Woodward.

This is the time of the year when we may look for frequent changes in temperature. Quite a difference between the hot, sultry air of last Saturday and the chilly breezes on Sunday. Miss Mary Yearick and lady friend, of Lancaster, were guests of the former's parents, Mr. and Mrs. Frank Yearick. John Hosterman, of Georges Valley, was in town last week calling on friends and relatives. He was accompanied home by Miss Sadie Ordorf, who expects to stay there for some time. Beckwith has been seriously ill for some time past. While shoeing a horse last week one day, Samuel Hoover had the misfortune of having a rib broken. By sentry Cured Without the Aid of a Doctor "I am just up from a hard spell of the flux," (dysentery) says Mr. T. A. Pinger, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Green's Pharmacy.

Ferguson.

During the recent severe thunder storm lightning struck the I. O. O. F. hall at Pine Grove and telephone poles and trees were splintered into kindling wood. On Friday 30th a happy neighborhood assemblage met at the Goheen mansion at Rock Springs to honor one of the oldest residents of the valley, John Goheen. The occasion was the eighty-third anniversary of his birth and many of his near relatives and friends celebrated the event. Here he has lived most of his life, esteemed and respected by the entire community. His wife died several years ago but his home is presided over by his daughters Barbara and Bell, two of his twelve children. Mrs. Esther Rider is seriously ill. Miss Etta Keller, of Allegheny, is at her parental home on Main street. Walter Woods left Monday morning to resume his studies at Lafayette College. As Cyrus Gearhart was chopping wood in the barrens, his ax caught on a bush whence it bounded onto his shoulder causing an ugly wound. Rev. A. A. Black was making a call at the home of L. Harpster, late of India, filled the Lutheran pulpit at Pine Grove Mills, Sunday morning and Pine Hall in the afternoon. Quite a number of our farmers finished seeding last week. Michael Hess, of Bellefonte, was the lucky man who got the old Henry Meyers farm knocked down to him last Friday at public sale at sixty dollars an acre. A cool wave passed over our town last Sunday. Our farmers are very busy putting out their next years crops. One day last week the house on one of the farms owned by Wm. Wiltmer, Sr., caught fire, and in spite of all their efforts was burned to the ground. We think there was no insurance on the property. Miss Gertrude Kelley, who has been very ill with typhoid fever, is getting well again. Many of our towns-people attended the Soldiers' Reunion at Pine Grove last Saturday. Miss Elizabeth Hoover left last Sunday for Mt. Pleasant where she will teach school the coming winter. We wish her success. Miss Mary Musser, Mrs. Young and Mrs. Wm. Wiltmer are on the sick list this week. Daniel Stine and son, Dorsey, attended the Pan-American Exposition last week; they report having had a fine time. Many of our neighbors intend going to the fair this week. On last Friday morning the death angel entered the home of Craig Hunter and carried away their little son aged 3 months. We extend our warmest sympathy to the bereaved parents. Jerry E. Stine, who has been spending some time at Johnstown, has returned home for a little while before going to college. Sellar's school will open next Monday, September 16. Miss Mabel Norris, of this place, is teacher.

Patterson has had a new porch put in front of his house which greatly adds to the looks of the house. Kuhn, on Friday. Samuel Hileman, of Lebanon, is at present visiting among his friends in this place. Quite a number of our citizens attended the soldiers' reunion at Pine Grove, on Saturday. Ira Stoner, one of Potter townships bright young school teachers, called at the mountain home on Friday. Our Linden Hall scribe was talking of chestnuts that the scribe put in the paper from this place, well we would say that he ought to surely know what are chestnuts, as he spends most of his time between the chestnut trees along the mountain and the pile of old chestnuts he has laid away in the garret for use this winter while he is trying to drive some knowledge into the heads of young America. He says he is going to use some of his old chestnuts in his grammar class as he can not find out what the subjects of some of them are. Good plan, old boy. Chestnuts?

Unionville.

