

DIED IN FOREIGN LAND.

Ex-Governor Pingree, of Michigan, Passed Away in London.

HIS SON WITH HIM AT THE END.

Mrs. Pingree, Who Was About to Sail From New York For Europe, Will Now Await the Home Coming of Her Husband's Body.

LONDON, June 19.—Ex-Governor Hazen S. Pingree, of Michigan, died here last night at 11:35. His son was the only one present at the time. The attending doctor left Mr. Pingree's bedside at about 11:15, promising to return shortly. H. S. Pingree, Jr., who had been watching at his father's side for four days, and who had not removed his clothes during that time, noticed a sudden change in his father's condition. He had hardly reached the patient's bedside when his father died peacefully, without warning, and with out speaking one word. Young Mr. Pingree has wired his mother and his

THE LATE HAZEN S. PINGREE, uncle in the United States not to come to London. The body of the late Mr. Pingree will be embalmed and taken to his home. Mrs. Pingree was to have sailed from New York today.

Towards the end of his illness Mr. Pingree suffered great pain, and weakened rapidly. He was unable to retain nourishment. His mind, however, remained fairly clear. During the whole of yesterday he was practically kept alive by injections of strychnine and drugs administered to lessen his pain.

Mr. Pingree's Career.

Hazen Senter Pingree was born at Denmark, Me., in 1840. In 1862 he enlisted in the First Massachusetts heavy artillery and served until the end of the war, when he located in Detroit, embarking in the manufacturing of shoes. In 1889 the Republican party nominated Mr. Pingree for mayor of Detroit, and he was elected by over 2,000 majority. He was re-elected in 1891-93-95, by increased majorities each time. In 1896 Mr. Pingree was selected as governor of Michigan by 82,000 plurality, running ahead of the national ticket by 26,000 votes. He was re-elected governor in 1898 by about 100,000 plurality and served out his term, which expired in 1900. Last March he started on the trip to South Africa which resulted in his death in London.

Ex-Governor Pingree while he was mayor accomplished many municipal reforms, among others forcing the gas company to lower their rates 50 cents per thousand; establishing the public lighting plant; organizing the Detroit railway on a three cent fare basis; lowering telephone rates and breaking up a number of sewer and paving rings that were thriving when he came into office. His potato patch scheme for the relief of the poor of the city was extensively copied and brought him much fame. While governor Mr. Pingree devoted his energies toward securing the passage of a law taxing railroads and other corporate property on an ad valorem basis instead of specifically on their earnings. His efforts resulted in the passage of a law along these lines by the last legislature.

Mr. Pingree is survived by a widow and two children, a son and a daughter.

Workmen Held Prisoners.

Wilkesbarre, Pa., June 19.—Anthony Ross, who says he escaped from the Lehigh Valley railroad shops here Monday night through a window, declares that he was detained there against his will. He says he came from Savannah, Ga., and did not discover the shops were on strike until he was put in a striker's place. He wanted to leave, but detectives on guard would not let him. He was kept there and guarded closely until he escaped. He says there are others in the same plight. The strikers have asked the sheriff to investigate.

Charged With Triple Murder.

Waukegan, Ills., June 19.—Bert A. Maggee was placed in the county jail yesterday, charged with murdering his wife, his 6-year-old child and his wife's mother, Mrs. Mary J. Herberberger, the morning of May 28. The accused was the only living witness of a fire in which the three victims perished. The fact that he escaped with all his clothing, and that he was the beneficiary of \$2,000 insurance upon his wife's life, led to his arrest.

Big Fight Against One Non-Unionist.

Wilkesbarre, Pa., June 19.—Two of the collieries of the Temple Coal and Iron company are on strike because a non-union carpenter is employed in the Forty-Fort, and as he refuses to join the union and as the company will not discharge him the union is going to make a fight. A meeting of men from all the seven collieries of the company is called, and it is expected that 4,000 men will go on strike.

INDUSTRIAL COMMISSION

Gives Out Affidavits Attacking Standard Oil.

MR. MONNETT'S DENUNCIATION.

