

HAPPENINGS ABOUT TOWN

The Local News Compiled During the Week

BRIEFLY TOLD IN A FEW LINES

Movements of Our People—Personal Mention, Society Events—What Has Transpired Worth of Mention—Short Paragraphs.

—S. H. Williams will do the painting for the remodeled Methodist church. —Selmsgrove has decided by a vote of 2 to 1 to erect an electric light plant. —The Bellefonte Glass Works are moving along nicely, in full operation. —Rev. Houseman, of Tusseyville, was a caller but too full of business for a long stay. —The Reformed district Sabbath school convention meets at Pine Grove, Dec. 6th. —Andrew B. Young, foreman of this office, has been laid up the past few days with an attack of eczema. —M. C. Gephart, the popular dealer of musical instruments at Millheim, gave the Democrat a business call. —This season the 500 pound porkers will not tip the scales in as great numbers, as the two previous seasons. —Richard Lutz, who resides one mile west of Zion, has concluded to quit farming and well have sale on March 26th. —Snyder county's loss in population since 1890, is 347. That is proportionately greater than our county's loss, which was 375. —W. I. Swope, Esq., once a limb of the law at this bar, now of Clearfield, is hustling at teachers' county institutes as a lecturer. —Al and Will Harter, of Coburn, landed 180 pheasants this season, which may be a warning to sportsman Sober to take care of his laurels. —The E. L. Holderman sale was postponed to this coming Saturday, Dec. 1, at 1 p. m., at the corner of High and Thomas streets. —The aged widow, Mrs. Brungart, mother of sheriff Brungart, now 81 years old, is seriously ill at the home of her son, Newton, in Miles township. —The attendance upon court is quite large from the rural districts, and the Democrat office was favored with an unusual number of welcome callers. —The Kettle tram road is now finished two and a half miles west of the pike at Fousts on the Seven Mts. This leaves some eight miles to complete yet to the head of the Kettle tract. —Next Tuesday J. C. Snook will have a large sale on the Gordon farm, near Hecla Park, consisting of horses, cattle, implements and household goods. For full description consult his bills. —Jonathan Musser, one of the old and highly esteemed citizens of Haines township, who has been ailing for some two years or longer, is in a critical condition at this writing and recovery doubtful. —Since the election is over many inquiries have come to this office as to when Mr. Robert Valentine would start that furnace near town, as they are anxious to secure employment; all such should consult Editor Harris, of the Republican. —Monday a freight train on the Snow Shoe branch was wrecked near Runville, a mile above the Intersection, by a car wheel breaking. About a dozen cars were piled in a heap with the coal. The train crew escaped without a single man being injured. —There is every indication of a brisk holiday season for our business men, for evidence of which see the advertising columns of the Democrat, from now until Christmas, and note how they are filling up in every line. Needn't go to the city—spend your money at home for Christmas presents. —Miss Lizzie Harpster, of Missoula, Montana, who was here visiting friends the past six weeks, and intended to remain, as she informed us, until spring, received the unwelcome news on Thursday, last, that her mother, Mrs. A. C. Harpster, had taken seriously ill, in consequence of which Miss Lizzie took her departure for Montana on last Friday evening's train. The family some eight years ago moved from Centre Hall to Montana. —Maj Harry Foster, formerly of this place, who for a number of years held an important clerkship in the Internal Affairs Department, at Harrisburg, is seriously ill, as his many friends here and throughout the state will regret to learn. The Major served through the Mexican and the Civil wars, and for a number of years was editor of the Centre Democrat, back over sixteen years ago, since then he occupied the position above named. He was an able and vigorous writer. —To read the Democrat's correspondents' account, it would appear that butchering and making sausage is all the go. If all the sausage and liver worst made from Nov. 1, to Jan. 1, next, could be measured the stretch would be miles in length, and the hams and shoulders, if piled up, would be mountain high. Good living always follows a country butchering, and butchering day is always a day for frolic, big turkey dinner and fresh sausage and worst for supper; an invitation to such is a high honor and never goes unaccepted.