Since our last—Dr. Bush, veterinary surgeon, of Bellefonte, spent part of two days in our town, professionally, testing Dr. Van Valin's cow for tuberculosis. The Dr. declared the cow free from said disease. W. A. Peters has built an addition to his residence and when painted will be a great improvement. Billy is bound to keep up with the procession. Geo. W. Morrison, Wm. McEwen and Tomer Calhoun are visiting the Pan-American and were there at the time when an attempt was made to assassinate our beloved President. We hope neither of them will be implicated in the sad affair. Miss Hester Simler, the charming daughter of Geo. B. Simler, of Phillipsburg, is the guest of Marian Rumberger, at the home of the latter's parents. The paper most sought after at this office is the Centre Democrat. Everybody reads it and it has a wonderful effect on the morals of our people for good. The Misses Minnie and Allie Senser will leave shortly for the Buffalo exposition. So says "Bennie." Billy Cannon, of Tyrone, with his crew of assistants, is beautifying our railroad station with several coats of fresh paint. Our obliging post master, General, Andrew Jackson St. Clair, will keep space with the times by laying a brick pavement in front of his residence. We wish a few others we might name could go and do likewise. Miss Flora Brugger had quite an original and unique way of sending invitations to a peanut party—she took peanuts, opened them carefully, removed the kernel, placed the neatly written invitation on small slip of paper in the shell, carefully closed it, and tied the two parts neatly together with a blue ribbon, not forgetting to tie it in a neat bow, and then sent them around with a messenger boy. "Clayt" Stover said it was the most valuable peanut he ever possessed. John H. Cadwallader, one of our most popular young men, who has been clerking in A. J. Greist's store for over three years, has severed his connection with that firm and he and his sister, Miss Carrie, went to Ambler, Pa., where he expects to locate permanently. We wish him abundant success. Our schools opened on last Monday with the following number of pupils: Grammar school, Prof. Elmer E. Hotter, principal, 24 pupils; Intermediate, Miss Carrie Daley, teacher, 18 pupils; and Primary, Miss Alta Buck, teacher, 32 little pupils. On last Friday evening a couple of Mormon elders, of Catch City, Utah, held an open air meeting in the diamond. Elder Orian A. Pellet opened the exercises with a sacred solo, which was about as musical as that made by a stone crusher in operation. The other then led in a very short prayer after which another solo, followed by a sermon by one of them who spoke about twenty minutes, followed by the second speaker, who also spoke about twenty minutes. They were fine looking men of prepossessing appearance, spoke nicely, but their sermons consisted mostly of scriptural quotations, and seemed as if they had been written and committed to memory. A large crowd gathered to hear them and to the credit of our people be it said, exceedingly good order prevailed; no converts were made to the Latter Day Saint's religion, and we heard of no women being kidnapped by them. They managed to "jump" their board bill at the Hotel Stover. They were genuine "Latter Day Saints" all the same. Just as we were going to mail this batch of items Mrs. Sophia Stover received a telegram that her son, Bing Stover, of Wheeling, West Virginia, was dead. No particulars were given. Mr. Stover was an engineer on one of the many railroads that centre in that city. He leaves a wife and several children. The supposition is that he was killed on the railroad.

Potter Twp.

Mrs. Adam Krumrine, of Tusseyville, last week made her annual visit among relatives and friends in Ferguson twp. Love, of Lewisburg, will remove with his family to Pittsburg, where he has secured a very good position in a large mill. He left on Monday and the family will follow as soon as possible. For a number of years he has been employed in the East Lewisburg planing mill. Hud is a native of Tusseyville, a son of Ex-Judge Love, dec'd, and well known in these parts. A. Miles Arney, of Centre Hall, has resigned his position with the General Electric Co., at Schenectady, in N. Y., to accept that of assistant in the Electrical Laboratory at Penn'a State College, and will fill the position with the opening of fall term, beginning September 12th. Mr. Arney graduated at State with the highest honors. Farmers Mills. Miss Armbruster, an esteemed young lady, formerly of this place, has returned to Bellefonte after a pleasant visit of several weeks among friends here. W. E. Hagan and Bessie Brown are on the sick list at present. W. F. Homan is with his parents on account of illness. Robert Homan and wife and Mrs. Rishel, of Zion, and Miss Kline, of Oak Hall, visited at Em'l Fye's. The family of J. H. Rishel was pleased to entertain a number of interesting friends over Sunday.

