in this section of country.

—Last Friday Dr. George Klump was fortunate in killing a fine wild turkey. In order to celebrate the event he invited the following gentlemen to partake of the same on Tuesday evening. Dr. George F. Harris, Dr. J. E. Ward, Dr. R. G. H. Hayes, Dr. Joseph M. Brockerhoff, Editor T. H. Harter, Editor Charles R. Kurtz, Moses Montgomery, Hard P. Harris, Sydney Kumrine and Kline Woodring. It was a royal repast, elegantly served.

Poorly Clad.

The prices that clothing is being sold for at Fauble's breaks all previous records. There is no occasion for any man, no matter how poor, to go poorly clad, while the present prices are in force.

Clerk and Carrier Examination.

The United States Civil Service Commission announced that on Dec. 15, 1900, an examination will be held in this city for the positions of clerk and carrier in the post-office service.

This examination offers an excellent opportunity for entering the Federal service to bright, energetic young persons who are not afraid of hard work, and the Commission hopes that a sufficient number of intelligent, active persons will present themselves for this examination.

The nature of the examination is a test of practical general intelligence, and of adaptability in post-office work. The age limitations for this examination are as follows:

Clerk, not less than 18 years.

Carrier, between 21 and 40 years.

For application blank (Form 101), full instructions, specimen examination question, and information relative of the duties and salaries of the different positions, application should be made to the undersigned.

Applications must be on file with the secretary of the local board before the hour of closing business on Dec. 7, 1900.

W. H. GARMAN, Secretary Postal Board.

Village Postmaster.

Of all the great New York successes of recent years few have equalled the popularity of the Village Postmaster which has a run of 227 nights to its credit at the 14th Street Theatre. The play will come to this city on next Monday evening at the Garman opera house. The original New York production is promised with a large cast of well known players.

What The Lewisburg Hunters Got.

A party of about twelve Lewisburg hunters who came to this county and remained about a week or more to hunt, wound up middle of this week, and shipped home to Derrstown one bear, a deer, a rabbit and a pheasant. The party were camped on Hunters Run, and no doubt had a good time and some game thrown in.

Same Story.

Attempting to board a train of cars at Ryde, Millin county, Charles B. Sunderland, aged 18, was thrown under the wheels and instantly killed.

APPOINTED CASHIER.

John M. Shugert, on Thursday last, was elected cashier by the stockholders of the Centre County Banking Company, of this place, to succeed his father, John Dunlop Shugert whose death occurred about three weeks ago. The elder Shugert was cashier of the institution for 32 years, from the time of its organization by General Beaver and ex-Governor Curtin in 1868 until his death, while the son has been a clerk in the bank during the past 10 years.

The new cashier has the congratulations of the Centre Democrat. He has proved himself in every way worthy to be his father's successor, and as fully has the confidence of the business public.

Two Good Shots.

Billy McClenahan, of Milroy, performed a remarkable feat in marksmanship on Saturday last, when he shot a deer twice with the same ball at but one discharge of his rifle. The ball entered the deer behind, passed transversely through its body and, coming out at the shoulder just as the animal turned its head, entered the neck and lodged in the jaw, opposite.

Estate Divided After 27 Years.

The large estate left to I. W. and P. C. Gates, of Coalport, by their father 27 years ago and said to be valued at about \$250,000 was divided by a board of arbitrators. The estate had been kept intact without a division and comprised three cultivated farms, an immense tract of mineral land and valuable timber in Cambria and Clearfield counties.

A Young Judge.

Governor Stone Monday appointed Max L. Mitchell, of Williamsport, president judge of Lycoming county to succeed the late Judge Metzgar. The appointment will be good until January 1, 1902. Mr. Mitchell who is but 14 years of age will be one of the youngest judges in the state.

Slightly Used Pianos. In the city there are many persons who use a piano only for a season, some are compelled to sell, while others have been only renting. All such pianos can at times be picked up at very reasonable prices and as far as the wear on the piano is concerned, are as good as new, as the most of them have been used but a short time.

Points of Superiority in the "Standard Rotary."

The first stitch is perfect, without holding ends of thread. The finest goods are not drawn or puckered. Owing to rotary motion it makes less noise than other machines. Tension released by pressure of a button. Thread can be cut off within quarter of an inch of the needle if work is taken out at right time. The face plate can be taken off by merely loosening a thumbnut, enabling the operator to oil and clean the parts without displacing them. Feed motions all positive—no springs used—hence machine will feed over all thicknesses of goods without chewing the cloth no matter what the length of stitch.

LOOK!

Look at things carefully from all points. Don't be narrow in your mind. Look at the inside, the outside, the bottom and the top.

You are not obliged to believe everything you hear and read, but don't shut yourself up within the limits of your own experience, and imagine the world and shoes are the same as they were when you were a boy.

Shoes—and the world too, we believe—are better now than ever before. If you doubt this, you've probably been wearing a wrong kind of shoes and had your souls cramped.

This is intended for the few who have not been buying Mingle's Shoes.
