The Body Was Found Floating Face Downward In River-Verdict of the Coroner's Jury Is That She Was

Elizabeth City, N. C., Dec. 28.-Five weeks of mystery and speculation as to the fate of Miss Nellie Cropsey terminated yesterday at 10 o'clock, when the body of the missing girl was found floating in the river opposite her father's home. The body was discovered by J. D. Stillman, a fisherman. Upon discovering that the floating object was the body of a young girl, he immediately notified the committee. When found the body was floating 16-year-old daughter, Annie, was face downward. All the wearing apparel was intact with the exception of the rubbers which Nell wore on the night of her disappearance, and that was missing. With the exception of some slight discoloration of the face the body was in a state of good preservation and little decomposed. The body was easily identified as that of Nell Cropsey. The spot where the body was found had been dragged several times since her disappearance, but with no result.

Young Wilcox, who last saw Miss Cropsey alive, was arrested, charged with murder.

Verdict of Coroner's Jury. The verdict of the coroner's jury was: "We hereby report that from investigation made by physicians, Ella his property should be given to his M. Cropsey came to her death by be- brother and to his aged mother, and ing stricken a blow on the left temple and by being drowned in the Pasquotank river. We have not yet investigated nor heard any testimony touching as to who inflicted the blow and did the drowning. We are informed that one James Wilcox is charged with same and is now in custody. We recommend that investigation as to his or any one else's probable guilt be had by one or more magistrates in Elizabeth City township, and that said Wilcox be held to await said investi-

Funeral Services Held.

Elizabeth City, N. C., Dec. 30 .-Funeral services over the body of Miss Nellie Cropsey, whose remains were discovered in the Pasquotank river after a search lasting several weeks, were held in the Methodist church here yesterday. The church was crowded to suffocation, and the street leading to it was lined with people, who uncovered as the hearse drove past. The remains were taken by Andrew G. Cropsey, uncle of the girl, to Brooklyn for interment. The jail in which young Wilcox, who was arrested for alleged participation in the girl's death, lies only a stone's throw from the church. The guards were withdrawn from the jail yesterday and permitted to go home. Public sentiment is strong against Wilcox, but there is less talk of lynching and some of the ministers took occasion in their sermons to advise against mob violence.

R. W. Tumer, a member of the citizens' committee, asserted that they would have sufficient evidence to connect Wilcox with the crime. He said: "We know Miss Cropsey was killed by a blow on the head with a sandbag or blackjack. If the blow was struck while she was on the porch, then her unconscious form was dragged across the lawn to the river, only a short distance away. If the blow was struck on the lawn, we are convinced she was induced to cross the lawn by Wilcox, and that while walking across she was struck by him. There is one other witness who may be called upon to testify. It is R. F. Parker who told his wife the night after Miss Cropsey disappeared that he had seen Wilcox dragging a girl across the road in front of the Wilcox residence. We will investigate that."

Prominent New Jersey Pastors. Camden, N. J., Dec. 31.-The last respects to United States Senator William J. HIGH WATER CAUSED FIRE Came in Contact With Lime in a

Richmond Plant.

Richmone, Va., Jan. 1.-Flood, are and general excitement prevailed in Richmond vesterday. The water in the James river rose 231/2 feet, within four feet of the level of the great freshet of 1877. Lower Main street and a greater part of Fulton, the extreme eastern section of the city, were flooded. When the freshet was near its height, fire, caused by the waters coming in contact with lime, broke out in the plant of Warner, Moore & Co., millers and feed supply men. The property is situated on the creeks of the flooded district, and at one time it seemed inevitable that it would be destroyed, but a change of wind and the splendid work of the fire department averted that. The hose were carried over a line of partially submerged coal cars and buoyed on rafts made of small boats. The firemen fought the flames standing up to their waists in water. It is estimated that the occupants of some 200 small houses on this and the Manchester sides of the river had to vacate temporarily. The gas works are partially under water and the gas supply is cut off. This condition seriously cripples the newspapers, as the metal for their linotype machines is heated by gas. The incoming southern trains had to run through several feet of water. Bridges are reported gone in various sections of the state, and traffic is greatly interrupted.

He did not come back. In making public the list of articles recovered, Captain Titus said that most of the goods were found in the pawnshop, the location of which or the name of the proprietor he refused to make public, and that the remainder was found in Kern's satchel in a hotel in this city. Among the jeweis recovered was a pear-shaped diamond pendant, valued at \$20,000.

The police have Mrs. Poillon, wife EXECUTOR'S NOTICE. of a waiter, in custody. She was arrested Monday night, but the police kept her identity secret until last night. Sympathy may help a wounded heart but it won't heal a wounded limb.

That fact is so obvious that you wonder why any one can offer "sympathy" as the chief feature of treatment for the delicate diseases of women. Yet women are invited to "write to a woman who can sympathize with woman," and the theme of their correspondence is to be the delicate, difficult and dangerous diseases which undermine a woman's health and strength. It is true that such offers are combined with an offer of "medical advice." But medical advice can only be given by a competent physician, and no mention is made in such offers of a physician's or doctor's advice. It is not offered because it cannot be given. The offer is not being made by a qualified physician.

The offer of free consultation by letter, made to ailing women by Dr. R. V. Pierce, has behind it a physician's ability. Dr. Pierce is consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Associated with Dr. Pierce is a staff of nearly a score of physicians, each man a specialist. In a practice of over thirty years Dr. Pierce and his staff have treated successfully more than half a milion women, who have been cured of debilitating drains, inflammations, ulcerations and female troubles. The age, experience and skill of Dr. Pierce give him a supreme advantage in his chosen field of diseases of women.

You can write to Dr. Pierce without fear and without fee. Every letter is read privately and answered confidentially, the answer being sent in a plain envelope, without any printing upon it.

Dr. Pierce's Favorite Prescription, has been gratefully named "a God send to women," by those who have been cured by its use. It is a medicine specially prepared for woman's use. It regulates the periods, checks unhealthy drains, heals inflammation and ulceration and cures female weakness.
