M. S. QUAY'S CANDIDACY

Upheld by Republican Majority in the Pennsylvania Legislature,

BUT HE IS STILL A VOTE SHORT.

Beaver Statesman's Followers Chosen as President of Senate and Speaker of the House-Five Democrats Voted For Quay Candidate For Speaker.

Harrisburg, Jan. 2 .- Col. Quay was the unanimous choice of the joint convention of Republican senators and members held last night in the house chamber to nominate a candidate for United States senator. The caucus was attended by 123 legislators, or four less than the number necessary to a choice in the joint convention of the senate and house, which will be held Jan. 16. Three of those present were Messrs. Hill and Tiffany, of Susquehanna, and Mr. McPherson, of Adams, who absented themselves Monday night from the house caucus and voted with the Democrats in the house for Gen. Koontz for speaker. Mr. Beaver, of Juniata, who voted with the stalwarts for Mr. Marshall for speaker, was present, but did not answer to his name. It was stated that he will abide by the caucus. Thompson, of Centre, and Haldeman, of Montgomery, who are detained at home by illness, were pledged by their colleagues to Mr. Quay.

This apparently gives Mr. Quay 126 of the 127 necessary to a choice. The other absentees voted with the Democrats on the organization of the house, and are classed as anti-Quay Republicans. Speeches nominating Mr. Quay were made by Senators Sisson of Erie. Focht of Union, Muehlbronner of Allegheny, Washburne of Crawford and mepresentatives Harris of Clearfield. McClain of Lancaster, Harrison of Philadelphia, McTighe of Allegheny, Mc-Connell of Philadelphia, McGlathery of Montgomery, Van Dyke of Westmoreland and Morrison of Mercer.

Mr. Garner, of Schuylkill, named Congressman John Dalzell, of Pittsburg, and Mr. McPherson, of Adams, nominated Judge John C. Stewart, of Franklin. On the balloting Mr. Quay received the votes of 26 senators and 93 members of the house. Messrs. Baker, of Warren, and Garner voted for Dalzell and Pomeroy, of Franklin, voted for Judge Stewart. Before the result was announced the names of i Messrs. Dalzell and Stewart were withdrawn, and on motion of Mr. Garner, seconded by Messrs. McPherson and Pomeroy, the nomination of Mr. Quay was made unanimous, and he was given a total of 123 votes.

When the name of Representative Thompson, of Centre, was called a statement was read by Mr. Voorhees, of Philadelphia, denying that he was against Mr. Quay, and saying that when he is able to leave his sick bed he will vote for him for senator. A similar statement was made on behalf of Mr. Haldeman by his colleague, Mr. McGlathery, who produced a telegram stating that Haldeman is ill at home, and that when he is able to be present he will vote for Mr. Quay. Mr. Beaver was present during the entire proceedings, but did not vote or answer to the roll call. Senator Sproul, of Delaware, is responsible for the statement that Beaver will abide by the caucus.

Previous to the taking of the vote Representative Bliss, of Delaware, rising to a question of personal privilege. said that there had been misrepresentation regarding several votes in the house caucus of Monday, and in view of this fact he would urge" that senators and members in voting should rise in their places that everybody present could see them and that there would be no possible opportunity for charges of impersonation. As the names of certain men who had been counted in the anti-Quay column were called and they announced their vote for Mr. Quay there was demonstration of great approval on the part of the great crowd present.

The caucus did not begin until 9:15. and speeches were so numerous that it was not until 11:20 that a result was reached. The Quay people are jubilant over the result of the caucus, as the number present exceeded their expectations, and they claim that before the vote is taken on joint ballot for sen-ator they will have many more than the number necessary to elect.

While the caucus was in session in the house chamber a secret meeting of the anti-Quay Republicans was held at their headquarters at the Commonwealth hotel. At the close of the meeting the pledge of the anti-Quayites binding themselves together to oppose Mr. Quay's re-election was made pub-The pledge contains 68 names, among these being the name of the late William F. Stewart, of Philadelphia, who died after he had signed the paper. and John P. McTighe, who attended the senatorial caucus and voted for Mr. Quay. This leaves 67 who have signed the pledge, not counting Mr. McPherson, who absented himself from the house caucus and voted for Gen. Koontz.

