

SPEAKER HENDERSON

Assailed For Suppressing a Speech by Congressman Lentz.

THE HOUSE VIOLENTLY EXCITED.

Mr. Richardson, the Democratic Leader, offered a Resolution Condemning the Speaker, But It Was Defeated by a Strict Party Vote.

Washington, Feb. 27.—The house was the scene of a sensational incident late yesterday afternoon, which threw that body into a violent state of excitement. For an hour the storm raged, ending abruptly when an adjournment was taken, on motion of Mr. Payne, the floor leader of the majority. Mr. Lentz, an Ohio Democrat, who has created many sensations during his service in the house, stirred the Democrats to a fever pitch by rising to a question of privilege and alleging that the speaker had turned over to the public printer, under general leave to print, had been withheld from the Record and had been turned over to Gen. Grosvenor, of Ohio, by the speaker. The nature of the speech was not developed during the events that followed, but it was learned that it was an attack upon Senator Hanna and the methods by which he was elected to the senate.

The speaker explained that it had been represented to him that the speech violated the privileges of the house, and he had directed that it be withheld until he could look over it. Pressure of business had prevented him from doing so, however, and only 20 minutes before, he said, he had directed that the speech go into the Record, believing that if it contained anything offensive it could be stricken out by the house later.

Intense excitement followed. Several points of order were made by Republicans, but the speaker declined to sidetrack the matter in that way, holding, however, that to proceed a proposition of some kind must be before the house. Thereupon Mr. Richardson, the Democratic leader, offered a resolution declaring that the speaker had no right to withhold speeches. Against this the question of consideration was raised by Mr. Lacey, and by a strict party vote the house decided not to consider it. Amid still greater excitement and confusion Mr. Richardson offered another resolution condemning the speaker's action in terms and directing that the speech be "delivered forthwith" to the public printer. Again Mr. Lacey raised the question of consideration, and again, by a strict party vote, the house refused to consider it. At this point further proceedings were cut off by adjournment, taken on motion of Mr. Payne, the floor leader of the majority, and again sustained by a strict party vote.

Earlier in the day a partial conference report on the Indian appropriation bill was agreed to and the bill was sent back to conference. The western members made an ineffectual effort to accept the senate amendment appropriating \$100,000 for irrigation experiments on the Gila river, in Arizona, but they were defeated, 58 to 97. The conference report on the naval bill was beaten on account of the item creating assistant chiefs of bureaus in the navy department, and a motion to accept the senate amendment authorizing the construction of three additional submarine boats was pending when the row above mentioned was precipitated.

An important amendment to the Philippine amendment to the army appropriation bill was agreed to in the senate yesterday. It was an amplification of the amendment previously offered by Mr. Hoar (Mass.), laying restrictions on the sale of public lands and the granting of franchises and concessions in the Philippines. It was accepted by the committee in charge of the measure and is now part of the committee amendment. Mr. Morgan (Ala.) concluded his address after having discussed comprehensively both the Philippine and Cuban amendments. He appealed to the committee to withdraw both propositions, maintaining that congress was treading upon dangerous grounds and trifling with edged tools in acting upon them without ample information.

Beer and Tobacco Tax Compromise. Washington, Feb. 27.—A complete agreement has been reached by the Republican conferees on the most important item of the war revenue reduction bill. On beer the house wins its contention and the senate yields. The house fixed a rate of \$1.60 per barrel, without any discount, while the senate retained the old rate of \$2 per barrel with a 25 cent discount. The difference between the two rates is about ten cents on the barrel. The tobacco tax is compromised. The house left the tax standing at 12 cents per pound, as in the existing law, while the senate reduced it 25 per cent, or to nine cents per pound. The compromise provides for a reduction of two cents.

Venezuelan Hostility to Americans. Port of Spain, Trinidad, Feb. 27.—Systematic and violent abuse of Americans, instigated by high Venezuelan officials implicated in the asphalt conspiracy, has begun in the Caracas press. Everything hostile to the United States is seized upon and exaggerated. United States Minister Loomis is shamefully attacked for daring to inform Washington of events occurring in Venezuela.

Noted Secret Service Agent Dead. Baltimore, Feb. 27.—William J. McManus, famous as a secret service detective in the employ of the United States government, died yesterday afternoon in St. Joseph's hospital, this city, from a complication of diseases. He has been ill since the first of the year, the last three weeks of his illness having been spent in the Presbyterian hospital, Philadelphia. McManus was 47 years old, and leaves a widow, but no children.

Three Children Burned to Death. New York, Feb. 27.—Three children of Daniel Ireland were burned to death yesterday afternoon in their parents' home in Cold Spring Harbor, L. I. Mrs. Ireland went to a store and left the three children, a boy 5 years of age, a girl 3 years and a small baby, in the house. During her absence the house caught fire, and the three children were unable to get out of the building.

HARRISBURG LETTER.

Measures That Occupy the Attention of the Lawmakers.

ANOTHER NEW COUNTY BILL.

It Provides For the Consent of Electors After Counties Reach Over 250,000 Population.—J. T. Rothrock, Commissioner of Forestry.

