## THE BOER INVADERS.

Five Thousand Are Now Levying Tribute in Cape Colony.

THE ASPECT OF AFFAIRS GLOOMY.

While the Farmers in the Eastern Portion Are Responding Splendidly to England's Call to Arms, Those in

the Western Portion Are Less Loya) London, Jan. 2.-The Cape Town correspondent of The Daily Mail, who dwells upon the gravity of the position

in Cape Colony, says: land toward Malmesbury, and the

other toward Beaufort West. immense tracts of territory, necessitating the employment of an army corps to deal with them. Lord Kitchener has poured troops into the disturbed areas, but the fugitive tactics of the Boers have to a large extent neutralized his precautions.

"It was felt that the only means of excluding the invaders from the rich districts in the western part of the colony was to call out the farmers. Today's telegrams promise a splendid response from the eastern portion, but the western is doubtful, not 30 per cent loyal. Hence the Boer concentration in that direction.

"Letters are arriving here detailing and beseeching military assistance. Any action on the part of the colony will not abate the urgent need of large reinforcements."

"The aspect of affairs is scarcely less | tion. gloomy," says the Cape Town correspondent of The Times, "than at the beginning of 1900. The invading Boers are numerically fewer, but they have penetrated further south, and their presence in such centers of hostile Dutch feeling as Graaf Reinet constitutes an element of danger which did not exist last January.

The proclamation calling for volunteers comes very late. The invaders have been enabled to obtain fresh horses. All the horses in the colony ought to have been commandeered or bought at the first sign of invasion." The correspondent complains of the

inertia and reticence of the authorities. The government at Capetown announces the situation as follows:

"Owing to the fact that the armed forces of the enemy have penetrated south of Carnarvon in the west and south of Middleburg eastward, it is necessary to repel the invasion promptduty by the formation of a colonial of communication and maintaining order in the disturbed districts. Volunteers should enroll with the civil commissioners in their respective districts. with rations, forage, arms and horses."

MISS RUTH HANNA'S COMING OUT.

Cleveland Society Honors the Youngest Daughter of the Senator.

Cleveland, Jan. 2.- The coming out party of Miss Ruth Hanna, the youngest daughter of Senator Hanna, last night, was a pronounced social success. The reception and dance were held in the Chamber of Commerce, which was engaged for the occasion because of the distance of the Hanna home from the center of the city. The guests included all the leading society people of Cleveland, 1,500 invitations having been issued. The hall in which the party occurred was decorated in a most artistic way with evergreens, holly, smilax and red satin ribbons. The debutante received in a bower of palms at one side of the hall. She was attended by her father, her mother, her sister, Miss Mabel Hanna, and her grandmother, Mrs. D. P. Rhodes. The senator and his family will go to Washington this week. They will make their home in the old Don Cameron residence, and expect to entertain much during the winter.

The Duke of York an Admiral. London, Jan. 2 .- The Duke of York has been gazetted a rear admiral in the British navy. The promotion from the rank of captain, as a preliminary to his visit to Australia and Canada, gives universal satisfaction, and the fact that wounds received Monday night. he thus passes over the heads of 66 senior captains will not in the slightest degree detract from his universal popularity in the navy. THE COFFEE WAR AT AN END.

An Advance in Price of Half a Cent a Pound Now Looked For.

Toledo, Jan. 2.—Very substantial reports are current that the coffee and sugar war, which has waged so long and bitterly between the Arbuckles and Havemeyer interests, is nearing an adjustment satisfactory to all parties.

For four long years the Woolson Spice company has not made an advance in the price of roasted coffee. It is now understood that today, with an understanding with and the assent of the Arbuckles, the Woolson people will order an advance of one-half cent per pound on their roasted product.

Senator McMillan's re-election to his third term in the senate is assured, as of the population being regarded as the legislature is overwhelmingly Republican. It is present-day conditions - heaping burdens of work upon the nervous system that tells the story-premature breaking up of health.

It tells why so many men and women, who so far as age in years is concerned, should be in the prime of health, find themselves letting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Every organ depends upon its controlling power just as much as the engine depends upon the steam to put it into action. An engine won't go without steam. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them Throbbing, palpitating heart. Sleepless nights.
