

RUSSIA IS SORRY NOW.

Regrets That She Retaliated For Secretary Gage's Sugar Act.

MINISTER DE WITTE'S PROPOSAL.

Would Vacate All Additional Duties Levied on American Goods, if This Country Withdraws Its Action on Sugar Differential.

Washington, July 10.—Another important exchange has occurred between the Russian government and the United States relative to the tariff. The Russian minister of finance, M. De Witte, has proposed that Russia will vacate all of the additional duties levied on American goods since the imposition of the sugar differential if the United States will vacate its action on the sugar differential.

To this Secretary Gage has replied that the offer of the Russian government cannot be accepted, as the question of the sugar differential is now in the hands of the court, thus precluding action by the executive branch. There the matter stands.

The proposition of the Russian minister of finance was the direct result of Secretary Hay's note of about two weeks ago. In that note Mr. Hay pointed out that the action taken as to petroleum was not new, nor was it meant to have any connection with the previous action of the government on sugar.

This appears to have reconciled the Russian officials in their view that the petroleum order was only another step in the policy previously taken respecting sugar. Accordingly M. De Witte's response was communicated to Washington, Count Lamson forwarding it to M. De Willant, the Russian charge here. It is not long, but is quite to the point. It makes no further issue as to the petroleum order. The chief attention is given to sugar, and the specific offer is made to vacate immediately the increased duties which Russia has levied, if the United States will vacate its action on sugar.

This would amount to re-establishing the status quo which existed before the United States took its initial action relative to Russia. The reductions which would have resulted under M. De Witte's tender are those affecting cast iron wares, manufactures of iron and steel; boiler work; tools for artists, factories and workshops; gas and water meters; motors and dynamos, sewing machines; portable engines, not including threshing machines; fire engines and other machinery of iron and steel; also white resin, gallipot, brewers' pitch and bicycles. The increased duties on iron and steel goods followed after the imposition of the sugar differential, while those on bicycles and resin followed the increase on petroleum. M. De Witte's proposal was to take off all of the increased duties in the course of his letter, it is stated that the second retaliatory move on bicycles and resin was not due to the American action on petroleum, although it had so appeared in the original Russian note, but that it related back to the American action on sugar.

This is thought to be the result of Secretary's Gage's reply to Russia to the effect that its action, in increasing the duty on American bicycles and resin, was a violation of our treaty with that country.

"Damascus" Dawson Pardoned. Des Moines, Iowa, July 6.—S. W. Dawson, who has served five years of a ten years penitentiary sentence for shooting Walter Scott, his son-in-law, on Christmas night, 1895, has been paroled by Governor Shaw. "Damascus" Dawson, as he is known, claims to have recovered the art of making Damascus steel and of hardening copper. Capitalists who are interested in a movement to develop Dawson's processes, secured the evidence upon which he was paroled, as he had asserted that he would die with his secrets rather than reveal them while in prison.

Barker Defense Association Formed. New York, July 10.—Friends of Thos. G. Barker, of Arlington, N. J., who is serving a sentence for shooting the Rev. John Keller, have formed a permanent organization to be known as the Thomas G. Barker defense association. The object of the association is announced to be the forcing, if possible, of Mr. Keller to take some action to clear himself of the charges which Barker claims led up to the shooting. It is said that Keller will shortly make a statement.

PIERRE LORILLARD DEAD.

Famous Millionaire and Sportsman a Victim of Uraemic Chills.

New York, July 8.—Pierre Lorillard died at the Fifth Avenue Hotel, where he was taken from the Deutschland, when that steamer arrived from Europe, July 4, at 2:10 o'clock yesterday afternoon.

PIERRE LORILLARD.

Pierre Lorillard was the eldest son of Peter Lorillard, architect of the fortune which made the family famous. He inherited much of the business ability of his father and marked success attended the commercial enterprises which he planned and executed.

In 1874 he became interested in the turf. His first horse was Parole, and with Iroquois in 1881 he was the first American to win the classic English Derby. He was also an enthusiastic yachtsman and once ran Vesta across the Atlantic. He founded and controlled at the time of his death the fashionable resort at Tuxedo. He was nearly 68 years old. He is survived by his wife, son Pierre Lorillard, Jr., and daughters, Mrs. William Kent, and Mrs. T. Suffern Taylor. He leaves a large fortune.

Frog Plague in Ithaca. Ithaca, N. Y., July 8.—All Ithaca is suffering from a frog pest due to the recent heavy rains. The frogs have appeared in great numbers. The ground in the vicinity of Renwick Park is covered with them. A train which left for Auburn late Sunday night had difficulty in working its way through the myriads which appeared on the track. The track became so slippery from the ones killed that the wheels would not take hold of the rails.

PAY CHAIRS CAUSE TROUBLE. Mob Destroys Reserved Seats in Madison Square Park. New York, July 10.—The demonstrations against the reserved park chairs for the use of which a fee is charged were continued in Madison Square park yesterday. A mob several hundred strong took the police by surprise and began a wholesale destruction of the chairs at the north end of the park. The attendant in charge was swept from his feet and carried down with his property. The chairs were scattered over the pathways, and the police reserves were unable to quell the riot for a time. They charged with drawn clubs and several men were arrested.

One of the occupants of a pay chair yesterday was Terry McGovern, the pugilist, who called upon one of the attendants "to come and collect." The attendant, however, did not accept the invitation. Late last night Park Commissioner Clausen announced that, owing to the storm of opposition which had arisen, he would revoke the privilege granted to Oscar F. Spaet to place pay chairs in the park.