High Valley.

News came to the valley that that our President was shot—aint it awful! Henry Stoner, from Potter twp., was a welcome visitor at the scribes, on last Monday, and purchased a fine cow. Jess Snyder was on the sick list, but is out and around again. The real estate agent left the valley and took hold of his old business. Solomon Snyder is at present in the valley looking up minerals; hope he will succeed; he claims that Jess Snyder has a body of it. Dr. Snyder is busy making a pair of shafts for his new buggy. Samuel Snyder sold his fine bay horse last week. It is rumored that the valley will have a new neighbor in the spring; that is what we want, good neighbors. On last Monday the whistle of Thomas Keen's mill gave notice that he is now ready for business. Samuel Alter is at present lifting his potatoes; he says they turn out better than his wheat did. The Waite and Keister peach orchard is booming—lots of peaches and lots of buyers. Henry Eisenhuth will not move this fall on the farm that he purchased from John Stoner, at east end of the valley. The bugs will not yield up possession until April, 1902. Miss Minnie Bilmeyer, from Sommer-set, is visiting her grandpas, at Ingleyby. Mrs. Kramer, from Aaronsburg, is visiting at Dr. F. Barkers. W. E. Smith, a gold democrat from Millmont, was seen at Ingleyby—was looking at Henry Eisenhuth's fine young match team. News came from Reuben Eisenhuth that he took a basket; his leg is healing he says. Henry Eisenhuth, his father is afraid they will have to amputate it, yet. Albert Asman was in the valley looking up pulp wood; he says it tired him to come by the ladder, but when up there it's a nice place.

Walker.

The young ladies of the United Evangelical church, of Jacksonville, will hold a social at the church on Saturday evening, Sep. 14th, for the benefit of the church. Four Ministers

Tell of Magical Results Brought About in Burning, Itching, Bleeding Skis Troubles by Dr. Chase's Ointment. Dr. Chase's Ointment draws more praise from ministers, physicians and lawyers than any other medicine in the world. It is endorsed by every profession. Extracts from their Letters. Rev. W. N. Edwards, Baptist minister, 109 Trinity Place, Buffalo, N. Y., writes: "For over fifteen years the itching piles have been a source of constant annoyance to me, and frequently, too, the suffering has become intense. At times there was bleeding and the itching and burning was beyond endurance. The results I have derived from Dr. Chase's Ointment have been magical and the benefits lasting. I feel it a duty to fel-low sufferers to recommend it." Rev. J. N. Van Natter, Methodist minister, Albion, Wis., writes: "My wife was terribly afflicted with protruding piles and contemplated a surgical operation when her notice was drawn to Dr. Chase's Ointment, and less than one box effected a cure." "I then used it for an unlighty and troublesome skin affection, which had baffled medical skill for twenty-five years. Dr. Chase's Ointment thoroughly cured it. For piles and skin disease it is worth its weight in gold." Rev. J. A. Baldwin, Baptist minister, Arkona, Ont., writes: "For over twenty years I was a great sufferer from itching and protruding piles. I used many remedies and underwent three very painful surgical operations, all without obtaining any permanent benefit. When about to give up in despair I was told to use Dr. Chase's Ointment and did so, finding relief at once. I used three boxes, and am entirely cured. The itching is all gone. I have advised others to use it, believing it would cure them as it has me." Rev. Chas. Fish, Methodist minister, 195 Dunn avenue, Toronto, Ont., writes: "Ten years ago eczema began on my ear and spread over my head and hands. During that time I was a great sufferer. I tried many remedies, and some of the best physical cures—specialists on skin diseases—treated me. The first box of Dr. Chase's Ointment gave me relief and five boxes completely cured me. I think my cure a marvel, and gladly recommend Dr. Chase's Ointment." Just as good for every form of skin trouble, no matter how long standing. 50 cents a box, all dealers or Dr. A. W.
