BOROUGH NOMINATIONS.

Both parties in the borough have made their nominations and the fun is likely to begin for some of the local offices. Spring elections are always interesting with us as there are some real surprises when the result is announced. On Thursday the republicans held their primaries and there was some lively work on the overseer of the poor; for the other positions there was little or no contest. The democrats held their primaries Saturduy evening and there was a slight rivalry for the same nomination. The tickets named by both parties are as follows:

REPUBLICAN. BOROUGH. Boro Treasurer-C. F. Cook. Overseer Poor-R. S Brouse..... Auditor-Isaac Underwood..... High Constable-Ben Williams. NORTH WARD.

Judge of Election—S. B. Miller... Rush Larimer Inspector—Rogel T. Bayard.......Jno N. Lane Council.—W. H. Derstine....... Kline Woodring School Director—H. P. Harris... Dr. J. Setbert Constable—R. V. Miller............ Jos. Rightnour SOUTH WARD.

fudge of Election-E.T. Tuten-Inspector-A. V. Smith......Jo Constable-William Garis..

The reason for the contest for overseer of the poor is that many people think that Mr. Brouse is not entitled to a second term; his manner of conducting that office meets with much criticism. He is charged with reckless extravagance and favoritism, and that he places his orders Tyrone Mining & M'f'g Co. to Ellis for supplies among a certain few merchants instead of dividing them up as is the custom. Another objection to Mr. Brouse came from the stalwart republicontests of late he has been unduly active in dispensing Hastings boodle to defeat -The infant child of Mr. and Mrs. them. It is the first publican County Chairman for being a touch of real winter in Bellefonte for the Quayite also stirred up some feeling and Jacob took a hand in the primaries to show them that he and some of his friends were still living in that ward, and there they gave Brouse a good trimming. The following is the vote by wards:

Owing to the long and efficient service that D. F. Fortney had rendered the Bellefonte schools it was expected that no nomination would be made by the republicans in the south ward to oppose has Robt. Cole as an opponent. For that just the kind of a man many people are felt that they had no reason to grant the auxious to have and do not know where request of Hard P. He is a man who cannot be pulled from pillar to post and has a mind of his own, and his integrity cannot be questioned. He is an industrious, sober, good man who owns a modest home and will be interested in the welfare of the town in the administration of the office. Gerrity has a great many friends who will report on election day. This is sufficient to show that our friend Brouse will not be on easy street with this load of poles. For boro treasurer there was but one

candidate and the democrats accorded the nomination to Geo. R. Meek, of the Watchman. He has had some experience in handling funds, from his connection with an important estate of this town, which he would not hold were there not confidence in his ability and integrity for an important trust. Mr. Cook, the republican nominee, has held this office for about five terms, or fifteen cepting it again-if tendered. He knows a soft snap and we don't blame him for hanging to it as long as possible. On the other hand there is a growing feeling among the people that it is a mistake for one man to stay in office so long and fatten on public salaries. For that reason many people over the town think the time has come to tell Charley Cook to 'Go way back and sit down.'

There are other points that might prove interesting to discuss, but as there will be ample time in other issues of the paper between this and the 18th of February, we stop our narrative to be con-

WATCH YOUR LABEL.

People who subscribe to this paper, or to most any other, can tell how their subscription account stands by looking at the date after name on the label. This matter is mentined so often by us that we do not see why persons should so often write to know what they are owing on subscription. Yet there is hardly a day passes but what we get such requests and an answer is necessary. For example dates like "Jan. 99; Jan. 19; Jan. or" mean that a paper is paid to "January 1st, 1899; January 1st, 1900; or January 1st, 1901" and so on. We start or date every subscription from the first of the month. If a new subscriber comes in any time during the month of January we start his account from the first of the next month, or February, giving him the benefit of several copies free. For that reason persons whose date reads "Jan. 19." should not take it to mean the 19th of January, as it stands for the 1st of January, 1900.

Again, all remittances that we receive during the month are held till the end of the month when we correct our mailing list. For that reason if you remit to us during the month YOUR DATE WILL NOT BE CHANGED UNTIL THE FIRST ISSUE IN THE NEXT MONTH. We print enough mailing sheets to last us for one month. All persons who have sent us money on subscription during the month of January will see the date changed after the first issue in February. By remembering this you will know when to look for your credit, instead of
