—Charles Christ, an expert potmaker, employed in large glass works at Barnesville, Ohio, is now at home in Bellefonte suffering from an attack of asthma and bronchitis.

—Rev. Miles O. Noll, years ago pastor of the Bellefonte Reformed church, now pastor of the Reformed church, at Carlisle, some time ago had a very urgent call from the Reformed church in Washington which President Roosevelt and family now attend, but his Carlisle congregation would not hear any suggestion of his resignation. Rev. Noll was also wanted in Pittsburg, but he prefers to remain and continue his work in Carlisle, where he has succeeded in increasing the membership from two to five hundred in five years.

—Quite a number of articles were either cut down or omitted from our issue last week for want of space. When we made up the paper we had a surplus of material. We hope this explanation will satisfy those who were disappointed.

—On New Year's night the Bellefonte Athletic club held their fourth annual banquet, twenty-two members being present. The dinner consisted of eight courses which were served in the finest style. Hugh Crider acted as toastmaster.

—The Granger Fire Insurance Company held their meeting in Bellefonte on Tuesday. The company carries insurance in Centre and adjoining counties and has been successfully managed, and gives members of that order a very low rate.

—On Tuesday testimony was taken before F. P. Musser, Esq., in the Haines township road case. C. M. Bower and J. C. Meyer, of Bellefonte, were the attorneys in the case and Miss Bella J. Weaver, stenographer. A large number of witnesses were present.

—The Bellefonte Shirt Company has orders for five thousand dozen elastic seam drawers, and are now turning them out at the rate of fifty dozen per day. In referring to this job care must be taken that the proper terms are used when one would say that the employees drop their work at meal time.

—Hon. James Schofield, the well-known harness dealer, has something of importance to say in another column. It is not about the "Emerald Isle" that gem that sparkles in the seas," nor is it concerning politics; but he states a few facts, and facts are things that must be recognized.

—The attraction at the Garman Opera House, on Friday, Jan. 10, is Welch-Francis and their merry company in the laughable three act Irish farce comedy "The Flip Mr. Flop." It is a rousing farce from start to finish, with many screaming situations, and cannot help but please the amusement loving public.

—A Farce Comedy will hold the boards at the Garman opera house on Friday, Jan. 10, when Welch-Francis and their select company of fun makers will produce the funniest of all farce comedies, "The Flip Mr. Flop." —The Painters, Paper Hangers and Decorators Union, of Bellefonte was instituted here Friday evening. The following officers were chosen: President John W. Houser; Vice President, Harry Williams; Financial Secretary, Miles Osmer; Recording Secretary, John McSuley; Treasurer, Harry Stevenson.

—We did not have time in last week's issue to refer fully to the entertainment, "The Birth of Christ," given in the Lutheran church here two nights during the holidays, and add briefly the following: Three pretty tableaux were a fine feature, and much of their beauty was owing to the efforts of Mrs. Dr. Holloway. If this land needs a king or emperor, A. A. Dale will fill the bill, having so successfully represented Caesar and Herod in the entertainment. He had at his command a chief minister, Clem Dale, and a secretary, Prof. Garthoff, who carried all the dignity required for such exalted stations, and his guard was a noble looking set. The angel, Miss Lulu Stover, was a charming figure. The appearance of the Heavenly Host was grand and entrancing. All, Joseph and Mary and the infant, citizens, wise men and shepherds, acted their parts with precision. Have we an artist among us? We should say yes. Mr. Coxe, the grocer, has a natural gift in that line, of which we are convinced from the handsome drawing of the city of Jerusalem, for the entertainment, 8x5 1/2 feet, done in a style that would do credit to one more than an amateur. It is a fine piece representing the Holy City. Supt. Kuhn had charge of the announcements and devised the last tableau. The music by the choir, throughout, was charming. The seven acts rendered, were arranged and written by Frederick Kurtz, and were produced in the Lutheran church, at Centre Hall, some 15 years ago. The original manuscript was used by the author in above entertainments, in Bellefonte. The Bellefonte churches upon various occasions have given evidence of being possessed of fine home talent.

IT IS FINE.

The massive, galvanized iron cornish that now surmounts the top of the new Petriken Hall, on High street, is the finest ornament surmounting any building in town. The design is pretty, imposing and corresponds with the exterior of the edifice of which the cornish composes the cap-sheaf. It is thoroughly artistic, and the W. C. T. U. again are accorded credit for the good taste shown in this selection. The pinnacle of the cornish contains the initials of that creditable organization, "W. C. T. U." in bold letters. Farther below comes the title of the edifice, "Petriken Hall," with a full breadth, handsome floral ornament as a base, stretching across the entire breadth of the building.

—We are printing some very attractive sale bills this season. Our prices are always right.

—Last Thursday night the firm of Potter & Hoy gave a fine banquet to their many employees.

—See what Sim the Clothier says on Page 6.

How Do You Know

those baking powders are made from alum?

Their lower price, their unfamiliar names, generally betray them.

But it is not necessary for you to know. You know that Royal does not contain alum, that it makes the best food, that it is pure and healthful. You know that alum powders are unhealthy. This knowledge is sufficient to enable you to protect yourself and your family from alum baking powders and the evil results which are certain to follow their use.