County Treasurer Confesses Robbery. Minden, Neb., July 10.—Alfred Norlin, county treasurer of Kearney county, was arrested last night on a charge of robbing the county treasury and setting fire to the court house on the night of June 27. After his arrest Norlin made a full confession and took the officers to a corn field near his home, where in a box was found \$5,775. His total shortage is \$10,011. Norlin, at the time of the court house fire, said he had been assaulted in his office, robbed and the building fired. He admitted to-night that this was purely a concoction of his own.

Epworth Leaguers Getting Together. San Francisco, July 10.—The vanguard of the thousands who will attend the International Epworth League convention, to be held in this city next week, arrived last night on the eastern overland train. They hall from Decatur, Ill. Nearly a thousand more delegates are expected to arrive to-day. Thereafter every train from the east will be heavily laden with delegates, and by Saturday night it is estimated there will be 5,000 leaguers in the city.

Wright Offered Lehigh's Presidency. New York, July 10.—At a conference of the directors of the Lehigh Valley Traction company held here yesterday it was decided to offer the presidency of the company to Robert E. Wright, of Allentown, Pa. A formal meeting of the directors will be held at Allentown today. The presidency of the company was made vacant by the death of Albert L. Johnson.

A Founder of Republicanism Married. Indianapolis, July 10.—Former Lieutenant Governor William Cumbach, 72 years old, was married at Lapel, Ind., to Miss Laura Wachstatter, a teacher. Cumbach was one of the founders of the Republican party and was famous in Indiana as a Lincoln elector.

A RUSH FOR OKLAHOMA.

Thousands Flock to El Reno to Register For Indian Lands.

LOTS TO BE FORMALLY DRAWN.

Many "Sooners" Already Upon the Ground, and Serious Trouble May Result Upon Opening Day, but Secretary Hitchcock is Optimistic.

Oklahomo City, O. T., July 10.—Nearly 1,000 persons left this city last night to go to El Reno to register, preparatory to settling on the lands of the Indian cessations, in this territory, which the president's proclamations will cause to be opened on the sixth of August next.

Only one train left here yesterday for El Reno, and the coaches were crowded to their utmost capacity. Several hundred people waited at the station until the train came in, when a wild scramble ensued for seats. Men and women were boosted through the windows of the coaches, which were filled almost as soon as the train had stopped. Others stood on the platforms or climbed to the top of the coaches. Nearly every one carried a blanket and provisions. Canteens and jugs were taken along to guard against a water famine.

Reports from El Reno, the registering place, say that every train brings extra coaches crowded with people coming to register, and roads leading into the city are lined with travelers for the same purpose. The hotels and restaurants are already taxed to their utmost capacity, but there will be no suffering for lack of food and accommodations. The opera house has already been turned into an eating and sleeping house, and as rapidly as needed churches and school houses and every available room will be given up for the accommodation of the crowd. Many come with but blankets, expecting to camp out, and hundreds of tents dot the side streets.

Governor Richards, of the Interior department, and thirty clerks from Washington arrived at El Reno yesterday, and the places for registration will be ready at 9 a. m. to-day. A line of men has formed at each of these places. Governor Richards says the work of registering will proceed rapidly, and booths will be opened as fast as may be deemed necessary as the work progresses. Twelve thousand pounds of blanks arrived yesterday by mail from Washington. The reports that the registering would be enjoined by certain Indians of the Kiowa and Comanche tribes through their attorneys is ridiculed here.

Many "sooners" are already on the lands to be officially opened and serious complications may result if they are not removed before the day of opening. From Wichita, Kan., comes the news that over 2,000 persons passed through that place yesterday bound for the Kiowa, Comanche and Wichita country. They were nearly all young men and were well equipped with guns, ammunition and campers supplies.

At Washington Secretary Hitchcock said he anticipated no serious trouble with the "sooners." He said there might be several thousand people now on the lands, but there was no reason to believe they could not be gotten off easily. If they should make trouble, he said, there would be ample means available to handle them.

TO COMPEL ARBITRATION. Virginia Labor Unions Opposed to Proposed Clause in Constitution. Norfolk, Va., July 10.—Organized labor is deeply interested in the rumor that an endeavor will be made to have the Virginia constitutional convention insert a clause in the new state constitution providing a compulsory arbitration board. Meetings of the various labor unions in the different cities of Virginia have been held and delegates elected to accompany President Noel, of Roanoke, the head of the Federation of Labor in this state, to Richmond at once, where the body will appear before the convention and enter a vigorous protest against the adoption of the compulsory arbitration clause. They are in favor of a state arbitration board, but are opposed to it being made compulsory, because they fear the appointments of the board members may be controlled by corporate interests.

IT'S A SERIOUS THING

For a woman to come to that period known as change of life. It is almost always a period of suffering, and the derangement of mind and body is sometimes so great that the family life is utterly marred by the unhappy wife and mother. One thing which makes this condition especially sad, is that it is almost always unnecessary. There are times when Nature needs help. Originally it may not have been so. But centuries of artificial life have robbed us of original strength. Nature usually needs assistance at the birth hour; she usually needs it also at that period when the capacity for maternity has terminated. The assistance Nature needs is provided in its fittest form in Dr. Pierce's Favorite Prescription. It so nourishes the nerves that the nervous condition is entirely cured. It strengthens the entire womanly organism, induces refreshing sleep and keeps the mind bright and buoyant.

"Favorite Prescription" is a non-alcoholic and non-narcotic medicine. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life," writes Mrs. Lizzie A. Bowman, of Matamoras, Washington Co., Ohio. "Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day and do not suffer. I recommend 'Favorite Prescription' to all women suffering in the period of change of life. It is the best medicine I have ever found."

Every woman should send for a FREE copy of Dr. Pierce's Medical Adviser. Send 21 one-cent stamps to pay expense of mailing ONLY for the book in paper covers, or 31 stamps for cloth, to Dr. R. V. Pierce, Buffalo, N. Y.
