The writer was favored with a copy of McKinley's prayer, and thought it might interest the readers of the "Democrat," so we will publish it: Our Father who art in England, we come to thee to day in humble attitude, realizing our helplessness and thine own great selfishness. To thee we owe our all in all; we know when thou sayest no that we must die. Oh Korchild, how can we in language express our deep regard for thee; in humble repentance we bow our knee to the golden calf and ask forgiveness in not being able to move; speedily satisfy thy greediness, but thou knowest we are faithful, that we are true, but the masses are against us and when we implore them for thy sake they say dam. We are in thy service. Our body and mind are there, and we are truly grieved that the sinners, known as the masses, cannot see the error of their way. We beg thee to be merciful to them, and in time they will come to their wits. They know not that by their bull headedness they are keeping thee from filling thy coffers with interest and bonds and gold, but thanks to thee, oh, almighty Korchild, we will soon have the laborer where the wheel is short; we are progressing our work for thee is daily gathering strength. Help us, thou great and only, that we may retain our courage so that we can turn a dumb ear to the waiting and gnashing of teeth as we take the last crust from the poor people, for it is all for thee, it will help thee to pile up the shekels, and that is our wish. Lead us not into the temptation of believing that free silver is right lest we prove a traitor to thy cause, but deliver us from those solid arguments that they advance, for there is the Kingdom, and we are thy slaves, now, always have been, and always hope to be, Amen.

Whooping Cough.

She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE PINKELLY HALL, Springville, Ala. For sale by Green's Pharmacy.

RHEUMATIC WARPED LIMBS.

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active, they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatism pain through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right. The most effective kidney remedy known to man is Dr. A. W. Chase's Kidney-Liver Pills.

They cure rheumatism permanently by making the kidneys active in their work of removing the uric acid from the blood.

Mr. William J. Coad, No. 65 Brunson Street, Oswego, N. Y., writes: "I am very glad to praise Dr. A. W. Chase's Kidney-Liver Pills, and tell what they have done for me. In them I found immediate relief, and can honestly recommend them to other sufferers."

A lady told us yesterday she had worn two pairs of our \$3.00 Shoes alternately for 18 months and there wasn't a break in them—she expected to wear them 18 months more. But, of course, we don't say that every lady can wear them so long.

It pays to pay as much as you can for shoes and to alternate—two pairs worn that way will outwear three worn consecutively.

But whatever you pay, expect our shoes to be a little better than anybody else's. You expect the leading shoe store in town to do the best by you—do you not?
