

POWERS WILL COMBINE

To Smash Great Britain, Predicts Andrew Carnegie.

UNCLE SAM TO THE RESCUE.

The Millionaire Philanthropist Believes Our English Cousins Will Call on Us For Help, and That It Will Not Be Refused.

London, June 5.—"Mark my words," said Andrew Carnegie last night to a press representative, "the time is coming when the continental powers will combine to smash up this little island of Great Britain. When that happens she will have to turn to the United States for help. I feel certain it will not be refused. The United States will step in and say 'Don't.' They will act just as Great Britain did in the Spanish-American war. What she did then was great, and it is not half realized yet."

When Mr. Carnegie gave utterance to these sentiments he was in the Langham hotel, London, where he had arrived from Scotland for the Chamber of Commerce gatherings. Until last night he had steadfastly refused to be interviewed.

Resuming the topic of Anglo-American relations, Mr. Carnegie said:

"I believe in the community of the English speaking races, by which I mean that the Americans and the British are now closer than ever before. Could you get a better instance than the visit of the delegates of the New York Chamber of Commerce to Windsor last Saturday? I suggested it, and King Edward took up the idea thoroughly. It was a fitting commencement of the new reign.

"I know how deeply interested King Edward is in the United States. I have known this since the time, years ago, when I drove him on a locomotive in the United States, which, by the way, he did not forget when we met under different conditions.

"The idea that the visit of our delegates to Windsor can be in any way construed as King Edward's recognition of American commercial superiority is all nonsense. The king is full of tact and of friendship for our country."

"Do you think, Mr. Carnegie was asked, "that British enterprise can be sufficiently stimulated to meet American competition?"

"Oh, they can't compete with us," replied Mr. Carnegie, with a smile.

"Would you advise the British people to place their faith in combinations?" said the interviewer.

"I'm out of business," responded Mr. Carnegie, "and I know nothing about combinations."

When questioned regarding his recent gift to the universities of Scotland, he said:

"Everything will be settled shortly in a way satisfactory to both sides. The high Scotch officials and myself are still having conferences to arrange matters."

When asked if he contemplated further gifts, he replied in the negative, adding:

"I have quite enough on my hands for the present. When this matter has been settled there will be time enough to think of something else."

THE CONSTITUTION DISMASTED.

Cup Defender's Accident Will Not Interfere With International Races.

Newport, R. I., June 5.—The cup defender Constitution was dismasted while on her trial spin yesterday afternoon. The accident happened while the yacht was off Brenton's Reef Lightship, about three miles out from Narragansett Pier. The tender Mount Morris took the Constitution in tow and brought her to Newport.

No one was hurt in the accident on the Constitution, although one of the mates was swept overboard. He was rescued and suffered no harm.

"The accident," said a leading yachtsman, "will cause no delay in the cup races, for we had forescen and prepared for just such a contingency. You remember the Columbia had a similar accident, and when we prepared to build the Constitution we decided to have two masts made. The second mast is ready for use."

Three Passengers Killed, Sixteen Hurt.

Atlanta, Ga., June 5.—A switch engine in the yards of the Southern railway shops, near the city limits, dashed into a passenger train as it was passing yesterday, killing three passengers and injuring 16, three of them. It is feared, fatally. The dead: Mrs. A. A. Lemmon, of McDonough, Ga.; Irma, 10-year-old daughter of Mrs. Lemmon; R. H. Vickers, Florville, Ga. Fatally injured: Mrs. Julia Kersey, Atlanta; A. F. Bunn, McDonough, Ga.; D. A. George, Rex, Ga.

Not "Substantial" Compliance.

Washington, June 5.—The president and the cabinet at their meeting yesterday decided that the action of the Cuban constitutional convention was not a "substantial" compliance with the terms of the Platt amendment. The secretary of war was instructed to convey this fact to the convention in unqualified terms.

Lived a Hundred and Eight Years.

Greensburg, Pa., June 5.—John Gaskind at his home near Suterlyville Monday. He was considered the oldest man in western Pennsylvania, if not in the state, being 108 years old. He was never married, and for years made his home with the Pierce family and their descendants from one generation to another.

THE PHILIPPINES GOVERNMENT.

Civil Authorities Will Assume Control on July 1.

Washington, June 5.—About the first of next month full civil government will be set up in the Philippine Islands, exactly as projected by the Philippine commission. As soon after that date as an administrative machinery can be made ready for it the new Philippine tariff will be proclaimed, also following out the original plan formed before the announcement of the decisions of the supreme court last week.

The civil government to be set up is to be established under the military government, and will be a civil government exercised through the military power of the president. The collector at San Francisco will continue collecting Dingley duties on imports from the Philippines, as the cabinet has assured itself that the practice is legal, or at any rate that they are not bound to declare otherwise in the absence of a controlling decision by the highest judicial authority.

It would not be feasible to notify Judge Taft by mail of his appointment as the first civil governor of the Philippines in time for him to assume office July 1, so this must be done by cable.

