Deainess Cannot be Cured,
by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the
Eustachian Tube. When this tube gets inflamed
you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is
the result, and unless the inflammation can be
taken out and this tube restored to its normal
condition, hearing will be destroyed forever;
nine cases out of ten are caused by catarrh,
which is nothing but an inflamed condition of
the mucous surfaces.

We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for

The Brush valley correspondent is becoming quite prominent as a newspaper correspondent. Give the nerves plenty of fuel, and the worry and fretting, the headaches, the nervousness, loss of sleep, deranged digestion, neuralgia, rheumatism and heart troubles, that burn up the brain substance and destroy the nerve-force, will disappear forever. Don't wait till the fires are burned out. Begin now.
