FOR STATE CHAIRMAN.

There has been considerable discussion of late in democratic circles about the election of a Chairman of the Democratic State Committee. On this question there seems to be quite a diversity of opinion, as to who would or would not prove an efficient leader. There are certain qualifications that should be largely possessed by whoever is made chairman of the Democratic organization, and the following we deem the most important:

First:—Over and above all, he should be a clean, straight democrat, as free from the taint of Quavism as Heaven is from impurity; no other should be considered for a moment.

Second:—He should be a man of experience who has the capacity for organization, and can plan and carry out a campaign.

Third:—The man who is made chairman should be in sympathy with and have the confidence, not only of the rank and file of the party, but of all people who believe in good government.

It should not be difficult to find this kind of a man, among the hundreds of thousands of democrats in the state, to fill this honorable and responsible position. While this is true we are free to say that we know of no man so well qualified, and who so well fills the requirements we have mentioned, as the Hon. W. C. Heinle, who now so ably and honorably represents the people of this, the 34th, senatorial district, in the state senate. His democracy is of the standard type. His career as a representative of the people, has attracted attention, is entirely clean, and his record is untarnished. He is one of the people, they believe in him, and he has the full confidence of the rank and file of the party. Moreover he has the ability and capacity to plan, and systematically carry on a campaign. As an organizer he has few equals in the party in the state.

When the democratic party in Centre county was defeated, broken and disorganized in 1887 and 1888, Mr. Heinle was elected chairman of the County Committee, 1889, and the party was so completely and thoroughly organized that we carried the county by over 1000 majority that year, and in 1890 also under his leadership the democrats carried the county by over 1700 majority.

His capacity to organize, however, is best shown in the manner in which he solidified the party in this district, when a candidate for senator in 1898. Every county in the district was lost to the democrats in 1896. There was practically no party organization in either of the three counties, and yet so earnestly did the leaders of the party in each county array themselves on his side, that he was elected by a good majority, in a district that from 1893, to the time of his election, had been largely republican. Senator Heinle represents no clique or faction. In him all loyal democrats would find a leadership that would bring unity in the party, and confidence in the entire organization.

These instances are evidence enough to convince the most skeptical that Senator Heinle should be made Chairman of the Democratic State Committee. We are therefore for Mr. Heinle, and we urge his election to this position on the members of the State Committee.

CAPITAL PARTY.

Every reader will agree with the Democrat that the republican is a capital party. They got away with the state capitol in some mysterious way less than half dozen years ago—it went up in a cloud. Two years thereafter another capitol arose from the ashes of the first named. It figures as a monument of architectural nastiness at Harrisburg, purposely botched to give an excuse for tearing it away and erecting a new capitol with five million dollars as a starter and, with a wink, to have a further ten millions as a finisher. We repeat: aren't the republican a "capital" party?

Committee Meeting.

The democratic county committee will meet in the arbitration room in the court house, Bellefonte, Pa., on Monday afternoon, April 22nd, 1901, at one o'clock sharp. The object of the meeting is to confirm the apportionment of delegates and to arrange for holding the democratic primaries. We would urge that every member of the committee be present, either in person or by a substitute.

Sec'y. Chairman.

"What shall we do with Aguinado," is the question that now puzzles the administration. Well, now, that's queer, after trying two years to capture him, and now, when he is captured, not to know what to do with him. Did you ever?

"How would Christ have captured Aguinado," is likely to be a subject for discussion by the great literary gurus next.

WILL SEND \$2.50 FREE.

Franklin Miles, M.D., L.L.B., the Celebrated Chicago Specialist, Will Send \$2.50 Worth of His New Special Treatment Free to Each of Our Readers.

When an experienced physician offers to give away \$2.50 worth of a New Treatment for diseases of the heart, nerves, stomach, or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent men and women freely testify to his unusual skill and the superiority of his New Special Treatment his liberality is certainly worthy of serious consideration.

That Dr. Miles is one of the world's most successful physicians is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after being given up by six and seven Chicago physicians, another after nine of the leading doctors in New York City, Philadelphia and Chicago failed. Thousands of testimonials sent upon request.