A call was issued last night for a caucus of the house and senate Democrats on the evening of Jan. 14 for the nomination of candidates for United States senator. Col. James M. Guffey, of Pittsburg, will probably be chosen the caucus nominee.

The senate organized by the election of William P. Snyder, of Chester, for president pro tem. He polled the full Republican vote. The Democrats voted Republican vote. The Democrats voted for William E. Miller, of Cumberland. The other officers and the employes of the senate will be chosen at today's session. William T. Marshall, of Allegheny, was chosen speaker of the house by a majority of one vote over Gen. William H. Koontz, of Somerset. Five Democrats joined with 95 Republicans to elect Mr. Marshall. One other Democrat was present, but did not vote. The rest of the Democrats and the anti-Quay Republicans voted for Gen. Koontz. The Republican slate committee will report today the list of officers and employes of the house. A meeting of the committees from the Democrats and anti-Quay Republicans was held last evening, at which the fusion movement for control of the offices of the house was abandoned.

A recess will be taken by both bodies this evening until the evening of Jan. 14, to allow the presiding officers to prepare the list of standing committees.

GOVERNOR STONE'S MESSAGE.

The governor opens his message to the legislature with the declaration that the past two years have been the most prosperous successive years in the history of the state. On Jan. 1, 1899, there was a deficit of about \$3,000,000, which has been entirely liquidated, all demands paid, and a balance on hand Jan. 1, 1901, of \$1,500,-900. Should the legislature appropriate the \$1,000,000 to the public schools eliminated from the appropriation made by the last legislature there will then be the last legislature there will then be a balance of \$500,000. The estimated revenue for the coming year is \$13,200,000. If the legislature shall appropriate \$11,000,000 for the schools for the coming two years, and provide for the completion of the capitol, he says, there should be no material increase in appropriations to the various departments and institutions.

After a reference to the state's funded debt the governor proceeds to a discussion of the common schools, giving his reasons for reducing the school appropria-tion made by the last legislature, and strongly urging, in view of the improved condition of the treasury, that the \$1, 000,000 eliminated from the last appropria-tion by resupropriated.

condition of the treasury, that the \$1,000,000 eliminated from the last appropriation be reappropriated.

Discussing the labor troubles in Shen andoah in September last, and the calling out of the troops, the governor pays a spiendid tribute to the work of the militia on that occasion, says the expense of the calling out of troops was some thing over \$115,000, and deciares further "Experience with this strike has led may to consider the question of arbitration of labor disputes. The difficulty with out present arbitration laws and those hereto fore contemplated is that they are not compulsory. They are purely voluntary. While a compulsory arbitration law would be ineffective, as we could not directly competed employers and employes to submit their disputes to arbitration, yet I am hopeful that a law could be framed that would practically competed both parties to voluntarily submit their disputes to arbitrators and abide by the result. Police interference by the state troops to protect life and property and preserve order is justified by law and by necessity wherever violence exists and local authorities have failed.

"The office of the state authorities is an impartial one. The state troops are

"The office of the state authorities is an impartial one. The state troops are sentito the scene of disturbance for the sole purpose of protecting life and property and preserving order when the county authorities are unable to cope with the difficulty. The owner of a mine claims the right to stop work at any time. The miner claims the right to stop work at any time. If capital can shut down, labor can shut down. If capital can strike, labor can strike. No greater right is claimed for one than for the other and no right can be withheld from one that is conceded to the other. But neither has the right to resort to public violence."

The governor urges the appropriation of a sufficient sum for the completion of the capitol building not later than Jan. I. 1906, and then turns his attention to the agricultural department. He gives a list of the cases brought before the courts in the various counties for violations are not severe enough. He declares that the lowest penalty should electares that the lowest penalty should

pure food laws, and declares the penalties for violations are not severe enough. He declares that the lowest penalty should be \$500 fine and six months imprisonment for the first offense. Discussing oleomargarine he says:

"It may be well to understand that the oleomargarine traffic in Pennsylvania is deep seated and the dealers determined and daring men, some of whom openly defy the law and when arrested prompting ity give bail for appearance at court and continue selling. If this traffic is to be suppressed drastic measures must be added to the law and penalties imposed which will be adequate to the occasion it cannot be suppressed by resolutions and unfounded accusations against state of ficers."

