Happenings About Centre County Briefly Told by

A CORPS OF ABLE WRITERS

Our Alert Correspondents Note Many Important Events in Different Localities—What is Transpiring—Is Your Section Represented?

Unionville.

Much to the joy of young America, our schools will close this week.

Miss Mary E. Greist returned from Philadelphia a few days ago, where she had been visiting friends for the last six or seven weeks. She thinks Philadelphia is so much like Unionville—so home-like, such a bustle and bustle on the streets, just like our city.

Boaz Musser came home on Saturday from West Virginia, where he has been engaged as cook in a lumber camp for a long time. He will return in a few days.

William Sommers, fireman at the Retort fire brick works, was an arrival home on Saturday to visit his family. William looks somewhat dilapidated, being afflicted with kidney trouble to such an extent as to compel him to "go off duty" for a time.

The tall and handsome John F. Holt also came home to visit his family on Saturday. John lives "up the pike" a mile or so, but everybody in town is glad to see him, for his pleasant countenance is like the sunshine to those who meet him.

Eugene Hall, one of our best young men, went up to his father's farm a few days ago, where he and Irvin Morrison cleared out a small field and sowed it with rye last fall, and was surprised to see a large flock of wild turkeys quietly feeding on the young, tender grain. He counted seventeen, but he said one or two were so large he could not count them. One wise looking gobbler stretched his elastic neck several feet in the air and looked at him as much as to say "Hello! is that U—Gene! we were awfully afraid you were Clay Stover or Kline Woodring," "then with a swish and whirr they "ritz" in the air and were soon out of sight.

The railroad division foreman, of this place, saw nineteen wild turkeys somewhere above town, a few days ago.

The writer of this article saw fourteen of the same kind of birds rise from a buckwheat field on top of the mountain, above Waddies last Thursday and sail away as gracefully as so many wild geese. The prospects of a prolific crop of this much-sought-for bird are extremely flattering to our nimrods. Please don't "hibb" this in Bellefonte.

An oratorical contest for a silver medal was held in the M. E. church at this place last Friday evening, under the auspices of the W. C. T. U. The contestants were Misses Mabel Wagner, Ray Weaver, Maud Johnston, Sae Underwood, Winifred Smith and Anna Morrison and Mr. "Chappie" Underwood. The board of judges were Mrs. Louie, Miss Ella Levy and Prof. James R. Hughes. The judges, all being from Bellefonte and strangers to the contestants, were certainly enabled to decide impartially. The medal was won by Miss Winifred Smith who received the congratulations of her many friends. It is said by those who were present that all acquainted themselves with much honor. As we were not present, much to our regret, we refrain from comment.

Our sick are fast recovering.

We understand that the schedule time of our mail route is to change. Our mail now arrives at 12 o'clock noon, and if a change would take effect we would receive our mail in the evening again. Everybody favors the noon mail and we hope some of our influential business men will take the matter in hand and try and have our mail arrive at the time it does now.

Allen Gilbert is off on a wedding trip to Berks county.

A Preventive of Pneumonia.

Owing to the prevalence of colds and grip there have been many cases of pneumonia during the past few months. It has been observed, however, that the grip never results in pneumonia when Chamberlain's Cough Remedy is used. Among the tens of thousands who used that remedy during the prevalence of grip in the past ten years not one case has been reported that did not recover, which shows that remedy to be a certain preventive of pneumonia and unequalled as a cure for colds and grip. For sale by Green's Pharmacy.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured—SALLIE HARRIS, Salem, N. J. For sale by Green's Pharmacy.
