ENCOURAGING OUTLOOK.

The Ohio River Flood Less Serious Than in Former Years.

JOLLIFICATION MEETINGS HELD.

Towns That Have Been Badly Inundated. With Hundreds of Families Driven From Homes, Feel Jubilant That the Situation Is No Worse.

Cincinnati, April 24 .- While the Ohio river is reported as falling from Pittsburg to the mouth of the Big Kanawha, almost 300 miles, there is still much distress from that point to Cincinnati, about 200 miles. The weather bureau still predicts that the limit will be reached here today, and that there will be still less trouble below this city. While alarming inquiries come from Ironton, Portsmouth, Huntington, Catlettsburg and intermediate points, the weather bureau says the outlook is really encouraging and that the beginning of the end will reach Cincinnati this afternoon, when the stage will not exceed 58 feet. The Big Sandy and other lower tributaries are falling, as well as the headwaters. The heavy snow in the mountains at the headwaters of the Kentucky river, followed by rains, have not checked the rapid flow in the lower Ohio, as was feared.

The most encouraging news yesterday came from Point Pleasant, where the river became stationary, and later reports show that it is falling as far down as Marietta and Parkersburg. In some of the smaller places bells were rung and cannons fired and jollification meetings were held when the stationary stage was reached. Preparations are being made for demonstrations of rejoicing throughout the Pomeroy bend. Pomeroy, Middleport, Point Pleasant and other places in that district have been badly inundated, with hundreds of families driven from their homes. The depots at these places were under water and the telegraph offices moved to higher ground as early

as last Sunday. There is great alarm at Catlettsburg, Ashland, Ironton, Huntington, Portsmouth and other lower points, where the crest of the flood is now passing and where false reports have been circulated about another rise. One of these reports was that there had been a cloudburst up the Big Sandy, seriously affecting Catlettsburg, Ashland and other places. It turned out that the flood had caused the natural gas pipe line supplying these places to burst, and they were left without light and fuel. The large rolling mills and factories at these places were compelled to shut down. From that point to Cincinnati the rise fluctuates from onetenth of an inch in some hours to almost three-tenths in other hours, and when it increased last night there was renewed alarm at Ironton and Portsmouth and points opposite them. The weather bureau here, however reports that there is no change in the situation and that the flood continues to pass rapidly out of the Ohio valley. All these reports about a second rise were due to the fluctuations and to such false rumors as were circulated below Catlettsburg about a waterspout. At 6 o'clock last night the stage of the Ohio river was 55.1 feet and rising at the rote of two-tenths of a foot per hour. This is more than five feet above the danger line, and within three feet of the limit expected during this flood. The water in the tenement houses along the river front is now over ten feet deep from the first floors. These tenements are so densely packed that there is no room in the upper stories for extra lodgers. The people were removed from the first floors Monday and from the second floors yesterday. The coal and lumber yards along the river, as well as the warehouses and factories in the lower part of the city, are submerged, but will suffer comparatively little loss. Many barges have been sunk and there has been some damage to other craft.

DEATH OF DR. GUZMAN. Secretary of the Bureau of American Republics.

Washington, April 24 .- Dr. Horatlo Guzman, secretary of the bureau of American republics and for many years minister from

and a grant Nicaragua to the United States, died yesterday, aged 50, Dr. Guzman was appointed minister to the United States in 1889, and served ten years in that capacity. He also served as a delegate from Nica-DR. GUZMAN.

ragua to the international American conference of 1889-90; He was well read and thoroughly versed in French, Spanish and American literature, and these accomplishments were instrumental in securing for him the position of translator in the bureau of American republics after his term as minister had expired. Soon after he was made secretary of the bureau.

BURIED A BABE ALIVE.

Man and Woman Under Arrest Charged With Monstrous Crime.

New York, April 23 .- Patrick Mc-Evoy, a laborer employed by the New York Central railroad in Hastings-onthe-Hudson, saw a man and woman bury a 2-weeks-old baby boy alive yesterday. As soon as McEvoy realized what was being done he ran to the rescue and succeeded in removing the loose earth from the child in time to save its life. The man and woman ran away, but McEvoy gave a description of them to the police, and an Italian man and woman were arrested in Yonkers on suspicion that they were the would-be murderers.

