Spring Mills.

The measles here seem epidemic, but in a mild form.

The absence of the foot log bridge over Penns creek, which was swept away by the ice and high water a week or ten days since, is certainly a great inconvenience. It was a short walk to the R. R. station and also to the Methodist and Reformed churches, and was used by every man woman and child in the village as a long circuitous road was avoided. It has been a crossing almost from the foundation of the village. Of course the bridge will be rebuilt as soon as the weather permits.
