Unionville.

David Pratt, wife and little daughter, of Houtzdale, Sundayed at the Pratt home.

Charles Greist, chief clerk for T. E. Greist, has been confined to his room for more than a week, with some disease of the eyes, being totally blind for a part of the time. We notified that "Isaac" is improving and will soon be himself again.

Miss Marie, daughter of Mr. and Mrs. T. E. Greist, has also been on the sick list during the last week.

The school board have secured a substitute for Miss Alice Buck, teacher of the primary school, in the person of Miss Dougherty, of Coanamaugh. She will continue to teach until such time as it will be considered safe for Miss Buck to resume charge of the school.

After all Wm. P. Fisher had one big day at his cider works. On last Tuesday, owing to the death of Robert Bierley, the Milesburg cider factory was closed, all of the Milesburg people came here. The result being, that 2000 gallons of apple juice was made.

On last Sunday evening John Shadle, of North Allegheny street, had fifty heads of cabbage stolen from his garden.

GAME NOTES OF THE LAST WEEK:—William and Arthur VanValin brought from the woods in one day 13 squirrels; Paul Shipley plodded homeward his weary way carrying 1 wild turkey, 1 pheasant, 4 squirrels. Joe Barton plunked 2 wild turkeys one of which dressed 12 pounds. Howard Holtzworth one day got 3 squirrels and the next day 4 and missed 8 others. Clayton Stover on last Saturday toted 2 wild turkeys and 8 squirrels home as the result of his day's hunt. Wm. Brus "cabbaged" 2 turkeys and 4 squirrels in one day. "Peck" Greist plifered 4 squirrels and 1 wood chuck.

Alfred Spotts and Newton Miller killed a bear in a corn field near "Spottsylvania" on last Thursday night, which dressed 240 lbs. So much game of all kinds is brought in daily that we cannot keep a record of all. "Peck" says he never knew squirrels to be as plentiful as they are this season.

Paul Shipley is wearing a linen covering saturated with arnica on the third finger of his right hand; the result of reaching in the burrow of a woodchuck after he had dug to within an arm's length of the animal's dining room, expecting to catch it by the tail and draw it out, but the chuck had the business end of his corpus toward the entrance of the burrow, and "closed down" on his said finger, causing a very painful wound. Paul says he will use a pair of ice tongs next time.

On last Tuesday about noon, Mrs. T. E. Greist and Miss Maggie Rich drove the two trags in an open buggy to the Union cemetery, about a mile west of town, for what purpose is not known to the writer, but as they went around the short turn in the road near the school house, the horses frightened at a stump on the upper side of the road, and turned quickly around throwing both the ladies out of the buggy down over the steep side of the hill but fortunately they were but little hurt, save a serious shock to their nerves, the horses then ran back to town at a speed they were never known to run before, made several turns in the streets and were finally stopped on the middle of the bridge spanning Bald Eagle creek, by Wm. Summers. Joe Barton then drove them back to see after the ladies and found them coming home on foot, somewhat excited but safe. And now comes a more pleasing picture. On Wednesday evening, at 6 o'clock, just thirty hours after what might have been a serious, if not fatal, accident, Miss Margaret Masters Rich, one of the ladies that figured in the "run-off" excitement, was happily wedded to Charles H. Hicks, of Williamsport, at her home in this city. Miss Rich is the third daughter of the late Hon. Benj. Rich, a lady of refinement and whose friends are legion; Mr. Hicks is a thrifty, prosperous manufacturer of furniture and a representative citizen. The house was gorgeously and tastefully decorated. John L. Rich, brother of the bride, was best man, and Miss Alice Henchey was bridesmaid, and pretty Miss Margaret McDonnell was flower girl. The ceremony was performed by the Rev. Scott, of the Presbyterian church. After the ceremony and congratulations all repaired to the dining room, where a sumptuous feast had been prepared in time for the event. The bride and groom left on the 8.12 o'clock train for Buffalo and other points on their honeymoon tour, after which they will go to housekeeping at Williamsport. It was a quiet wedding only their relatives and most intimate friends being present. May their journey through life be strewn with roses.

High Valley.

High Valley.

Fine weather and the farmers are busy taking in their corn crop, which is a good one.

Wild geese crossed the valley last Monday, southward.

Samuel Alter is improving his farm by adding three new posts. Sam likes to see things in a good condition.

Election is all but here, and no candidate has showed his face so far; as our voters think High valley is not counted to vote this year; if so, they must notify us before the fifth of next month.

The Ingelby Lumber Co. will move their headquarters six or seven miles east of Woodward, to cut and stock logs to the tram road for the Laurelton lumber Co. Thomas Keen will also move his large mill away from Ingelby and place it southwest of Rankelton, so he says.

John Galer, our Rankelton attorney, is helping Jess Snyder to husk corn; any one in need of his services call at Jess Snyder's cornfield on Joe Eisenhuth's farm.

The estimable young wife of Harry Cramer, of Aaronsburg, stepped off the train at Ingelby on Wednesday to pay a visit to her parents, J. F. Carker's.

Joe Eisenhuth is at present in the valley looking after his summer crop, he is making preparations to ship it to Linden Hall.

Sammy Rupp will move away from Rankelton tomorrow to take his stand at Penn Cave; he says he doesn't like to leave the town on account of the good neighbors.

Our supervisor, James Weaver, from Aaronsburg, was in the valley fixing up the road; Mr. Weaver is a gentleman, although he is a republican.

No news from Georgetown, and only a little from Drum Station: the Major is riding a wheel, so the supervisor must keep the road in a wheeling condition.

The hunting season is open! Come boys, and show your spunk; don't be afraid that the people in the valley will molest you, only keep the dogs out.

On Sunday James Eisenhuth came home; last week he was working in Somerset county. He says a man must work for all he gets there as well as here; so he intends to stay where he can hear the cook-pan jingle.

Frank Allen put a new roof on his cottage; quite a shine in Rankelton. All needed now is a few windows to the fallen house then the town takes the lead.

Spring Mills.

Last week several of our hunters complained of the scarcity of game. I presume this accounts for some of them shooting their neighbors' chickens—on the absurd pretense that a half a dozen devoured huge quantities of corn; of course this is the veriest bosh and shooting chickens under the circumstances, exceedingly small business.

Several of our young men got up a dancing party and supper at the Old Port hotel on Friday evening last, and the occasion proved a very delightful one. The supper, waffles and chicken—was gotten up in an elegant and inviting manner. The table was lavishly furnished with choice dishes and beautifully set. Landlord Schaefer won golden opinions by his courteous reception of visitors, and his pleasant and agreeable manners soon made all feel at home. Guests were present from Lewistown, Potters Mills and Centre Hill. The sun was faintly illuminating the east, when the party separated and departed to their respective homes.

Clinton Messer, of Jewel City, Kansas, John Dale and family, and Miss Lillie Dale, of Lemont, and David Bradford and wife, of Centre Hill, were guests of Dr. P. W. Leitzell, last week.

C. L. Finkle's sale on Friday last was quite a large one, and everything sold well. Horses and cows, good stock, commanded high figures. Mr. Finkle will now enter into the mercantile business in our village.

What has become of our supervisors, are they lost on Egg Hill or have they resigned? Our roads are in a shocking condition and have been for months. The roads in Georges valley are particularly scandalous condition, rut follows rut for miles, and to drive faster than a walk would simply ruin most any kind of a vehicle, why this procrastination?