Discussing the various acts of assem-Discussing the various acts of assembly authorizing the purchase of lands for forestry reservations he says the state has acquired land in Elk. Lycoming. Clearfield. Clinton, Centre and Pike countles amounting to 97,962 acres and 2 perches, and that the purchase of other tracts authorized will increase the state's holdings to over 112,000 acres. The cost to the state has averaged \$1.35 per acre. He proceeds:

"The purpose in acquiring these lands to preserve and increase our forests.

"The purpose in acquiring these lands is to preserve and increase our forests. Forests exert a great influence on the streams and climate and tend to preserve the health of the community. Their rehabilitation in Pennsylvania if only to part of their former extent will be productive of the greatest good. It is the purpose of the present administration to purchase more lands in various sections of the state under the several acts of aspurchase more lands in various sections of the state under the several acts of as-sembly wherever they can be purchased

sembly wherever they can be purchased cheaply."

He urges the passage of an act placing the forest reservations under one management, with authority to sell mature timber and timber destroyed by fire.

Regarding expenditures by the board of public grounds and buildings, and the laws governing the giving out of contracts, the governor recommends the enactment into law of a resolution adopted by that board June 14, 1909, as follows:

"Resolved, That in all cases where requisitions are hereafter approved and articles ordered the bids accepted shall not authorize the payment of more than the cash price or market price for the articles, supplies or work and, although the bidder may be the lowest, yet if his bid is higher than the average cash price or market price of the article, supply or work at the time ordered, he shall not be paid more than such average cash price or market price, and every successful bidder shall be notified of this resolution of the board and agree to the same before his bid shall be accepted."

The governor strongly urges the passage of bills to apportion the state into senatorial, legislative, congressional and judicial districts, calling attention to the law, that demands such apportionment after each decennial census.

On the election of United States senator the governor says:

"I am in entire sympathy and heartily

law, that demands such apportionment after each decennial census.

On the election of United States senator the governor says:

"I am in entire sympathy and heartily approve the proposition to so amend the federal constitution as to permit the election of United States senators by a direct vote of the people, in the same manner as state officials are now elected. Candidates for the legislature are now too often selected by reason of their supposed friendship or opposition to some candidate for the United States senate. Their qualifications to properly legislate for the districts which they represent are too often forgotten or ignored. The contests for United States senator should be eliminated from the legislature and members of that body should be selected for their fitness and capacity to represent the districts which elect them, rather than for their supposed friendship or opposition to candidates for the United States senate. The people can be as well trusted to elect a United States senator by direct vote as they can be trusted to elect a governor, judges of the supreme court and other state officials. I recommend that a resolution be passed early urging upon our representatives in congress such amendment to the federal constitution."

On the subject of ballot reform he says: "The last legislature passed two reso-

Pekin, Dec. 31.-Prince Ching and Li Hung Chang have communicated to the foreign envoys an imperial edict in which the emperor declares that China accepts the joint note and authorizes Prince Ching and Li Hung Chang to negotiate and to ask for a of hostilities. To Abolish Fast Freight Lines.

St. Paul, Jan. 2.- The Pioneer Press says that it is reported there is now being prepared in St. Paul a special train of seven cars, in which officials of nearly all the prominent railroads of the country will visit the principal shipping points, to study conditions, with a view to doing away with "fast \$6 trunks, canvas covered, freight" lines and local freight agencles. The plan is to have in each city one man to represent all the different roads. All freight business will be done through him, and he will see that each of the roads secures its share of business. At least 10,000 high priced corners, steel bottom, two railway officials, it is asserted, will be

May Settle Steel Workers' Strike. Pittsburg, Jan. 2.-A settlement is probable in the strike of the structural steel workers inaugurated yesterday by local union No. 3, of the Pittsburg district, for a wage rate of 33 1-3 cents an hour and a nine hour day. Not a structural steel or bridge worker went to work this morning. A committee of three from the local union left last night for New York, on invitation of Percival Roberts, president of the American Bridge company, for a conference with a view to a settlement. The combine has several big local contracts on hand, on which it can ill afford to delay, and the men are sanguine of an early settlement.

