THE FLOOD IN JERSEY

Passaic River Has Fallen and the Worst Is Over.

FLOOD DAMAGE IS HEAVY

Reports From Most River Points

Say Water Has Receded.

Many Towns Are Recovering Normal

and Thousands Forced to be Idle.

kill river was again within its banku

and close to its normal condition last

night. Today the railroads which

skirt the shores of this river resumed

operations. Service to Pottsville and

Reading over both the Pennsylvania

and Reading railroads from this city

is again in full operation. The de-

struction wrought by the storm was

so great that many industrial estab-

lishments along the river's banks will

be unable to resume work for several

carry the information that great dam-

age was done. The various, towns,

now that the water has receded, are

rapidly recovering their normal condi-

tion. Electric light plants, street rail-

ways and water companies are resum-

ing work as best they can. The big

iron works at Pottstown, which suf-

fered considerably from the swollen

waters, partially resumed operations

today, as did also numerous other in-

dustrial plants located along the upper

At Pottsville rail fell heavily all day,

which resulted in again sending the

river up slightly at that point, but

no further damage is apprehended.

Not one coal mine in Schuylkill coun-

ty resumed operations today. Most

of the mines were flooded by swollen

Susquehanna Receding.

quehanna has been at flood height

longer than ever known here, and this

city has suffered great damage. Last

night the waters were receding at

Sunbury, Milton and Williamsport, but

there was a great flood reported at

South Harrisburg below Paxton

street is still flooded, and all the lower

end mills and furnaces have been

forced to suspend. The Pennsylvania

Steel Works are shut down, and the

water has damaged the mines in the

Lykens Valley. The Pennsylvania

railroad is still unable to run trains

between Harrisburg and Middletown.

Philadelphia, March 3-The Schayl-

Conditions and Resuming Business.

Paterson, N. J., March 4 .- The great flood that has inundated a large part of the mill section of Paterson, subsided, and it is believed that the worst is over. The damage was very great. It is estimated that the loss wrought by the flood is as large as that by the fire, while it is stated there. is little or no insurance to cover it. Many more families have been rendered homeless by the flood than were made so by the fire. The work of getting those imprisoned in the upper stories of houses in the flooded district went on yesterday. Those who refused to be taken out in boats were. supplied with food and other needed articles. At the armory the scene resembles that on the day after the fire. All the cemeteries are flooded and all burials have had to be postponed. Arrangements are being made to use the old vaults in the abandoned Sandy Hill Cemetery for the storage of bodies. Passaic, N. J., March 4 .-- Six unknown men were drowned at Outwater bridge, two miles from Passaic. They were trying to keep debris from the structure, which was weak, when a heavy flow of water struck the bridge and carried it away. The men cried for help, but no one could save them. In the Dundee district, Eighth, Ninth and Tenth streets have been deserted. This is the thickly settled section of the city, and all the families living there have been driven from their homes. It is said that in Wallington at least 300 houses have been made uninhabitable. Business in Passaic is at a standstill. The newspapers have been compelled to shut down owing to lack of gas and electricity, and for the same reason many stores are closed. Newark, N. J., March 4 .- The Passaic river has fallen rapidly at this point and the city has suffered little damage. Belleville was hit harder than Newark. The plants of the Shardman Rubber company and the Atlas Machine Works and the Eck Dynamo and Motor Works were all closed, the water surrounding them to a depth of three or four feet.

DISCUSSED SHIPPING BILL

Senator Frye Pointed Out Decadence of Merchant Marine.

yesterday began consideration of what is popularly known as the shipping bill, a measure to provide for ocean mail service between the United States COAL MINES ARE STILL CLOSED and foreign ports, and for the common defense; to promote commerce and to encourage deep sea fisheries. Mr. Frye, of Maine, chairman of the committee on commerce, made the In New Jersey Many Are Homeless, opening statements in support of the bill. He occupied the floor for nearly two hours.

> The policy of protection which has been applied, Mr. Frye said, to American industries with such beneficient results, had not been applied to the shipping industry. The result of this short-sighted policy had been the decadence of the American merchant marine and the consequent humiliation of Americans engaged in the shipping industry. In pointing out the decadence of the merchant marine he said: Suppose there was a war between Great Britain and Germany, and those countries withdrew for transport service all their vessels engaged in commerce. We would be in a deplorable ondition."

Mr. Frye then sought to show that this condition of things was caused by American wages, which increased the cost of our ships for the foreign tade at least 26 per cent. He de clared that of all steamships in the world of 14 knots and upward, 80 per cent. are subsidized by the countries whose flags they carry. Of 16 knots and upward, he said, all but six in the world are heavily subsidized by the countries whose flags they fly, The nations paying these subsidies, he said, did so for the purpose of extending their trade and for nothing eise. "Trade cannot precede the mail,' he said. "The mail must precede the trade.'

POPE LEO'S JUBILEE

Carried Out With Great Pomp and In Presence of 50,000 Persons.

Rome, March 4 .--- The principal ceremony in the celebration of the pontifical jubilee in honor of the 24th anniversary of the pope's coronation, the holding of the papal chapel, was carried out in the basilica of St. Peter's yesterday morning with extraordinary pomp and in the presence of the pontiff and an assemblage estimated to have numbered fully 50,000 persons.

The chapel was held in the basilica for the first time since 1870, such ceremonies having in the meantime occurred in the Sistine chapel of the Vatican. Thirty cardinals, numerous archbishops and bishops, the members of the pontifical court, the special foreign missions sent by most countries, the members of the diplomatic corps and the Roman nobility, all in magnificent vestments or uniforms, participated in the ceremony and formed a striking spectacle. The pope was borne in the sedia gestatoria, preceded by the pontifical court and surrounded by nobles, to the throne, amidst the acclamation of the vast assemblage. Cardinal Vannutelli intoned the mass, the pontifical choir chanted the Te Deum and his holiness pronounced the papal benediction, beyond which he did not participate in the services.

