DEM. COUNTY COMMITTEE, 1902.

JOHN J. BOWER, CHAIRMAN.

Table listing Democratic County Committee members by district, including names like Jno. F. Grove, John Ishler, and others.

CAUCUS MEETINGS.

The Democrats of Centre Co., will hold their caucuses for the nomination of candidates for borough, ward, township and precinct officers on or before the 25th day of January, 1902.

JOHN J. BOWER, Chairman.

FRENCH capitalists are exceedingly anxious to sell this government their unfinished Panama Canal with all its franchises. It seems settled that a canal will be completed by this government, and the Panama route may be accepted providing a reasonable price is named for it.

GOVERNOR Stone must be a "bad set" after all. Only a few months ago the anti-Quay faction of Pittsburg denounced the Governor in bitter terms and the machine glorified him. Now the machine faction is swearing at Stone and denounces him as a disgrace to the state.

THE crop of aspirants to positions on the ticket this year is beginning to materialize. It will be an important election and will embrace a large list. Among the important positions to be filled are governor, lieutenant governor, secretary of internal affairs, congress, state senator, legislators, sheriff, commissioners, treasurer, register, recorder, coroner and auditors.

BADLY ripped up are the Pittsburg ripper people. It has ripped in the wrong direction and the way the once happy machine gang are complimenting each other, including Governor Stone, with such terms as bribers, rascals, curs, and the entire list in that line, is a caution. But what is notable about it all, they are telling the truth about each other and sticking on the right label. They are simply verifying what the democrats have asserted all along. The question is, will honest men longer vote with such a disgraced set—how can they do it?

John J. Bower, Chairman of the Democratic County Committee, has announced his list of local committeemen for the year 1902. Every name on the list has pledged to serve faithfully in that capacity. The Democratic party and the County Chairman look to each and everyone for a full performance of duty, and as men you should assume the appointment with a willingness to make any sacrifice of time and effort during the year to achieve success for the party whose principles you espouse.

BOROUGH POLITICS.

Saturday, January 25, is the time set for holding party caucuses to nominate candidates for spring election, February 18th. The borough offices to be filled are treasurer, overseer of poor and auditor. The different wards will have local offices to fill also.

For borough treasurer, Chas. F. Cooke is the only name we here mentioned thus far by the republicans. Mr. Cooke answered us that he was not a candidate, but would accept a re-nomination, if tendered him.

Geo. R. Meek, of the Watchman, announces that he will be a candidate for the Democratic nomination for treasurer and we believe it will be given him without any opposition. If nominated, he would go into the campaign in earnest, and although there is a heavy republican majority to face, he would have encouragement.

Stewart Brouse, republican overseer of poor, will likely seek a re-nomination. Several democrats have been suggested to oppose him.

H. B. Pontius is the retiring auditor. The councilmen whose terms expire are W. H. Derstine, North ward; Henry Walkey, South ward, and C. T. Gerberich, West ward.

The retiring school directors are H. P. Harris, North ward; D. F. Fortney, South ward; David Haines, West ward.

EXPENSIVE EMPIRE-BUILDING.

On Saturday next the Anglo-Boer war will have been going on just two years and three months. And this is what it has cost Great Britain up to this time:

Total deaths from all causes..... 19,430
Total sent home as invalids..... 64,850
Total expend't to end of fiscal year..... \$790,000,000.

Even if the conquest of the two republics were complete to-day, Great Britain would have paid nearly \$5,000 per square mile for the 163,500 square miles of the annexed South African territory, and more than one British soldier has been killed, maimed or invalidated for every Boer soldier put in the field.

Perhaps this is not a price that "staggers humanity," but it is certainly one that staggers the British people—World.

THE time for making nominations for the spring elections is close at hand. Do taxpayers realize that this is to them an all-important matter. The best qualified men, men of good judgment and economical, should be chosen for the township and borough offices. Your road, school, and poor taxes, will be high or low as you elect good and competent men. The taxes named are the principal assessments against farmers and property owners. I often happens that men are nominated and elected for these places as a joke, without regard to fitness. No greater mistake can be made. Elect good men to your local offices and you will find good housekeeping in your borough and township affairs. Your first duty is to attend your caucus meetings and see that only good men are named.

THE TARIFF question will cause an unpleasantness in this congress among republicans. Many are getting their eyes open to the fact that the democratic policy is the correct one. The millionaires and trusts will be on hand with their weapons, cash, to prevent a modification of the tariff on lines that are just to the masses of the people. The millionaires are out for more millions, and the trusts will continue to scrape to the bone providing congress will favor them in the future as it has in the past. Have the workingmen friends enough in congress to legislate for their benefit, and give the poor man a chance?

"CAPTAIN HASSON and Senator Heinle were the last of the members of the Hason committee to leave town, and both expressed themselves as highly pleased with the results accomplished. The captain declared that the Democrats of Philadelphia owed a debt of gratitude, especially to Senator Heinle and Mr. Bigler, for the committee's satisfactory work."—Philad. North American.

QUAY, it is said, will write a book, on forty years in politics. If he puts in it all about the crooked politics he has practiced in forty years, it will make a large volume. No Pennsylvania of prominence, no half dozen of such, has been guilty of such a mass of evil and corruption as M. S. Quay. We challenge a successful contradiction.