—In the last decade Clinton county made a gain of 512 people while Centre's population decreased 375. —Dr. George A. Fairlamb and the venerable Robert Valentine, both of whom had been ill, are much improved. —Some new machinery and necessary repairs are being placed in the shirt factory which will improve their equipment. —Mrs Hon. C. T. Alexander left for Richmond, Va., yesterday, where she will make her home with her daughter, Mrs Yarrington. —Scattered over our town are piles of brick stone and other material for building crossings. These should be put in place before the winter sets in. —The pension grants of November 5th, included Richard J. Gibbs, of Milesburg, \$14 a month, and the minors of Philip Bradley, of Axe Mann, \$14 a month. —Kreamer & Hosterman, at Coburn, within the past few weeks shipped over 300 live hogs from that station. Hogs down there bring 5 cents live weight and 6 cents dressed. —Services each night of this and next week in the Evangelical church. Rev. B. Hengst, from Lewisburg, Pa., will preach on Sunday evening and part of the time during next week. —On page four of this issue will be found a list of all the school teachers in the county this year with the location of each. All are expected to be in attendance at the coming session of Teachers Institute. —Enoch Hugg, who for the past thirteen years has been in the mercantile business at Milesburg, this county, has purchased the well known Swan Hotel at Philipsburg and took charge of it at once. —The Centre county grain fields, without exception, look fine and promising. Same may be said of the pasture fields. With the needed snow covering this winter, a good crop of wheat may be looked for next year. —The Tissot paintings of the Life of Christ, as shown upon a large screen in the Court House on Wednesday evening of last week, was a rare treat, and had a deservedly large house and the entire audience pleased. —Taking the Coleville band and the many opera troupe bands that have been in Bellefonte this season, we have had a delightful time of it, so far as music is concerned—about every other day, afternoon and evening. —The "Real Estate, Loan and Title Company" is a new firm that has been formed at this place for a line of business that will interest many of our readers, and is composed of men with whom any business can be intrusted. —John A. Montelius, Esq., of Piper City, Ill., a native of Millheim, was, on the 6th inst., elected Representative of the Illinois Legislature by a very flattering majority; years ago he was a clerk in Wolf's store at Centre Hall. —Our comment in last issue relative to the placing of a marker at the point where the Sanford family was killed has attracted attention. Now if some one will only raise a subscription, it can easily be secured and erected. —Rain and mud was not sufficient to postpone a game of football last Saturday afternoon between the Williamsport High school and the Bellefonte Academy. The game resulted in a clean victory for the Academy by a score of 16 to 5. —The Bellefonte lock works are a thing of the past. The machinery has been moved out of the building which is now occupied by the Bellefonte Boiler Works. This plant was moved there last week from West High street, near the P. R. R. passenger station. —The Lock Haven State Normal football eleven have canceled their date for Thanksgiving with the Academy football eleven. There will be an interesting game however on the Fair grounds between the Academy and the State College Scrub team. —Next Sunday the B. P. O. Elks will hold their annual memorial exercises at Renovo. Several lodges in this part of the state will be in attendance. The Lock Haven lodge has selected W. Harrison Walker, Esq., of this place, as their spokesman on that occasion. —A. S. Kerlin, of Centre Hall, who has been an invalid some two years, is none the better of late, although he may rally again which is the case with him frequently; he bears up manfully with Christian resignation, his sons giving faithful attention to business affairs, under the guidance of a father's unimpaired mental vigor. —One day last week Bruce Garman, of the Garman House, was out hunting and was fortunate in shooting a poor little cotton tail and since then has had the sportsman's fever. The result is that he has purchased a complete outfit, from cartridge belt to a high grade gun, so that he will be well equipped when the hunting season opens next year. —J. R. Lee, of near Colyer, while putting in a hand at butchering a short time ago, as he was in the act of cutting the head off a porker, accidentally cut a small gash at the joint of one of his fingers, which caused an alarming swelling of the hand and arm, and became very painful, rendering the hand too sore for any use. There is an improvement now and Mr. Lee thinks that the hand will heal.

Geiss-Goodhart. Wagner Geiss, son of David Geiss, of Centre Hall, was united in marriage to Miss Ada Goodhart, daughter of ex-commissioner Geo. L. Goodhart, of Centre Hill Wednesday evening. Only the immediate families were present. After a short wedding tour. Mr. and Mrs. Geiss will make Bellefonte their future home, and will occupy the Harper property, corner Thomas and High streets. Mr. Geiss is bookkeeper for Ed. K. Rhodes the coal dealer and is a competent young man of sterling qualities and we welcome him and his estimable bride to our community. NAILWORKS PROPERTY SOLD. The Commonwealth Guarantee Trust and Deposit company of Harrisburg on Tuesday sold at assignees' sale the default plant of the Bellefonte Iron and Nail company to Joseph G. Hittner & Co., of Philadelphia, for \$6,375, which included the buildings and equipment. The plant was built in 1878 at a cost of \$185,000, but was closed down in 1890, owing to financial troubles. The failure of the nail company greatly involved General Beaver, then governor, who made a general assignment. General Beaver's interest in borough property was also sold on Tuesday for \$3,125. The land belonging to the Nail Works property was not sold. The machinery was knocked off at \$6,100 and the buildings at \$275, making the total of \$6,375. The plant started in 1882, and will not be started up again. The machinery and all metal will be broken up and sold for old iron. One house near the Nail works was sold to Wm. Hampton for \$400. The balance of the Nail works estate consisting of two double houses, a store building, 22 acres of ground, railroad sidings, etc., was bid up to \$3,500 but the trust officer refused to let it go at that price and it was withdrawn. Gen. Beaver's interest in the Beaver & Hoy row was sold to the Hoy estate for \$3,125. Other property was put up, but the trust officer refused to let it go at the prices bid. The nail trust evidently was the death of the costly Bellefonte Nail works. CREMATED ALIVE. An Italian Workman Meets a Frightful Death. Several cars on the New York Central branch road at Carrolltown, ran away at noon Friday, crashing into a cabin car in which Italian track repairers were eating dinner. Antonio Godor, of Jersey Shore, was caught in the wreck immediately took fire and was cremated alive. His cries for help were piteous and he might have been rescued, but the Italian laborers fled when several discharges occurred.