The man said he was Givori Duttacavolo, of Manhattan. He said he was married and had three children. The woman said she was Francisca Stinella, 18 years old, a dressmaker, and unmarried. She declined to say where she lived, but to Roundsman Brady at police headquarters in Yonkers she volunteered the information that she was a niece of her companion. The woman denied that the babe was hers. She said she never had a child.

The prisoners were held to await the action of the grand jury, charged with attempted infanticide.

To Contest Her Mother's Will.

Jersey City, April 24 .- Aaron S. Baldwin, executor of the will of the late Mrs. Edla J. McPherson, widow of the late Senator McPherson, has been served by counsel for Mrs. Edla M. Muir, only surviving child of the testatrix, to show cause why a temporary administrator should not be put in his place and why he should not be restrained from executing any power granted to him by the issuance of letters as the executor of the will. This will be the preliminary fight in the contest Mrs. Muir has begun against her mother's will. The mother gave her only a life interest in the estate. Charged With Wholesale Murder. Chartres, France, April 24 .- Suspicion in the brutal murder of five children, which occurred here Monday at a farm in the neighborhood, now falls upon the father of the children. It is suggested that the father murdered his children in a fit of drunken madness, as he spent the evening in drinking, and as no trace of the alleged tramps has been found. It is a strange fact that while the children were killed with a hammer or bludgcon, their father was only stabbed, and his wounds were slight. Briere, the father, is under arrest.

Court of Inquiry Investigating a Breach of Discipline.

IN A STATE OF INSUBORDINATION.

Colonel Mills Seems Determined to Bring to Terms the Young Men Who, While Being Educated at Publie Expense, Would Dictate Policies

West Point, N. Y., April 24 .- A court of inquiry consisting of Capt. James K. Thompson, of the Fifteenth infantry, Capt. Edward Anderson, of the Seventh cavalry, and Capt. William Lassiter, of the First artillery, yesterday began the investigation of a charge of breach of discipline on the part of several cadets of the military academy. The cadets became disgruntled over the action of Col. Mills, the superintendent, in punishing one of their number, Cadet Ralston, for his failure to report a breach of discipline in the mess hall while the cadets were at supper a few nights ago. The cadets are said to be almost in a state of in-

subordination. The breach of discipline which has resulted in the present investigation occurred one night recently. The ag-

grieved cadets assembled on the pa-rade ground under cover of darkness and indulged in hideous yells directed at the superintendent. They also removed the sunset gun from its position at the north end of the parade ground and dragged it over in front of Col. Mills' quarters, but were prevented from firing it by the appearance of several sentinels, who promptly reported the incident.

FOOLISH STRIKE CALLED OFF.

Mine Workers Will Discipline the Men Responsible For It.

Wilkesbarre, Pa., April 24 .- The strike at the Prospect mine of the Lehigh Valley Coal company ended last night in a victory for the company. The 1,200 employes went on a strike early last week because a jig tender in the breaker was discharged. The jig tender was ordered by the foreman to do some oiling. He refused, claiming he was not employed to do such work. Two other employes were requested to do the work, but they too refused. They were also suspended.

Fred Dilcher, national organizer of the United Mine Workers, arrived in town last evening, and after a conference with the local leaders of the United Mine Workers it was decided to call the strike off. It was also decided to discipline the three men discharged and ; to discuss the retirement of Chief Kipwho were the cause of the strike. Hereafter the United Mine Workers will not recognize strikes unless sanctioned by the district executive board.

Premier to Arbitrate Labor Dispute. Genoa, April 24 .- The premier, Signor Zanardelli, has telegraphed the strikers here that he would arbitrate trial. Armed, Bradley searched the their differences with their employers if both sides agreed. Upon the receipt of this communication the ship owners also wired Signor Zanardelli asking him to arbitrate the matter.

Railroaders Settling Their Difference

While the duke was in Spain the duchess had been in Paris, and for the past three weeks she has been staying at her father's mansion in the Avenue des Champs Elysees. After the duke returned from Spain he went to the house of his father-in-law, where he saw the duchess. The duchess drove to the Hotel Bristol, where she was joined by the duke, and together the Marlboroughs proceeded to London. This would indicate if discord existed between the Duke and Duchess of Marlborough that her father had succeeded in smothering it. The couple had been practically separated since Christmas.
