Unfortunately the second trial could not be taken on account of the engine drawing too much mud from the race. The test was witnessed by several hundred persons.

Owes His Life to Neighbor's Kindness.

Mr. D. P. Dangherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. That's a good showing for a Woodward boy.

Isaac M. Orndorf lost by death a valuable horse which he had bought out of a load of western horses at Millheim about a year ago. At the sale last week he bought a high priced horse and that has also taken sick. T. H. Motz at the same sale bought the highest priced horse in the load and it took lung fever. The horse was very sick Sunday, and it was not expected that he would live any time, but he has rallied again so that there are some hopes for its recovery. It is a little dangerous to buy these western horses.

Squire Herring had two chicken eggs, each weighing 4 1/2 ounces strong. But H. B. Miller had one which measured 8 1/4 x 7 1/4 inches and weighed full 8 ounces. WATCH DOGS.

Ever On the Alert—Alive to Every Form of Oppression—Kept on Edge—Burdened Beyond Endurance—Nerves Give Out.

The machinery of a mill that grinds day and night has to shut down now and then for repairs. It is the same way with your nerves. Overwork, close application, our ways of living bring about nerve waste that sets up symptoms of various kinds. It may be falling strength—weakness—languor—headache—sleeplessness, etc. Whatever it is Nerve Force is lacking and the means of restoring rest with Dr. A. W. Chase's Nerve Pills. A great many people vouch for this. Among them is Mrs. F. Morrison, of 214 E. Baldeagle St., Lock Haven, Pa. who says:—"For a long time I have been very much run down. I did not seem to have any strength to do anything—I could not sleep at night and suffered so much from headaches—my appetite was gone and I felt miserable. I got some of Dr. A. W. Chase's Nerve Pills and never before had anything do me so much good. I rested well—got stronger—felt well and gained in flesh and weight. I cannot speak too highly of them—they are all they are recommended to be."

By calling at Krumrine's Drug Store information can be obtained regarding this great success of Dr. A. W. Chase's Nerve Pills and how they were first introduced by proof of their merit.