Harrisburg, Feb. 27.—A new county bill was introduced in the house yesterday by Mr. Haworth, of Luzerne. The bill provides that whenever any county shall attain a population of 250,000 or more or that has already reached that population, it may be divided and a new county erected therefrom upon consent of a majority of the qualified electors of the proposed new county district voting at an election to be called for such purpose.

Mr. Myers, Cumberland, introduced a bill providing that transportation companies shall charge only one-half fare for scholars to the public schools upon legal school days.

The bill establishing a bureau of horticulture and pomology in the department of agriculture, with a chief at a salary of \$2,500 and one clerk at \$1,500 annually, was defeated.

The senate bill regulating the fees to be charged by the city treasurer and register of wills of Philadelphia passed the house finally.

The game commission bill relating to the sale of game in Pennsylvania passed third reading after being amended to permit the sale of game killed within the state; permitting game killed outside the state to be sold in Pennsylvania during the open season and 15 days thereafter; prohibiting the killing of more than one male deer during the season.

The senate confirmed the nomination of J. T. Rothrock, West Chester, to be commissioner of forestry. Among bills passed finally in the senate was the house bill making it unlawful for district attorneys to stand aside jurors in empaneling any jury in the trial of any indictment charging a felony or misdemeanor in any court, and regulating the challenging of jurors by the commonwealth and the defendant in such cases.

Mr. McClain, of Lancaster, has agreed to the amendments suggested by Mr. Cooper, of Delaware, to his libel bill, and the Cooper bill will be laid aside and the McClain bill amended and passed second reading. The most important change to be made in the bill is the elimination of the clause permitting punitive damages. It will also be amended to make cases triable in only one county, permit newspapers to investigate anybody, criticize candidates for office the same as public officers and leaves all questions to the jury instead of the court.

In the senate Monday night Hon. William H. Keyser was sworn in as senator from the Third Philadelphia district to succeed the late Francis A. Osborn.

Among the bills introduced were: By Mr. Stiles, Lehigh, providing for the construction and maintenance of sidepaths in the townships for the use of bicycles and pedestrians, and authorizing county commissioners to levy an annual tax of \$1 on each wheel; by Mr. Quail, Schuylkill, to provide for the burial of indigent soldiers so as to extend the provisions to soldiers who served in the Spanish and Philippine wars; by Mr. Vaughan, Lackawanna, defining the relationship between mine bosses, superintendents and foremen of coal mines and the persons, firms or corporations owning or operating the same, and providing that in damage suits for injuries these persons shall be considered as representatives of the company, and not co-employees of persons injured.

The governor sent to the senate the nominations of G. Chalmers Post to be coroner of Huntingdon county, vice F. L. Schum, resigned, and Henry L. Harland to be justice of the peace of Bensalem, Bucks county, vice J. G. Vandercip, deceased.

Joseph Call, of the Nineteenth Philadelphia district, and Richard Curry, Sixteenth Philadelphia district, who were elected at the late election to fill vacancies, were sworn in at Monday night's session of the house.

Among the bills read in place were: By Mr. Palm, of Crawford, to enforce article 17 of the constitution to prevent discrimination by railroads and the issue of free passes; by Mr. Ulrich, Dauphin, limiting the amount of loans to officers and directors of banks, trust companies and savings institutions; by Mr. McAnlie, Lawrence, making it unlawful for first cousins to be joined in marriage and declaring void all marriages hereafter contracted in violation of this act; by Mr. Wadsworth, Philadelphia, providing that the wages of laborers or the salary of any person in public or private employment shall not be liable to attachment in the hands of the employer, but this proviso shall not apply to the wages or salary of persons not residing in this state.

A bill providing for the removal of judges on account of mental or physical disability was introduced by Mr. Harrison, of Philadelphia, last Friday. If a judge becomes unable to perform his official duties for a year the governor shall appoint a commission of three physicians to examine him. If they report that he is permanently disabled the governor shall notify him, and if he shall resign within 30 days of such notice he shall receive for the balance of the term for which he was elected the salary which he would have received if he had not resigned, and the governor shall appoint his successor.

Mr. Scott, of Allegheny, introduced a bill amending the marriage license act by increasing the fee to be paid for such license from 50 cents to \$1. Mr. Garner, of Schuylkill, offered a resolution calling upon Governor Stone to remove James E. Roderick, chief of the bureau of mines, for making the remark in the presence of several members of the house that "it does not matter what the miners want nowadays; their hands are raised against every man and every man's hand is raised against them." The resolution was referred to the committee on mines and mining.

This picture is the trade mark of SCOTT'S EMULSION, and is on every bottle of SCOTT'S EMULSION in the World, which now amounts to many millions yearly. This great business has grown to such vast proportions,

First—Because the proprietors have always been most careful in selecting the various ingredients used in its composition, namely; the finest Cod Liver Oil, and the purest Hypophosphites.

Second—Because they have so skillfully combined the various ingredients that the best possible results are obtained by its use.

Third—Because it has made so many sickly, delicate children strong and healthy, given health and rosy cheeks to so many pale, anemic girls, and healed the lungs and restored to full health, so many thousands in the first stages of Consumption.

If you have not tried it, send for free sample. Its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409-415 First Street, New York. 50c. and \$1.00; all druggists.
