About Roads.

My Friend, Editor Democrat:—There appeared in the Spring Mills items a reference to the road in Georges valley which we claim is not correct, and challenge the author to prove it. Our roads will compare favorably with those of adjoining townships. Hands are hard to get on account of bad weather and roads are hard to keep up on account of the heavy rains and farmers busy. Farmers are the ones we get our living from, and we don't wish to burden them more than we can help. I know we all desire better roads, but it takes money to do it. I hope that man will not lose his hide on these roads—let him come to me, I will talk to him. SUPERVISOR. Beech, Pa.

RESOLUTIONS.

To the Masters and Members of the Granges of Centre County:

At the recent meeting of the Centre County Grange the following resolutions were presented:

Resolved, That we cordially invite every Grange in the county to appoint several persons to recite and five or six people to assist with the music at the meetings at the Grange Encampment, Sept. 14th to 20th. Also that the committee of arrangements provide separate tents as headquarters for all the Granges in the county where members can store their baskets, wraps, etc., so as to secure them against loss.

We would earnestly invite and urge you to inform every member of your Grange of the foregoing arrangements. Come and show to the world that we believe in farmers organizing and standing together for their mutual protection. Inform the committee as early as possible as to whom you have appointed to recite and assist with the singing. They need not necessarily be Patrons. Respectfully,

L. R. RHONE, JOHN DAUBERMAN, GEO. DALE, GEO. GINGRICH, G. L. GOODHART.
