Coburn.

The beautiful spring days remind us of an approaching warm summer and some people's eyes will be "wee" indeed, especially if they must venture into the sun to do a little work. Some say, "Let me in the parlor I can't stand the heat, or I will get a sun stroke." Such people should go in an ice house and receive a cool reception during warm summer days.

We eat to live, we don't live to eat.

Mr. Stover has all the qualities required to make a first-class landlord; genial, courteous, obliging, he cannot fail to please all who will stop with him. His excellent wife, and accomplished daughter, Miss Stella, will see that the culinary department will not be lacking for anything necessary to please and satisfy the inner man. Everybody seems well pleased and we wish them abundant success. "Clayton" will furnish the wild game.

Wm. Gill, of Julian, a few days ago, found a five dollar gold piece dated 1701, indicating that it was just 200 years old. Upon the one side was stamped the big-ette of Geo. Washington and on the reverse side, that of Martha Washington. Now, the truthful Geo. was not born until 1732 and this gold piece was coined in 1701! Query—How did they get Washington's photograph? Is William endowed with the same truthful proclivities as Geo. was or is he a descendant of Ananias?

As we were meandering down Main street a few days ago we heard a noise emanating from the interior of A. J. Griest's residence, resembling that of a pheasant drumming with its wings; then a woman, with a kerchief tied over her head, came hurriedly out of the house and quickly went back; a voice within was giving sharp commands; someone went hurriedly to the pump for a pail of water; the window shades and curtains were torn down and persons seemed to be hurrying to and fro. We began to feel pale; was it a suicide or murder or simply an accident; then the thought occurred to us, what a fine sensational item Domino would have for the next issue of the Democrat when suddenly the front door flew open and a woman came out and started off on a run, I stopped her and inquired what had happened? "Oh nothing," she replied, "I left my little children by themselves and I'm afraid they'll get into mischief." "But what has happened at Mr. Griest's?" I inquired. "Oh nothing," she said "they are cleaning house and Miss Sallie McGarvey is bossing the job and tacking down carpet, that's all." With a sigh of relief we kept on meandering.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by Green's Pharmacy.

John C. Bair, regent, and Chas. The Royal Arcanum has a membership of over 250,000, in the United States, with a surplus of cash in the treasury of \$1,500,000, and is the only fraternal organization in the United States with one dollar of assets. And in amount of insurance in force it ranks with the largest companies in our country, and no company pays its death losses more promptly.

AN UNEQUALLED RECORD.

There is a Rapidly Increasing Volume of Bellefonte Evidence Rolling up for the Great Medicine Dr. A. W. Chase's Nerve Pills.

It would seem that hardly anyone can take Dr. A. W. Chase's Nerve Pills without receiving marked benefit. The wonderful action of this medicine in putting people on their feet who are in a weak, run down condition, is the talk of every place they are known. It is only a short time since they first came to Bellefonte yet to-day they are more in evidence for merit with Bellefonte people than all other medicines combined.

Solomon Garrett, of 301 Allegheny St., Bellefonte, Pa., says: "I had been feeling very much run down for a long time. My head ached a great deal and I felt tired and sore all over. I was also bothered with sleeplessness at night. I saw Dr. A. W. Chase's Nerve Pills so highly recommended I got a box at Kruminer's Drug Store and they did me a great deal of good. I felt firstrate after using them and have no hesitation in recommending them to others."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.—2

SINCERITY

in advertising as well as in our business methods has characterized this store ever since our first announcement—a trifle over 6 years ago. How we have ingratiated ourselves and gained the confidence of our patrons by doing what we advertise, becomes more apparent each year. We want you to read our weekly bulletins. We try to make them newsy, readable and not tiresome. We try to advertise each week what we think are exceptional values from the different departments of our store. We may possibly not advertise just what you want this week but don't let that hinder you from coming to visit us. We carry a well selected stock of merchandise in all the lines we keep—maybe not so large as some stores you visit elsewhere, but we think the customer is more particular about quality than quantity of goods offered.

These few items selected from parts of the store may give you an idea of the attractions we offer for your patronage:

CARPETS.

Still offering values that defy comparison in this department. The large stock with the little prices proves the attraction for floor covering buyers. If you don't see our line before purchasing there's only one loser, that's you.

- Doub'e warp Ingrains, the equal of any 50c Carpet manufactured 39c
A few patterns left of All-wool Ingrains 50c