SEVEN PICNICKERS DROWNED.

Party of Young Merry-makers Carried Over a Dam.

Philadelphia, June 4.—A rowboat containing a merry party of eight young persons was swept over Flat Rock dam, in the Schuylkill river, last Thursday afternoon, and seven of them, five girls and two boys, were drowned. The victims, all of whom were Philadelphia, were: Florence Densmore, 15 years old; Mazie Kenny, 18; Maud Rutter, 19; Mamie Sullivan, 21; Florence Bond, 21; Bertram Osmond, 19; Roy Ricker, 18. The young man saved is John Moore, aged 21 years.

The party was composed of members of the Elm Social club, one of the numerous associations in this city organized for the promotion of picnics and other social functions. They were having a Decoration day picnic at Rose Glen, and after dinner started out for a row. Disregarding warnings, they went out into the swift current, and were carried over the dam to the rocks, 12 feet below. The bodies of three girls and two boys have been recovered.

THE CORNELL ATHLETES LEAD

In the University Contests at the Stadium in Buffalo.

Buffalo, June 5.—In the Stadium at the Pan-American exposition grounds yesterday representatives of 16 of the leading colleges and universities in the east and west participated in the intercollegiate track and field events, which marked the real opening of the Stadium in sports. The 4,999 persons who watched the contests filled only about one-third of the seats in the great amphitheater.

The showing in points made by the different colleges and universities are as follows: Cornell, 28; Chicago, 17; Georgetown and Pennsylvania, 9 each; Westminster, 7; Beloit and Minnesota, 6 each; Yale, Princeton, Purdue and New York, 5 each; Amherst, 2.

Brodie's Imitator Met Death.

New York, June 5.—Robert Gibbons Bidwell, of Jacksonville, Fla., jumped from the Brooklyn bridge yesterday afternoon and was soon after taken from the river. When the ambulance arrived the surgeon said that the man had been dead probably an hour. The man wore a life preserver, and his body was swathed with towels, which were evidently intended to lessen the impact when he struck the water. A number of newspapers were stuffed between his body and the life preserver. As he jumped he waved two American flags.

No Extra Session of Congress.

Washington, June 5.—The cabinet yesterday unanimously decided that existing conditions do not warrant the calling of an extra session of congress this summer. Secretary Root and Attorney General Knox both rendered legal opinions to the effect that the authority to govern the Philippines vested in the president by the Spooner amendment was ample. These opinions were concurred in by all the members of the cabinet.

Wholesale Lynching in California.

Bieber, Cal., June 1.—Details have been received here of the lynching of five men at Lookout, Modoc county, early yesterday morning. The lynched were Calvin Hall, 72 years of age; his three half-breed sons, Frank, James and Martin, aged respectively 26, 19 and 16, and B. D. Yantis, aged 27. The men were charged with petty thieving. The governor has offered a reward of \$5,000 for the conviction of the lynchers.

Eight Miners Killed in Michigan.

Iron Mountain, June 5.—Eight miners were killed yesterday in the seventh level of the Ludington shaft. Chapin mine, by the deadly fumes following an explosion of dynamite. The dead are: Antonio Farnetti, John Amone, Joseph Passiri, John Milano, Louis Tassl, John Bertelli, Rinildo Ausinno and an unknown Polish miner. Nearly 30 children were rendered fatherless by the explosion.

An Open Switch, Two Lives Lost.

Newark, N. Y., June 5.—A serious freight wreck occurred on the West Shore railroad at Macedon yesterday afternoon. A light engine with a crew from this village crashed into an east bound freight train. Two men were killed and two seriously injured.

CHINESE INDEMNITIES

Now Receiving the Earnest Attention of the Powers.

THE AMOUNT DEFINITELY FIXED.

All the Powers Agree That Chinese Must Pay \$337,000,000, and the Negotiations Now Pending Are As to How This Vast Sum Shall Be Paid.

Washington, June 5.—The plan of a modus vivendi on the subject of the Chinese indemnities is now receiving the earnest attention of those interested in the Chinese negotiations, the purpose being to prevent this indemnity question from causing any interruption in the concert of the powers and at the same time to remove the indemnity issue itself so that progress can be made on the remaining subjects of negotiation, chief of which is the conclusion of permanent treaties between China and the several powers. The question over the indemnity arose during the president's western trip, but since the return of the president and Secretary Hay it has been taken up anew and thoroughly gone over with the foreign representatives chiefly concerned, including the British, Russian and French ambassadors and the Japanese minister. It is because of the importance attached to these negotiations that several of the ambassadors who had intended to leave for Europe have now deferred their departure for a month.