A TRUER living friend of the masses does not live than William Jennings Bryan, nor an abler or more sincere one. His life and character are unsullied. Mr. Bryan is the noblest specimen of what the American statesman should be.

THE annual Spring elections will take place Tuesday, February 18th. Time is here for you to be thinking of nominating good men for local offices.

Bought Grain Elevators.

The two large steel tanks used as grain elevators by the Phoenix Milling Co., this place, were sold to Louis Rosenthal, of Bloomsburg, Pa., for \$450. Since the mill was dismantled and the building converted into a match factory there was no use for these large storage tanks, and were sold practically for their value as scrap iron. About 20,000 feet of timber was used on the interior for partitions. The tanks will be torn away at once to clear that space for other purposes.

AT COUNCIL MEETING.

Business at council on Monday evening:

The payment of the Geo. Bayard bill for repairing the diamond was again called up by attorney W. E. Gray. Council refused to pay the full amount, considering that they had paid all they contracted for. Suit will likely follow.

1000 feet of rubber hose was asked for by Fire Marshal, Wm. Doll, and was granted.

Petition was presented for an arc light near Peter Mendis', East High street. Referred to committee for consideration.

Burges Blanchard presented check for \$5.70, being balance of fines on hand. Borough Treasurers report showed balance of \$1074.42 on hand.

NEW BUILDING FOR WATER WORKS.

For some time the necessity of erecting a new building at the water works has been apparent. Plans for such a structure have been prepared by Architect Robert Cole and were presented.

The contemplated new building would include besides pumping station and boiler rooms, a council chamber, office for burgess and lock-up and a power room for placing an engine and dynamo for street lighting. It would be a two story building of pleasing design, built of Mill Hall pressed brick. The entire cost would be \$5,000. It would cost probably that much more to install improved boilers and pumps that are needed.

The present building is not in keeping with our town and we believe if the expenditures in this line were judiciously made, it would be approved by the community.

BUSINESS CHANGES.

A number of changes in firm and locations have been announced in the past week.

Eckenroth & Montgomery, wall-paper dealers, dissolved partnership and Robt. Montgomery will continue the business. Edw. Eckenroth has decided to open a store of his own and will occupy the Yeager & Davis shoe store room, Bush Arcade. The latter, firm will move their shoe stock two doors further west in the Arcade building in the room lately occupied by Lieberman's clothing store.

R. A. Beck, tonsorial artist, musician and bugler, has rented the corner room now used by Runkle's grocery and will equip it in handsome style. Mr. Runkle has no definite plans as to what he will do after April 1st.

W. H. Miller & Co. will move their tin store across the street and occupy the room used by Bauer & Co., who are on Bishop street.

McCalmont & Co. will move from their present quarters to the two rooms in Bush Arcade, once occupied by Ed. Rowe's furniture store. Potter & Hoy will use the room vacated by McCalmont & Co. as a warehouse.

The limestone operations about the town have passed into the hands of the trust and will be operated stronger than heretofore. More men are wanted by them.

A Cute Landlord.

George Campbell, landlord of the Colonial Hotel at York, Pa., had the laugh on Secretary of Agriculture Hamilton, Dairy and Food Commissioner Cope, and Chief Clerk Hutchinson, of the Dairy and Food Department, for a while but they have turned it on him. Some weeks ago, during the meeting of the State Dairymen's Association, at York, they were served with oleomargarine, but didn't know it until a few days ago. Mr. Cope says he fancied he was eating oleo, but did not say anything. The matter has been placed in the hands of Agent John J. Lehman, who will bring suit against Campbell for serving oleo at a hotel and not posting a notice in the dining room. The penalty is \$100.—Ex.

Diphtheria Epidemic Up at Slate Run.

Slate Run is very much worried over several cases of diphtheria in that town. At the last reports received the Pine Creek Pioneer office there were seven cases in six different families. The school board promptly closed the schools and organized into a board of health. Disinfectants have been bought by the barrel and the whole town has been given a thorough inspection and disinfectants used freely where they will prove the most effective. The houses where the disease has developed have been strictly quarantined and every effort made to prevent the spread of the disease. The people are hopeful that these efforts will be successful. According to latest reports all the cases are improving.

Christian Endeavor Meeting.

At the executive committee meeting of the Centre county Christian Endeavor Union, in the Y. M. C. A. parlors, Saturday afternoon, William Kuhn, of Bellefonte, was appointed superintendent of Evangelistic Work, and Elizabeth J. Stroop, of Milesburg, was selected as chairman of the correspondence committee, to fill the vacancy caused by the resignation of E. J. Liekert, of State College. James A. Pratt, Wm. Kuhn and Rev. Walter P. Carson were appointed a committee to arrange Union meetings, to be held at different places over the county. The treasurer reported the Union in a better financial condition than at any other time in its history.

A. A. Powell, who stands seven feet seven inches and is justly known as the Kentucky giant, was married at Starlight, Oldham county, Ky., last week, to Miss Hattie Kerlin, who measures four feet five inches. And that is the long and the short of the whole affair.
