CONGER TO PROTEST

Against Waldersee's Proposed Expedition Against the Chinese.

HIS INSTRUCTIONS FORWARDED.

Proposed Expeditions Are in Violation of the Rights of the Individual Parties to the Peace Negotiations. Because They Menace Success.

Washington, Feb. 20 .- Minister Conger has been instructed by cable to communicate to the foreign ministers at Pekin the feeling of the United States government that further hostile expeditions should not be indulged in at this time.

This action was taken by the state department after the cabinet discussion had developed the attitude of the administration. It is understood that this course was regarded as best, since it left room for another appeal to the powers directly through their foreign offices in case Mr. Conger's efforts are futile. The state department officials decline to make public the text of the note. However, it was said to be in perfect accord with the policy already developed and to make manifest the deep conviction of the United States government that these proposed hostile expeditions are in violation of the rights of the individual parties to the peace negotiations, because tending to bring about the failure of these negotiations.

If the threat of military expeditions is based upon a desire to force the Chinese envoys to speedier action upon the ministerial proposals, then it must be stated that our government disapproves, feeling that it has not yet been demonstrated sufficiently that the Chinese government is not acting to the best of its ability. Regarding the insistence of the foreign ministers on the imposition of the death penalty upon the whole list of prescribed Chinese officials, it is recalled that the Chinese agreed to administer the severest possible punishment, and it is conceived here that it may be entirely impossible for that government to go to the length demanded by the ministers.

These considerations are of course known to the foreign ministers in Pekin, but it will be Mr. Conger's duty to refresh their recollections as to the engagements their governments entered into with the United States, as well as with China, and he will point out that our attitude is in exact accordance with the line laid down in the formal notes preceding the beginning of the negotiations. The United States government will continue to deal with the other powers through their diplomatic agencies, ignoring the suggestion that the ministers at Pekin have no control over the military forces stationed there, and carrying out the same theory Gen. Chaffee will act in thorough harmony with any suggestions made by Mr. Con-

CHINESE EMPEROR YIELDS.

Will Comply With All the Demands of the Powers.

Pekin, Feb. 20 .- Prince Ching and Li Hung Chang have received a telegram which virtually means that the Chinese will comply with all the demands of the powers, although they still desire information on a few minor points. The foreign envoys look forward confidently to absolute compliance tomorrow at the latest.

Prince Ching and Li Hung Chang have been greatly worried by the preparations for the expedition into the interior, and they have strongly urged the court to yield, pointing out that otherwise the dismemberment of the empire was probable.

The Pekin correspondent of the London Morning Post telegraphs his paper that he understands that Gen. Voyron, the French commander, is willing to serve under Count von Waldersee in the expedition. He emphasizes the difficulties of transport and commissariat likely to be experienced in the provinces of Shan-Si and Shen-Si, both of which are afflicted with famine, and

"A large Chinese army is preparing to meet the foreign advance. Even if the empress dowager yields on the punishment question it is desirable that the expedition should bring the emperor back and detain him until the demands of the powers are satisfied."

Labor's Interest in Steel Combine.

Pittsburg, Feb. 20.-The latest labor move in the great steel combination is the announcement that President T. J. Shaffer, of the Amalgamated Association, with a committee of officers, will leave for New York this week to persuade Mr. Carnegie to have inserted in the transfer of his holdings a clause permitting the organization of the employes of the combines by the Amalgamated Association or any labor organization. President Shaffer is of the opinion that Mr. Carnegie will act on the proposition, and that some clause will be inserted in behalf of the workingmen before the transfer is completed.

Digging For Dead Bodies.

Vancouver, B. C., Feb. 20 .- A special from Cumberland says: Six hundred feet below the ground, and over thousand yards from the foot of Shaft No. 5 a little gang of men are at work in an heroic attempt to reach the bodies of their fellow miners who perished in Friday's explosion. Six bodies so far have been recovered. There were no marks of burning on the first four bodies, and the conclusion therefore is that they were suffocated by the after damp. Two of the bodies recovered are mangled almost beyond recogni-

Urges a British Tariff For Revenue. London, Feb. 20.-The Daily Mail, in view of the necessity of raising money for the war in South Africa, still "in full blast," advocates a tariff for revenue purposes, which, it says, differs entirely from a protective tariff.

Wilhelminn's New Crown.

London, Feb. 20.—The Rotterdam correspondent of The Daily Express says: "I learn that the national present for Queen Wilrelmina, which had hitherto been kept a secret, will take the form of a new crown, and that £20,000 has been subscribed."