The eminent Rev. W. Bell, D. D., of Dayton, Ohio, central secretary of Foreign Missions writes editorially in *The State Sunday School Union*: "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist, a man who has spared neither labor nor money to keep himself abreast of the great advancement of medical science." Col. Tucker, late General Manager N. Y. L. E. & W. R. R. says: "Dr. Miles' success as a physician has been phenomenal. 'My heart,' writes Dr. M. Davis, of Warren, Pa., 'was so bad I was fearful of going to sleep lest it would be my last. Dr. Miles saved my life. I was completely cured in six weeks.' Mrs. Abigail Chambers, of Chambersburg, Pa., states: 'My trouble was in the brain and spinal cord. When I commenced Dr. Miles' treatment I could hardly walk across the room; now I am able to do all my own work.' Mrs. W. A. Warren of Jamestown, N. Y., reports: 'For years I had severe trouble with my stomach, neuralgia, sinking spells and dropsy. Dr. Miles cured me.'

This new system of special treatment is thoroughly scientific and immensely superior to ordinary methods.

As all afflicted readers may have \$2.50 worth of treatment especially prepared for their case, free, with full directions, we would advise them to send for it at once. Address DR. FRANKLIN MILES, 201 to 209 State St., Chicago. Mention this paper. x 17

THE BEST PLACE TO BUY SHOES.

Nowhere in Central Penna. can shoes of all kind and grades be purchased to a better advantage or at lower prices than at the general store of C. C. Lucas, in the borough of Howard, this county. Mr. Lucas, makes the shoe business a special feature, and gives it his undivided attention; he has made a careful study of the wants and needs of the people for several years, and his assortment of different widths, sizes and makes, are the most superb to be found, to say nothing of the elegant styles, and daintiness of the stock used in their manufacture which are the finest.

Mr. Lucas is up-to-date in every particular pertaining to this line of the business, buying all of his stock from the manufacturers they go through no third hands, and you pay no jobber's profits when you buy from him, but in each and every pair you get at least 25 cent better quality than you get elsewhere for the same money.

If you are going to purchase shoes it will pay you to buy them from Mr. Lucas, for he has the reputation of selling better qualities for the same price than others do, and if you see how his store is constantly crowded with purchasers you can understand the reason.

He not only has an extraordinary line of shoes, but has the finest display of fancy goods, neckwear, dress trimmings, wash fabrics for summer dresses, pongees, mulls, lawns, batists, silks, satins, white goods, piques, organdies and in fact everything one could desire. Never before in the history of Howard has it had such an up-to-date store as Mr. Lucas has given it, and he justly deserves a very liberal patronage of the people. His motto is—The same goods for less money and more good for the same money than you get elsewhere, upon this rock he has built up a trade to be envied by more pretentious people. If you are desirous of making your money reach as far as possible, there is no place you can do it to as good advantage as with Mr. Lucas, and he will take particular pains to see that you get exactly what you want.

SIM, THE CLOTHIER.
You will Find Every Assertion to be True.

HAVE YOU EVER DEALT WITH US?

Are you acquainted with our methods of doing business? If you never had any dealings with us, investigate our mode of transacting business and then you will realize how profitable it is to buy here.

A trifle over a year ago we started in business and now enjoy the patronage of one of the largest clothing and furnishing houses in Bellefonte. But how was such a trade established? First, by handling only reliable merchandise; second, by not misrepresenting an article merely to sell it; third, by selling at a closer margin than others; fourth, by keeping our stock fresh, and by standing back of our guarantee and making everything satisfactory.

We do not claim to have as much floor space as others because we do not heap on an extra expense merely to make an advertisement of it.

Some clothiers boast in having double the stock of others, but the so-called "large stocks" are composed of the accumulation of the odds and ends of years of business. Ours is a choice assortment of the newest and most stylish merchandise obtainable. Last summer we used the motto, "Better sell at cost than carry to next season," as our guide and thus reduced our stock until only a small stock remained. The greater amount of this was disposed of during the fall season. By doing this we were able to buy a clean, new stock and thus give our customers new goods at prices others charge for their old ones.

Our stock of Spring and Summer Clothing is now here and buyers will do well to examine it and compare our prices with others.
