Deafness Cannot be Cured, by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Unionville.

Albert Roberts, the famous snare drummer of Bellefonte, was a welcome arrival in our town on last Thursday. As Albert is perfectly harmless and innocent as a little sheep, we did not increase our police force during his stay here. He has been engaged to drum for us on Decoration Day.

Longer Wian, another Bellefonter, was in town on last Monday with his fine team of dappled grays and mammoth oil tank. He supplies the dealers along the route from Bellefonte to Port Matilda with genuine 150 fire-test kerosene. He is so pleasant and jolly that one can't help but buy of him, notwithstanding Jack Griest can't understand how he can put 175 gallons of oil in a 150 gallon tank.

Some of our very bad boys, one dark night recently, took the shutters off the Presbyterian parsonage and blocked the pavement opposite the Presbyterian church, for the purpose of causing somebody to fall. This is not innocent fun, boys, and we would suggest, that, if the like happens again, a whipping post be established in the diamond and the little culprits be severely punished, by our town constable, Wm. Keatley, who says the little trespassers are known.

Roy Miles, a most estimable young man and former school teacher of this county, but who has been located at Racine, Wisconsin, for the last few years where he holds the honorable position of Secretary of the Y. M. C. A., of that city, arrived home one day last week. He intends to remain a few weeks visiting relatives and friends, whose name is legion. We would like to tell a little more about Roy's coming home and the pretty magnet that drew him hither, but, h-s-h, minus the word.

The inevitable Joe Barton is home again. Joe is an up-to-date, progressive citizen and we predict, that if he were chief Burgess, or a member of the town council, he would see to it that no mud holes existed where there should be good stone or board walks, "and don't you forget it."

Boaz Musser is also home on a short visit to his family; Boaz, it will be remembered, has been employed for a number of years as cook in a lumber camp in West Virginia, and as such is a pronounced success.

Ed. Musser and his brother Howard, of Bellwood, where they do Railroad service, came down on last Saturday to visit their mother and brother Harry, as well as other friends, who are quite numerous. They are good, industrious, honest boys and models worthy to copy after.

John Emerick, the best stone cutter and stone mason in the state, is home on a short vacation. Mr. Emerick is a contractor and has been engaged for several years in building railroad and other bridge piers in the vicinity of Curwinstville. A specimen of his skill as a finished mechanic, may be seen at the viaduct over Logan Branch west of Bellefonte, the piers of which he built several years ago, for the Bellefonte Furnace Company.

Harry Black and wife, of Harrisburg, were guests at the home of the latter's parents, Mr. and Mrs. Riley Pratt, on last Saturday and Sunday.

Rev. Wharton, the preacher in charge, preached a very able and impressive Memorial sermon in the M. E. church on last Sabbath evening. Besides Brother Wharton, who is himself an old soldier, there were but eight G. A. R. men present, as follows: E. E. Ehart, Irvin Clair, I. G. Alexander, A. J. St. Clair, Geo. P. Hall, John Solt, L. B. Barthurst and J. B. Stere. We are proud of these honorable citizens and we felt like applauding with both hands and feet as they marched, single file, into the church and we think our government should be more liberal in pensioning those brave soldiers who went forth at the time of our country's most direful calamity, and offered to lay down their lives that our nation might live. Every soldier, whether wounded or not, ought to receive a service pension.

Cholera Morbus a Dangerous Disease.
In many instances attacks of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose, there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of LaFayette, Alabama, says: "In June, 1899, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by Green's Pharmacy.