An Unusually Small Vote Cast in the Municipal Contests.

Philadelphia, Feb. 20.-The elections in Pennsylvania cities yesterday were extremely quiet, and an unusually small vote was polled. In this city the Republican ticket was successful. John W. Davidson was chosen receiver of taxes and Edward A. Devlin magistrate. The minority magistrate elected is Edward F. Ternan, Democrat. William H. Keyser (Rep.) was elected state senator from the Third district to fill the unexpired term of the late Francis Osbourn. Joseph Call (Rep.) was elected to Keyser's unexpired term in the Nineteenth district, and Richard Curry (Rep.) was elected to fill the vacancy in the Sixteenth district caused by the death of William F. Stewart. City councils remain overwhelmingly Republican.

Pittsburg-Little or no interest was taken in the elections in Allegheny county, the election of the Republican ticket being a foregone conclusion. Probably the biggest surprise was in Avalon borough, where Mrs. D. Starr Martin was elected school director on an independent ticket of her own. This was the third time Mrs. Martin has

made the canvass. Harrisburg-The result of the election leaves the Republicans still in control of select council and ten Republicans and ten Democrats in common council. Supervisors Trees and Campbell, Republicans, were re-elected. Lebanon-The Democrats gained con trol of councils by 13 to 8 votes on joint ballot. The body for many years has been controlled by the Republicans. Pittston—The regular Democratic ticket, headed by T. F. Corcoran, the present incumbent, was re-elected over a Democratic independent ticket, headed by M. M. Donnelly, for mayor. City council Democratic by a large majority. Lock Haven-W. F. Elliott, the Re-

publican incumbent, was defeated for re-election as mayor by W. F. Sperring, Democrat. Republicans elect two of the four candidates for council and three of the five candidates for school Altoona-Republicans elected thetwo school directors and seven common

common and one select councilmen. Republicans will have a majority of one on joint ballot. York-Robert F. Gibson Democrat, was elected mayor to fill an unexpired term over William F. Busser, Republican, by probably 140 votes. Democrats will have majorities in councils

councilmen. Democrats elected four

and school board. Wilkesbarre-In this city non-partisan school directors and councilme were elected.

PENNSYLVANIA LEGISLATURE. Bill Placing Fraternal Beneficiary

Societies Under State Control. Harrisburg, Feb. 20 .- A bill regulating fraternal beneficiary societies was introduced in the house on Thursday of last week by Mr. Henderson, of Allegheny. The measure requires these organizations to make annual report to the insurance commissioner, prohibits the beneficiary of a member to pay his assessments, provides that its fees shall not be liable to attachment or other process, establishes a

river and bay. The senate did business on Friday last with only eight members. On motion of Mr. Grady, of Philadelphia, the joint resolution proposing an amendment to the constitution was recalled from the judiciary general committee and laid aside until the next session. The senate passed the anti-cigarette bill and postponed action on the bills for the consolidation of manufacturing corporations and for

the general formation of corporations. In the house the Pittsburg "ripper" bill was reported from the municipal corporations committee and will be read at the next session.

Among the bills introduced in the house was one by Mr. Boyne, of Mc-Kean, fixing a penalty of \$10 for any person having the care of children to lock them into house or room or closet during the absence of the parent, guardian or custodian from the house or place where the child or children shall be detained.

Both houses adjourned Friday until Wednesday of this week.

For sometime I have been greatly distressed with severe carache my cars were seem ingly closed up all the time. Continual roaring in my head caused me a great deal of wordinent. Besides all these troubles I was a great sufferer from Catarrh, with all its horrible symptoms, such as hawking and spitting, dropping of mucus in the throat etc. After only my second visit to Dr. Srites' office I was astonished to find my carache entirely cured. My cars are OK now I am troubled very little now with hawking or splitting, and the dropping in the throat has entirely disapp ared. All this is due to the careful and scientific administration of the New Treatment by Dr. Stites the great specialist.

The New treatment given by Dr. Stites, No. 21, North Allegheny street, truely deserves its name for I have never seen or heard of anything like it. It is not only new, but it is the rue and sure treatment for all catarrhal discases. For sometime I had been among the list of sufferers of this direful disease. Was groubled greatly with coughing and spitting, dropping of mocus in the throat and was getting quite deaf. This alarmed me very much also the fact that I began besing my sense of smeil.
