ESTEY CHAPEL ORGAN.

To be Given to Some Church or Sunday School.

Read the following conditions of awarding the Estey Chapel Organ. Note particularly two kinds of coupons cut from the paper, and premium coupons issued at the office:

CONDITIONS OF AWARD.

NEWSPAPER COUPONS.—A blank ballot or coupon will be printed in each copy of the paper and the name can be filled in same for whatever church, Sunday School or religious organization you may want to vote. These votes should be sent to this office at once, as they will not be counted after they are six weeks old, and the date and number of each will appear on them.

PREMIUM COUPONS.—Any person who pays his subscription in advance will receive a "Premium Coupon" that will entitle him to 2 votes for each month his paper is paid in advance, or 25 votes for a year in advance. No one can pay for more than 4 years in advance. Any person who sends in a *New cast* subscriber to this paper can get a Premium Coupon, entitling him to 4 votes for each month in advance or 50 votes for a year. No subscriptions will be received for less than 6 months.

Substitutions.—In no case will substitutions be allowed during this contest. By that we mean where a subscriber discontinues his subscription and then has some other member of the family or household subscribe in order to get the benefit of the NEW subscription rate. This practice formerly caused us a great deal of annoyance in revising our list. In any case where a substitution or change in name has taken place, and it is discovered, such votes will not be counted.

A ballot box will be kept in this office, under lock and key, where the votes can be deposited and will be counted each week by two judges and the result will be published regularly.

You are invited to call and examine the instrument, now on exhibition at Gephart's Music Store, Bellefonte.

CORRESPONDENTS

(Continued from Page 7.)

From Kansas.

Reserve, Brown Co., Kan. TO THE CENTRE DEMOCRAT:—I have been taking your paper for the last year, and it gave me more news than a dozen correspondents would. I like to hear from home. I was reared between Rebersburg and Wolfs Store; two years ago I was back east but didn't feel at home any more. My parents had moved away and the family I stayed with from the time I was 16 until I was 24, some had died and others left the home place, so that did not seem like home any more. March, 1893, I came to Highland, Kansas. I stayed there one year, then I moved to Reserve, Kansas. When I left the east I had hardly money enough to take me out of Penna., but now I could get two thousand dollars for my stock and implements. This is a good country for a man who wants to work, but it will not help a man who will not help himself. A man must do lots of hard work and save his money. One man can tend 50 acres of corn here and in the east it would take three men to do the same amount of work. Here we have no stone and it is not hilly, and the most of the machines are riding machines, that helps the men. Lots of the farmers use four horses on one corn plough, that way they can plough from 10 to 12 acres a day. That seems kind of fishy but James Gramley can vouch for it, as he was out west and knows what a man can do here. It would do some of the eastern farmers lots of good if they would come out here in May and stay until Christmas, then they could see how to husk corn. Lots of men out here take their team out in the morning and till noon have 50 bushels of corn on their wagon. That means 70 lbs. to a bushel, 100 bushels a day. That is more than I pull out this year, as our corn is poor. It was too wet in the spring and got too dry in July and August, but we had a good wheat crop, oats was good, but corn and potatoes are just about half a crop. Out here the republicans said that McKinley made the good crop and good prices, I hope "Teddy" will do the same. Our Nebraska man did not promise us good crops but he is a fine man just the same. H. W. BIRKLEY, Reserve, Kan.

Tylersville.

Albert Miller had a serious runaway one day last week. While unloading corn the horses started and ran as far as John Day's where they missed the bridge and both horses fell down and laid still until help arrived. Fortunately no one was hurt.

Girls, you needn't be afraid to take Maggie home now any more, the old house is gone and the spooks won't get after you.

Now we see that some of our farmers raise their potatoes with a hay rake; that's a new way.

Fortney who had made a date several weeks ago for a tete-a-tete lecture on his trip to the Pan-American, therefore he was deprived of the pleasure of being at the banquet. Refreshments were served during the evening by the hostess, R. B. Harrisou was chosen toastmaster, which position he filled admirably. Short speeches were made by J. M. Weiland, Dr. Kidder, P. S. Ishler and John Gingerich; after the refreshments were served the host invited all that were present into the parlor where they were treated to some of the finest cigars on the market. The company left at an early hour, thanking the host for the kind and hospitable manner in which he entertained them. Mr. Boal has presented the company with a fine hose wagon, one which will not only make a show in parade but also will be a servicable one.

These beautiful lines were written by one of our Prof's., anyhow that is what the people say:
"You are an autumn leaf," said he.
"And my arms are the book you know,
So I put the leaf in the book you see
And tenderly press it so."

The maid looked up with a glance demure,
And blushed her fair cheeks worse,
As she softly said "the leaf I'm sure
Needs pressing a little more."
