SPLENDID FAIR. The opening of the Centre County Fair on Tuesday, was attended by larger crowds than expected considering the rain of Monday night and appearance for more rain during Tuesday. So far as concerns the fair, it is better than the good fair last year, and favorable skies will bring the attendance of large crowds Thursday and Friday. The races are all that the advertisements promised, and the exhibits are better than at any previous county fair. All in all, the management deserves credit for giving our county a first-class fair. Among the leading exhibits the following may be mentioned: Rock Farms, horses and cattle, choice exhibit. A. M. Brown, Penna's Furnace, cattle. D. F. Houser, Houseville, cattle and swine. D. H. Shivery, Bellefonte, cattle. State College, excellent exhibit of fruits, vegetables, grains, seeds, &c. Mingle's shoe store, fine display of all kinds of shoes. D. Noblet, Pillow, Pa., rare exhibit of poultry. The De Laval Separator Co., New York.

The De Laval is the oldest and the first invention by which cream was extracted by centrifugal force, has been on the market for more than twenty-one years, being in use in every civilized country where dairying is in vogue. Owing to its simplicity of construction and peculiar skimming device, places it the front in the line of separators. Being almost universally used by the successful dairymen of the country. Thousands of butter makers obtain the highest scoring on their product, to which they attribute largely the use of these machines, being unexcelled as a renovator and purifier of milk and cream.

There are innumerable miscellaneous exhibits, in fancy needle work, canned goods, preserves, jellies, cakes, pies, &c. Refreshment stands, for soft drinks, sandwiches, fruits, &c., face you at every turn, and the merry-go-round is there too, and so is the juggler, fortune teller, and unal fakirs. The Coleville band discourses fine music to the crowd on the ground, and to the occupants of the grand stand during the races. Card of Thanks. —A. A. Kohlbacker, of Milesburg, takes this method of extending his sincere thanks to his friends and neighbors of Milesburg, for the kindness and assistance shown on the death of his wife, and for their expressions of sympathy in his sudden bereavement; also his thanks to the pall-bearers for their kindness in his hour of grief.

KIDNEY OR LIVER. A Diversity of Pains Come to the Side and Back—Sometimes Its an Ache That Lingers Along or Comes back. The location of a pain is easy, but the location of the cause is necessary for its removal, and that is the trouble with aches and pains to the side, back and shoulders, sometimes it is caused by the kidneys and sometimes by the liver or a complication of the two. The marked success of Dr. A. W. Chase's Nerve Pills is on account of their two fold action on Kidneys and Liver. Joseph McSuley, of 88 Logan St., Bellefonte, Pa., says: "During the past my kidneys and liver have been the source of a good deal of trouble and annoyance to me making its presence known by dull pains through the loins and side and constipation. I got some of Dr. A. W. Chase's Nerve Pills at Krumrine's Drug Store and I must say the results of their use have been all that I could desire. They gave me prompt and thorough relief and I am glad to recommend them." Dr. A. W. Chase's Nerve Pills are sold at 50c. a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N.
