FIRE KILLED CHILDREN.

Twenty-eight Dead and Twelve Injured in Asylum Holocaust.

TWO ADULTS AMONG THE DEAD.

The Other Victims Ranged in Age From Two to Fourteen Years-Ex- Wilson as brigadier generals. ploding Natural Gas Caused Disaster-Managers Blaming Themselves.

Rochester, N. Y., Jan. 9.-Twentyeight dead bodies lie at the morgue and 12 others, more or less seriously injured, lie at the different hospitals bloody revolution within 25 years unin this city as a result of the terrible holocaust which occurred early yesterday morning at the Rochester Orphan asylum. Of the dead 26 were children of both sexes, ranging in age from 2 to 14 years, while the remaining two were adults, Mrs. Maria Gordon, cook, and Miss Martha Gillis, nurse. The fire, which was discovered at 1:10 a. m. and was doubtless caused by an explosion of natural gas in the boiler room, spread so rapidly that many of the 109 inmates of the institution were overcome by the flames and smoke almost without warning.

In all the long and dismal record of fatal fires in Rochester none can be found which can equal this one in its general horror, in the pathetic scenes in which so many lives were blotted out, in the gallant sacrifice of lives of the attendants in whose charge the children were, and in the sad scenes at the hospitals and morgue.

That so many children were saved from the west wing of the building seems little short of miraculous, and ver last night of pneumonia. when the ruins were visited yesterday one marvelled that the death roll was not even larger. The scene following in Europe for American zinc ore. almost immediately upon the discovery of the fire and the accompanying explosion was one which turned the stoutest hearts sick. The windows of the west wing were filled with the terrified faces of the tiny waifs. Working like men possessed the firemen struggled to release them from their perilous position. The rooms of the dormitory were filled with the smoke of the fire, and the little ones were being slowly suffocated.

Most of those rescued were lowered to the ground by means of ladders from the second and third stories. The ambulances from every hospital

in the city reached the scene almost as soon as the fire department, but they proved totally inadequate in providing for those rescued. Many sufferers and the dead were removed to the houses in the immediate neighborhood.

There were awful scenes around the asylum at this time. Most of those rescued from the building were unconscious from the effects of smoke. It soon became apparent that the building was doomed. A general alarm was sent in and the entire fire department was soon on the scene. The fire was stubbornly fought from every available point, but it was over an hour after its discovery before it was under

The fire was first discovered by two men passing the asylum. They hastily sent in an alarm, and then turned their attention toward arousing the nurses and the children.

There was a joint meeting of the board of managers and the trustees of the asylum yesterday. While all sorts of excuses were put forward for the disaster, there was unanimity in conceding that the managers had been derelict in that there had not been a better and more complete system of fire escapes provided. One, Thomas C. Montgomery, frankly expressed the opinion that the managers had been negligent in that they did not employ a night watchman at the asylum and that they had not had the building patrolled nightly.

Commissioner on Strike For Fees. Utica, N. Y., Jan. 9.-The cases of nearly 50 Chinamen alleged to be in this country in violation of the exclusion law came before Judge A. C. Coxe, in the United States court, here yesterday on the question of Commissioner Paddock, of Malone, refusing to hear Chinese cases unless the fees were paid by the government. The court held with the commissioner that the commisioner is not bound to decide the cases of the Chinamen unless the government arranges to pay his The department at Washington has held that the cases were civil cases, and that the commissioner was not entitled to fees. There were 110 Chinamen in Malone jail at one time, and Mr. Paddock claims that the government owes him about \$1,000 in fees.

Colombia's Revolution Again Serious Washington, Jan. 9.- The state department received advices yesterday from Consul General Gudger, at Panama, indicating that the Colombian revolution had again assumed a serious aspect. He states that the Colombian government announces that the revolutionists are approaching Panama and are making preparations for a fight, which is likely to occur soon. There is reason to believe that the United States government will adopt a vigorous line of action in case the city of Panama is attacked or there is any interruption of the transit facilities of the isthmus.

Another Fatal Prize Fight.

Easton, Pa., Jan. 9.-Franch Welsh, the pugilist, died yesterday from the effects of his fight at Cedar Park, Phillipsburg, on New Year's eve, with Paddy Donovan. Welsh's case is one of the most remarkable on record. He had not been conscious from the time he collasped in the ring until he died, a period of over a week. Welsh, whose real name was Frank Grabfelder, was 21 years old, and lived in Philadelphia. Warrants are out for the arrest of some 30 men connected with the fight, and Donovan and several others are in jail at Belvidere, N. J.

CARLOAD OF POWDER EXPLODED.

Brave Conductor Risked Life to Save a Load of Dynamite-A Bankrupt Judge's Linbilities-A Street Car Strike in Reading.

Wilkesbarre, Pa., Jan. 9.-By a collision on the Central Railroad of New Jersey, near Laurel Run, late yesterday afternoon, a car filled with black powder exploded with such force that the report was heard a distance of 25 miles. The powder did not explode at once, but hot coals from the firebox of the wrecked engine set fire to it. The locomotive was bent and twisted into a shapeless mass and five of the cars were crushed into kindling wood. The trucks of the cars were hurled hundreds of feet away, and underneath the powder car a great hole was torn in the ground. The trainmen got away before the explosion. Peter strome, the conductor of the freight train, performed a heroic act. Just before the powder car exploded he "cut" a car loaded with dynamite, which was coupled to the powder car, and gave the engineer the signal to go ahead. The dynamite was moved to a place of safety before the explosion