Ohio's Former Attorney General Declares That the Company Notoriously Evades Payment of Just Taxes and Openly Violates the Law.

Washington, June 19.—The industrial commission has received and will print as a part of its permanent report a number of affidavits making reply to the testimony of Mr. John D. Archbold, of the Standard Oil company, before the commission in 1899. These affidavits are by Hon. H. E. Monnett, former attorney general of Ohio, James L. Lee, of the Pure Oil company, M. L. Lockwood, and Charles B. Matthews, of Buffalo.

Mr. Matthews' testimony relates to the operations of the Vacuum Oil company, which he seeks to demonstrate is a branch of the Standard Oil company. Mr. Lee says that it is not true that he ever admitted that the Pure Oil company is itself a trust, or that he attempted to sell any of his independent oil company interests to the Standard company. Mr. Lockwood submits affidavits to substantiate his statement before the commission to the effect that the Standard company was for a long time putting oil in tanks to be shipped to Germany for two cents a gallon, while people in Texas and Arkansas, where there was no competition, were paying 25 cents a gallon. Mr. Archbold had said there was not a word of truth in this statement.

Mr. Monnett's statement is a general reply to Mr. Archbold's testimony so far as it applies to the operations of the Standard company in Ohio. He says that not only the Standard company, but other oil companies, like the Buckeye Pipe Line company, the Ohio Oil company and the Solar Refining company, connected with it, "have openly and notoriously violated their charter and have violated the statutes of the state, criminally and civilly, and are now so violating them, and did not dare to come into court and answer the charges of such violations."

Mr. Monnett says that the influence of these companies defeated Joseph P. Bradbury for the supreme court of the state, because he was supposed to be antagonistic to them. He also charges that "they have openly and notoriously evaded the taxes due the state by making returns upon their property, in many instances estimated at less than 10 per cent of its real value, considering the earning capacity of the property."

He asserts that the company has evaded instead of courting investigation of his bribery charges, and he adds:

"Through their pipe line charges and by means of their monopoly in transportation the Standard Oil combinations continue their monopoly in handling oil in Ohio, as every consumer of oil in this state can verify by his pocketbook. They levy tribute upon the owner of the oil rock and exact from the consumer of the refined oil and its by-products its unnatural profit. The public are its victims; the little band of law violators owning and controlling shares are the beneficiaries of the plunder. The public for a short time stand aghast at their very boldness and defiance. The government alone can check their abuses."

Five Hundred Lashes For a Liar.

Camden, Ark., June 19.—Tom Watson, who with his wife swore that the negro Will Busey had committed an assault on Mrs. Watson, was taken out by a committee of citizens of Camden Monday night and given 500 lashes. The affidavit of Watson and his wife was the means of Busey having been sentenced to hang, but about three weeks ago Mrs. Watson confessed that she had sworn falsely against Busey. On learning this Governor Davis suspended the sentence imposed on Busey. Mrs. Watson said she was compelled by her husband to testify against Busey. At the conclusion of the lashing Watson was placed on a train and given instructions not to stop in Arkansas.

Another New "Third Party."

Kansas City, June 19.—Definite steps toward the organization of a new "third party," which is proposed to embrace Missouri and to form the nucleus for a national growth, were taken yesterday in Kansas City at a conference of members of the Populist state committee and a few Silver Republicans. The movement is said to have the avowed support of William J. Bryan, whom it is further hinted, is to be the new party's candidate for president in 1904.

Steel Trust Wants It All.

Cleveland, June 15.—The Leader says: "The United States Steel corporation and its allied interests are preparing to control its four big competitors and thereby lay the foundation for a monopoly of the steel industries in the United States. The purpose is to control the iron market when the dull season arrives, and by controlling the entire output possible ruinous competition will be avoided."

Festival Season..

Requires Posters, and posters for a festival are as big money makers as for a public sale.

It all depends on the size and "get up" of your poster.

Folks nowadays think that if you are too mean to get decent sized bills printed that maybe you might be mean enough to make the ice cream out of corn starch. And you all know that the big crowd is what makes the festival a success.

Printing posters is our business. We do them promptly. Can often do them while you wait.

Very respectfully,