As a result of the exchanges of the last few days the question has resolved itself to about the following basis:

There is no further issue as to the total of indemnity, that being agreed upon by all the powers at \$337,000,000. But there remains the question of how this amount shall be paid. The Russian suggestion, which appears to have the approval of a majority of the powers, is that China issue bonds for the full amount, and that all the powers then unite in giving a joint endorsement, or guaranty, of the payment of them. The desire has been not only to secure the assent of a majority of the powers to this scheme, but the unanimous approval of all of them. This, however, has not been accomplished up to the present time, and it is for this reason that the modus vivendi is now being considered as a possible means of bringing about united action.

The British government is not favorable to the Russian proposition, and the British view has taken form in a plan to have China issue her own bonds to the several governments, each government thereafter adopting its own course as to an individual guarantee. The policy of the United States concerning the Russian proposition was made known in part during the president's western trip, although the final course of this government is still considered open and is the cause for the extended conferences between the ambassadors and Secretary Hay.

The chief difficulty which the United States finds as to a joint guarantee, is that the constitution does not authorize the executive to guarantee bonds in the absence of the approval of congress. As to the attitude of congress it has been stated during the negotiations that it is very doubtful whether the legislative branch would approve a joint guarantee of such a vast total of bonds. Moreover, the American view has been that 4 per cent bonds, as contemplated by Russia, would not be a prudent investment for the United States, since the United States readily sells bonds at 2 1/2 per cent, whereas Russia 4 per cent securities sell at 98 cents on the dollar.

When this indemnity issue is settled it is believed that fully 80 per cent of the Chinese negotiations will be disposed of. The next question will be permanent treaties with China, and on this point it is expected that each of the powers will suggest certain bases of a treaty and that these ultimately will take form in a common form of treaty action.

Burglars' Fatal Break For Liberty.

Toronto, June 5.—Routledge, Rice and Jones, three men extradited from Chicago on the charge of burglary, were being transferred in a cab from the court to jail last night when a friend threw revolvers into the cab. The robbers shot Policeman Boyd dead and jumped from the cab, and then boarded a street car, which they attempted to seize. The motorman struck Routledge over the head with a motor bar, fatally injuring him, and the other two men were captured after both had been wounded. Jones will lose an arm if he recovers.

Mrs. McKinley's Condition.

Washington, June 5.—Dr. Rixey was at the White House an hour and a half last evening, and on leaving at 10:30 said: "There has been no important change in Mrs. McKinley's condition. She is resting very comfortably. Of course there are fluctuations in her condition; at times she is better and at times worse, but she is certainly not losing any ground. In fact, she is possibly gaining very slowly. There is no more immediate danger now than there has been for some time."

The Blaine-Highborn Wedding.

Washington, June 5.—Miss Martha Highborn, daughter of Rear Admiral Highborn and a reigning belle in Washington society, was married to James G. Blaine, youngest son of the late Maine statesman, yesterday at the residence of her parents. After a breakfast Mr. and Mrs. Blaine left for New York. They will sail tomorrow for Europe, to be gone three months.

BED-TIME.

Going to bed to tumble and toss and dream; to pursue in vain the phantom sleep through long, weary hours, and rise to a new day unrefreshed. Consulting doctor after doctor and taking medicine constantly, yet without relief from the ceaseless pain. For such a sufferer life has nothing left. She has no part in its pleasures and is unfit to bear its burdens. That is the case of many a woman, who is tormented by the aches and pains resulting from female weakness, and other diseases of the delicate organs of woman. Dr. Pierce's Favorite Prescription was made to cure just such cases and it does what it was made for. It heals ulceration and inflammation, dries debilitating drains, cures female weakness, strengthens the body, soothes the nerves and enriches the blood. It gives lasting strength for the day and sound sleep for the night.

There is no alcohol in "Favorite Prescription" neither does it contain opium, cocaine, or any other narcotic. It is a purely vegetable remedy, suited to the constitution of the most fragile woman.

"I Suffered Continually."

"For three years I suffered continually," writes Mrs. L. J. Dennis, of 828 East College Street, Jacksonville, Ill. "I sought relief among the medical profession and found none, until induced to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. It built me up until now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pains and such distress every month. But now I never have a pain—do all my own work and am a strong and healthy woman."

"As Luck Would Have It."

"I was troubled with falling of the womb for nearly a year, and doctored with our family physician, writes Mrs. W. B. Harter, of Buffalo, Wyoming. "Took several different kinds of medicine, some of which made me feel a little better at times, but did not cure me. I kept getting worse, and some days it was all I could do to walk across the room. I had to lie down sometimes nearly all day. As luck would have it one of Dr. Pierce's little pamphlets came to me with our mail, so I sent right away for a bottle of his 'Favorite Prescription,' and commenced taking it. I wrote a letter to Dr. Pierce, telling him of my illness, and he advised me to take also his 'Golden Medical Discovery.' Followed his directions and found relief even before the first bottle was gone. Six bottles cured me so that I could walk anywhere, and could ride forty miles in one day in a lumber wagon and come back the next day, and do my work."

Biliousness is banished by the use of Dr. Pierce's Pellets. They are small in size, easy to take, do not gripe, and never fail of the desired result.