Pat Crowe's Brother Arrested. Omaha, Neb., Jan. 2 .- J. J. Crowe, brother of Pat Crowe, whom the police believe to be the principal in the Cudahy abduction, was taken into custody in Council Bluffs yesterday afternoon by Omaha detectives and brought to this city. The warrant charges Crowe with the abduction of young Edward Cudahy on Dec. 18. Crowe consented to accompany the officers across the river without the formality of requisition papers. He denies complicity in the abduction and all knowledge of his brother's whereabouts. The police here know nothing of the Pat Crowe at Oelrich, S. D., and discredit the report. Wood, Grain, Hay,

A Wonderful Work for Women

Has been carried on in Buffalo, N. Y., for more than thirty years. This work has grown so greatly within recent years that there is hardly a town or a village which does not contain some woman who owes health and happiness as woman, wife or mother, to Dr. R. V. Pierce and that wonder-working medicine for woman's diseases, Dr. Pierce's Favorite Prescription.

The Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., of which Dr. Pierce is chief consulting physician, could not accommodate a thousandth part of the Women who are treated and cured by Dr. Pierce and his staff of nearly a score of specialists. Fortunately it is not WOMAN'S MEDICAL ADVISER necessary for many women to come to Buffalo for treatment. The wide experience of Dr. Pierce in the cure of dis-

eases peculiar to women, has enabled him to provide in his "Favorite Prescription" a remedy which in ninety-eight cases in every hundred has perfectly and permanently cured the special diseases for which it is prescribed. Women are invited to consult Dr. Pierce by letter, absolutely without charge or fee, and receive the benefit of the advice of a specialist in the

delicate and dangerous diseases of women. This advice has been declared

"priceless" by thousands of women who have received it. All letters are

held as strictly private and sacredly confidential, and prompt answers are mailed in perfectly plain envelopes without any printing upon them.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, or other narcotics, often found in medicines for women.

Four Doctors Failed.

Four Doctors Failed.

"For seven years I was confined to bed most of the time," writes Mrs. M. P. Davis, of Honaker, Russell Co., Va. "I had four doctors and they said I could not be cured. I had ulceration and female weakness, so I could not stand but a short time; had bearing-down sensation, pain in small of my back. My stomach and bowels, also legs and feet would swell, and everything I ate hur! me. Was so short of breath I often could not lie down at night; had soreness and tenderness over internal organs, palpitation of heart, and constant headache. I would get blind and have fainting spells, had dark rings around my eyes; suffered from painful periods; could not lie on my left side. I would have numb spells, pains around my heart every mornings my lungs hurt me a great deal. I would spit up blood at times, memory was poor, hearing was bad, hands and feet were coid all the time, and I had chills and night-sweats. After the doctors said I could not be cured. I wrote to Dr. Pierce for advice, and he sent me a very encouraging letter, advising me to take his 'Favorite Prescription,' and his 'Golden Medical Discovery,' and 'Pleasant Pellets.' I got two bottles and used these and felt much better. Six bottles more cured me. I can work all day and not feel tired. I sleep all night and can eat anything I want. I can walk anywhere I please. I feel better than I ever did. I am sorry I did not take Dr. Pierce's medicines when I first began to have poor health. I could have saved what I paid to humbugs, My friends say that I do not look like the same woman. When I commenced Dr. Pierce's medicines I only weighed one hundred pounds; now I weigh one hundred and forty."

Becoming a Is an ordeal which all women approach with indescribable fear, for nothing can compare with the horrors of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipation of the coming event, and casts over her a shadow of gloom that cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnansafety to mother and child. This scientific liniment is a godsend to all women at the time of their most critical ordeal Not only does MOTHER'S FRIEND carry woman safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other disconforts of this period.