Hundreds are going blind daily, from the need of the proper prethe national anthem of Germany, scribed glasses and from delaying attention to the eyes from time to and suite were escorted to the bal- time. Nothing will destroy your eyesight quicker than cheap glasses or glasses not properly fitted to Spangled Banner." Instantly every your eyes.

Prince Declines Canadian Honors.

Ottawa, Ont., March 4 .--- The government has been notified that Prince Henry has declined to be received on the Canadian side of Niagara Falis with military honors. The prince says that he visits Canada merely as a private citizen, with the object of having a good view of the Falls and wishes to spend the time quietly. This means that the salute, the guard of honor and the escort will be dispensed with. No doubt Lord Minto will send a representative to meet the prince.

President Will Visit Charleston. Washington, March 4 .- A delegation of prominent citizens of Charleston, S. C., had a conference with President Roosevelt yesterday in regard to his attending the Charleston Exposition. The President told the delegation that if nothing intervened to prevent he would take great pleasure in visiting Charleston and the exposition late in she present month.

CAN CURE CONSUMPTION

Dr. Flick Tells Jersey Legislators Disease Can Be Wiped Out In 15 Years. Trenton, N. J., March 4 .- The house committee on public health gave a committee, left the balcony for their hearing on the bill to establish a state | carriages. home for consumptives. There was a large array of physicians from all parts of the state to advocate the bill. The principal speaker was Dr. Lawrence Flick, president of the Free Hospital for Consumptives at Philadelphia. Dr. Flick said that consumption

could be cured. There are in the United States, he said, from 300,000 to 400,000 people afflicted with the disease, and the deaths from consumption reached 150,000 a year. He expressed the opinion that if \$400,000,000 could be secured the disease could be entirely wiped out in 15 years. He stated that in Philadelphia since 1884. when the people began to be instruct. ed in the treatment of consumption. the death rate from the disease had fallen off 33 per cent. In the last few years the consumption death rate in London has been reduced 50 per cent. Dr. Flick explained that the method used in the treatment of consumption to effect a cure was forced feeding. plenty of air and exercise.

Botkin Appeal Dismissed.

Washington, March 4 .- The appeal of Cordelia Botkin, now serving a life sentence in the California state penitentiary, on the charge of murdering Mrs. John P. Dunning, of Dover, Del., by means of poisoned candy sent to her through the mails, was dismissed in the United States supreme court yesterday by agreement of counsel on both sides. Attorney General Ward represented the state of Delaware in the matter.

Will Destroy Derelicts.

Newport, R. I., March 4 .- The United States cruiser Cincinnati, Commander T. C. McLean, is in Newport harbor for a supply of torpedoes with which to destroy derelicts. The ship will sail on a cruise along the coast and over the regular routes followed by ocean liners and destroy such floating wrecks as may be found.

The Drought In India.

London, March 4 .- The viceroy of India, Lord Curzon, of Bedleston, telegraphs that the rainfall has been light and scattered and of no benefit to the affected districts. About 359,000 persons are now receiving relief. Another dispatch says 3,000,000 acres of wheat in the Punjab are suffering from from the union headquarters at Hartotal drought.

tanding, the prince and the members of his suite rising also. The first notes of the song were utterly lost in the wild cry of delight that rang out as the song was heard. This died of leading citizens of this commuaway in an instant, and then with a nity have found relief from his force that seemed to shake the very roof itself, the entire audience followed the orchestra with the words of the song. It was shortly after 10 o'clock when the prince and the mem. nent oculist at home. bers of his suite rose from their seats and, escorted by the members of the

reserved for them.

The chief event of the day of Prince Henry in Chicago was the grand ball and may permanently impair your held last night at the Auditorium. It was one of the most significant social Reliable Oculist, and none can be events ever witnessed in this city. surpassing even the great ball given in honor of Admiral Dewey two years ago. The decorations of the huge ball room were beyond anything attempted in the Auditorium before. In the general scheme the German and American colors were freely mingled, and formed the basis of the principal designs. Nautical effects prevailed to a great extent. The unit for repetition was a boat's prow and masthead, flanked on either side by panels bearing eagles and flags, and by the banners of America and Germany.

The entrance of the prince into the hall was marked with the strictest formality, and the presentation to Mrs. Harrison, his official hostess, was made in a manner as quiet as it was dignified. As soon as the distinguished visitors had been presented to the ladies selected for their escort, the prince took Mrs. Harrison to the head of the line and immediately began to promenade around the ball room, stopping when he reached the front of the royal box.

Crushed to Death In Elevator Shaft, Philadelphia, March 4 .- John Betts, 30 years old, of 6319 Baynton street. Germantown, an artist, met a horrible death by falling eleven stories down the elevator shaft in the Real Estate Title and Trust Building, at Broad and Chestnut streets, yesterday. He was crushed almost beyond recognition. The mangled body was taken to the morgue, where it was later identified by his brother. He was a son of Charles M. Betts, head of the wholesale lumber firm of Charles M. Betts & Co. Mr. Betts, the father, is a veteran of the civil war and well advanced in years. When he heard of his son's tragic death he was pros trated and fainted in his office.

Linemen Strike For Shorter Hours. Bethlehem, Pa., March 4 .-- Ninety finemen employed between here and Easton by the telephone and telegraph companies struck yesterday for a nine-hour day and time and half time for Sundays when called out for over time. The strike was ordered i risburg.
