HUNTING NOTES.

John S. Furst, formerly of this place but now of Williamsport, while hunting near Snow Shoe, Centre county, on Thursday, killed a deer. It was shipped to Williamsport Friday and weighed about 100 pounds.

Benj. Gentzle, Wm. Rossman and several others returned on Saturday from the Green Woods where they spent three weeks and brought down six nice deer. That was a splendid haul.

It is reported that a party of hunters from Kyles town returned to that place Friday evening with ten deer, all of them being killed near Black Moshannon.

“Jack” Nason, of Julian, who has a large lumbering operation in the Alleghenies, in the northern part of the county, was in town on Saturday. He reports deer plentiful than usual, and thinks that at least forty were killed in that section this season. Mr. Nason says a different specie seems to have migrated here.

They are much like the black deer found on the plains while the native deer is whiter and especially about the tail. He says that the dense young growth, that has sprung up over the mountains that have been stripped of large trees by lumbering, affords the safest retreat for deer.

For that reason deer will be plenty for years to come, providing hunters keep dogs out of the woods. He is about right on that point.

Al. Dale, Isaac Miller and two other hunters killed a nice buck in the Alleghenies last week. It was Mr. Miller's shot that brought the animal down, but Dale is tickled all to pieces over the fact that he was along.

Joe Rightmour telephoned in from Snow Shoe on Saturday that he had killed a fine doe. On Monday a wagon was sent out there and strange to say the deer was quite warm when loaded. Joe evidently went out and killed the deer after telephoning. He knew just where to find it. The county Detective is a mighty hunter indeed.

Parties have been hunting deer with dogs in the Seven mountains the past season and are known. Such work should be punished.

ALUM BAKING POWDERS.

There are so many alum baking powders about, most of which are represented to be made of cream of tartar, that the following list of powders in which chemists have found alum will be of value:

I. C. - Manf. by Jaques Mfg. Co., Chicago. Contains Alum.

DAVIS' O. K. - Manf. by E. B. Davis & Co., New York. Contains Alum.

GO. DEN SUHLED. - Manf. by Monroe Chemical Co., Fairport, N. Y. Contains Alum.

The housekeeper should bear in mind that alum makes a cheap baking powder. It costs but two cents a pound, while cream of tartar costs thirty. The quality of the powder is therefore, usually indicated by the price.

HEADACHE CHARMED.

It is the Experience of Pennsylvania People that Proves the Magical Effect of Dr. A. W. Chase's Nerve Pills with Sick and Nervous Headache.

There has never come to any other medicine so great an abundance of Pennsylvania testimony as that showing the unequalled merits of Dr. A. W. Chase's Nerve Pills. There is probably no case of nervous sick headache they will not cure.

Mr. Joseph E. Cox of 1346 Pennsylvania Ave., Tyrone, Pa., says: “Last fall I got a box of Dr. A. W. Chase's Nerve Pills and both myself and wife used them with splendid results. I found I rested so much better at night and found prompt relief from the distressing headaches that had so persistently troubled me before. I have no hesitation in saying they are all they are represented to be.”
