AN UNEQUALLED RECORD.

There is a Rapidly Increasing Volume of Bellefonte Evidence Rolling up for the Great Medicine Dr. A. W. Chase's Nerve Pills.

It would seem that hardly anyone can take Dr. A. W. Chase's Nerve Pills without receiving marked benefit. The wonderful action of this medicine in putting people on their feet who are in a weak, run down condition, is the talk of every place they are known. It is only a short time since they first came to Bellefonte yet to-day they are more in evidence for merit with Bellefonte people than all other medicines combined.

Soloman Garrett, of 30 Allegheny St., Bellefonte, Pa., says: "I had been feeling very much run down for a long time. My head ached a great deal and I felt tired and sore all over. I was also bothered with sleeplessness at night. I felt that I was going to give up. I saw Dr. A. W. Chase's Nerve Pills so highly recommended I got a box at Kramm's Drug Store and they did me a great deal of good. I felt better after using them and have no hesitation in recommending them to others."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase, Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Bird-Shot For Tiger.

No use to hunt tigers with bird-shot. It doesn't hurt the tiger any and it's awfully risky for you.

Consumption is 'a tiger among diseases. It is stealthy—but once started it rapidly eats up the flesh and destroys the life. No use to go hunting it with ordinary food and medicine. That's only bird-shot. It still advances. Good heavy charges of Scott's Emulsion will stop the advance. The disease feels that.

Scott's Emulsion makes the body strong to resist. It soothes and toughens the lungs and sustains the strength until the disease wears itself out.