CREMATED ALIVE.

Rain at Last. The rain Sunday and Monday was general over the county and has eased some of the streams to be bank full. Elk and Penn creeks were high and next to an overflow of the banks; Spring and Bald Eagle creeks were high, bank full, and the other streams in the county about the same. The rain was heavy in other parts of the state and the rivers much swollen. At this writing, Monday morning, we have learned of no damage done, but as the heavens are portentous of more rain, flood damages may result.

RAIN AT LAST.

Death of a Young Soldier. Mr. and Mrs. H. H. Stuck, of Millheim, received the sad and startling intelligence of the death of their son Arthur A. Stuck, in the military hospital, at San Francisco. Arthur Stuck had enlisted in Company G, Forty first United States Infantry, in September, 1899, and sailed for the Philippine Islands on the Logan last November. The rain on Monday, by evening, and during the night changed to snow in many portions of the county, and Tuesday morning the atmosphere was quite wintery. In Burnside township on Monday night there were three inches of snow reported. The mountains within sight of Bellefonte had a light cast of snow. —In regard to supplies for the table during the midwinter and holiday season it will be well to consult Secler & Co. Their advertisement in another portion of this issue may interest you.

DEATH OF A YOUNG SOLDIER.

The storm at Lock Haven. By the violent storm on 21, the building now under construction for the Pennsylvania Fire Brick Company at Beech Creek was blown down, and Thomas Stahl, an employe, had a leg severely injured. Two tobacco sheds belonging to Robert McCormick below the city were torn to pieces, and the crop of 1,200 acres of tobacco leaf stored in the sheds was destroyed. The tobacco shed of Thomas McKeague, at McElhattan, was also destroyed, and two iron stacks at L. M. Patterson & Co.'s pipe works were blown down.

STORM AT LOCK HAVEN.

Death of a Young Soldier. Mr. and Mrs. H. H. Stuck, of Millheim, received the sad and startling intelligence of the death of their son Arthur A. Stuck, in the military hospital, at San Francisco. Arthur Stuck had enlisted in Company G, Forty first United States Infantry, in September, 1899, and sailed for the Philippine Islands on the Logan last November.

WHAT SHALL IT BE?

We make a specialty of this very thing—of having just what you want, no matter whether it is for the boys and girls, or the young ladies and men, or for those who are house-keeping. We select these goods personally in New York City, hence they are not like the goods you see in every window. Have them in a pleasure, but showing them is a greater pleasure, whether you buy or not. Everyone should visit CHINA HALL before buying their Xmas presents.

W. H. Wilkinson Estate. High Street. BELLEFONTE.

POINTS OF SUPERIORITY

The first stitch is perfect, without holding ends of thread. The finest goods are not drawn or puckered. Owing to rotary motion it makes less noise than other machines. Tension released by pressure of a button. Thread can be cut off within quarter of an inch of the needle if work is taken out at right time. The face plate can be taken off by merely loosening a thumb-screw, enabling the operator to oil and clean the parts without displacing them. Feed motions all positive—no springs used—hence machine will feed over all thicknesses of goods without chewing the cloth no matter what the length of stitch. Sara C. Brickley Cor. Spring & Bishop Bellefonte, Pa.

LOOK!

Look at things carefully from all points. Don't be narrow in your mind. Look at the inside, the outside, the bottom and the top. You are not obliged to believe everything you hear and read, but don't shut yourself up within the limits of your own experience, and imagine the world and shoes are the same as they were when you were a boy. Shoes—and the world too, we believe—are better now than ever before. If you doubt this, you're probably been wearing a wrong kind of shoes and had your souls cramped. This is intended for the few who have not been buying Mingle's Shoes. MINGLE'S SHOE STORE, Bellefonte, Pa.
