DRAWING FOR HOMES. A WEEK'S NEWS CONDENSED.

The Government's Unique Lottery for Oklahomo Lands.

MANY THOUSANDS PRESENT

Names First Drawn Were Greeted With Wild Cheers-Crowd Suggested That Lucky Man and Woman Should Get Married.

El Reno, O. T., July 30 .- Oklahothe commissioners appointed by the Elizabeth, N. J., yesterday aged 60. Federal government adjourned the drawings for the day 1,000 of the choice of the 13,000 160-acre claims in the Kiowa-Comanche country had been awarded.

The first name drawn from the wheels was that of Stephen A. Holcomb, of Paul's Valley, I. T., for a homestead in the El Reno district, and the second, Leonard Lamb, of Augusta, O. T. These two men select the two choicest claims in this district. The capital prize winners, however, proved to be James R. Wood, of Weatherford, O. T., whose name was the first to come from the Lawton district wheel, and Miss Mattie H. Beals, of Wichita, Kan., who drew second number in that district. They won the first filings in the Lawton district, and will undoubtedly choose the two quarter sections adjoining that town. These are considered the most valuable in the territory and are, it is estimated, worth from \$20,000 to \$40,000 each. It is estimated that fully 25,000 persons witnessed the drawing.

Every man who did not draw a prize from the wheels yesterday had steadfast faith that to-day or to-morrow will surely see him the possessor of a slip reading him a title clear to 160 acres of Oklahoma's land.

When the close of the drawing for the day was announced at 6 o'clock hundreds who had neither eaten nor drank during the day sank to the ground where they stood from sheer fatigue or went wearily to find places for rent or to refreshment booths uptown. The day was remarkably free from quarrels, and general satisfaction with the government's method of disposing of the land was fe.t.

It has been found that many hundred applicants have "repeated." and of the state quarantine board. that others have applications so illegible that they will be thrown out. Over this much discord has resulted, and the outcome may be an appeal to the

The first name brought out for the Lawton district was that of James R. Woods, of Weatherford, O. T., and the crowd went wild. This meant that Woods would be able to claim the quarter section adjoining Lawton town, one of the choicest in the entire

The second ticket was drawn, and Colonel Dyer cried out: "I have the first woman to draw a prize, Mattie H. Beal, of Wichita, Kan.

Then Colonel Dyer gave her description as 23 years old, 5 feet 3 inches in height, "just the height of Woods."

Instantly the crowd caught the humor of the situation, and thousands of throats sent up the shout: "They must get married."

The eighteen h winner in the Lawton district was Minerva McClintock, aged 25, of Oklahoma City. She was married Sunday, and by this act forfeits her right to the claim. She might have chosen a claim near a county seat town worth several thousand dollars.

POTATO FAMINE THREATENS US. Great Scarcity of Homely Vegetables

That Made Ireland Famous. Philadelphia, July 31.-The entire east is threatened by a potato famine. Here are a few startling facts:

Potatoes, which last year at this time sold at \$1.25 a barrel, now sell at \$4, and dealers do not hesitate to declare that the \$5 per barrel mark will be soon reached. The early crop. during the unfavorable weather conditions, rotted in the ground. This happened in all the potato growing sections. The shipments from the South are all in. They were only half what they were last year. The only thing that can check the upward price of potatoes will be the late crop, and this is not due until September. From all parts come the same cry of crop failure. It is wafted here from the interior of this state and from New Jersey and Delaware. There is some hope held out that the yield from New York and Michigan will be satisfactory, but it is only a hope. Maryland appears to be the only state that will give a fair crop.

Walking to Work

Is the only way in which the business woman, employed in store or office, can get open air exercise. Is it any wonder that she often grows pale and thin and developes a tendency to "weak lungs." She does not feel that she can afford to take rest. She cannot indulge in a change of climate. Often she is the important bread-winner of a family, and feels that she must keep on until she drops. So the cough gets a deeper hold, hemorrhages appear, and disease tightens its grip upon her. Why not fit the lungs to the climate instead of seeking a climate to suit the lungs? Why

not keep at work and grow stronger instead of weaker day by day? It can be done by the healing help of Dr.

Pierce's Golden Medical Discovery.

Whenever there is pain in breathing, soreness of the chest, obstinate cough, bleeding from the lungs or any other symptoms of disease of the respiratory organs, begin the use of Dr. Pierce's Golden Medical Discovery and continue the use until cured. Ninety-eight in every hundred who have used "Golden Medical Discovery"

for "lung trouble," have been perfectly cured.

There is no alcohol contained in "Golden Medical Discovery," and it is entirely free from opium, cocaine, and other narcotics. It is a temperance medicine.

Do not be imposed upon by substitutes for Dr. Pierce's medicines. There is no medicine "just as good" as "Golden Medical Discovery," because there is no medicine which can show an equal record of cures. Ask for "Golden Medical Discovery" and insist on having it.

Was Very Sick.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Defaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so awful bad. Had a bad cough, spit blood, and was very short of breath. I had pains in my chest and right lung, also had dyspepsis. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, now I can do a small washing. I feel like a use person."

Words of Sincere Praise.

"I have been taking your medicines," writes Mrs. W. M. Bowers of Lynch, Boyd Co., Nebraska, "and I can't say enough in their praise. They have helped me more than all our doctors have helped me in two years' doctoring. I spent dollars upon dollars for my lungs and received no benefit from the medicine I took until a lady friend advised me to write to Dr. Pierce. I did so, took his kind advice, and am now so well as to be able to do ny own work. I also took the 'Golden Medical Discovery' and the 'Pellets' six months for liver disease and indigestion, as the kind doctor advised. I know that reached the case, as it has helped me so, "You may use this testimonial if you wish, for it is sincere."

The use of Dr. Pierce's Pleasant Pellets will ensure that healthy action of the bowels without which there can be no general health of the body. They are especially valuable to business women, whose confining occu pations preclude proper exercise.
