BOERS DEFEAT METHUEN

British General Captured by Delarey After Being Wounded.

BLOODY BATTLE AT WYNBURG

British Suffered a Terrible Reverse, Three Officers and 33 Men Being Killed, 200 Missing, and Guns and Baggage Captured.

London, March 11 .- It was an nounced yesterday that General Lord Methuen and four guns had been captured by the Boers, commanded by General Delarey. The news came like a thunderbolt to London.

The news was received in the house of commons amid great excitement. The reading of Lord Kitchener's telegram by the war secretary, Mr. Brodrick, was listened to in deep silence which was broken by loud Irish cheers. Instantly there were cries of "Shame!" "Shame!" from the government benches. Then the Irish members seemed to think better of their outbreak and suddenly subsided. The subsequent eulogistic references to General Methuen were received with

In brief, Lord Kitchener announced that when General Methuen was captured, wounded, with four guns, three British officers and 38 men were killed and five officers and 72 men were wounded. In addition one officer and 200 men were reported missing. Lord Kitchener's dispatch is as follows:

Pretoria, Saturday, March 8 .- I greatly regret to have to send you bad news of Methuen. He was moving with 900 mounted men, under Major Paris, and 300 infantry, four guns and a pompom, from Wynburg to Lichtenburg, and was to meet Grenfell, with 1,300 mounted men, at Roviraines Fontein, but Friday morning early he was attacked by Delarey's force between Twe-Bosch and Palmieteknill. The Boers charged on three sides.

"Five hundred and fifty men have come in at Maribogs and Kraaipan. They were pursued by the Boers four miles from the scene of the action. They report that Methuen and Paris. with the guns baggage, etc., were captured by the Boers. Methuen. when last seen, was a prisoner. have no details of the casualties, and suggest delaying publication till I can send definite news. I think this sudden revival of activity on the part of Delarey is to draw off the troops who

In a second dispatch, dated Sunday March 9, Lord Methuen says:

are pressing De Wet."

"Paris has come in at Kraaipan with the remainder of the men. He re ports that the column was moving in two parties. One, with the ox wagons, left Twe-Bosch at 3 a. m. The other. with the mule wagons, started an hour later. Just before dawn the Boers attacked. Before reinforcements could reach them the rear guard broke. In meantime a large number of Boers galloped up on both flanks. These, at first, were checked by the flank parties, but the panic and stampede of the mules had begun, and all the mule wagons, with a terrible mixture of mounted men, rushed past the ox wagons. All efforts to check them were unavailing. Major Paris collected 40 men and occupied a position a mile in front of the ox wagons, which were then halted. After a gallant but useless defense the enemy rushed into the ox wagons, and Methuen was wounded in the thigh. Paris, being surrounded, surrendered. Methuen is

still in the Boer camp." Then follows the number of casualties. The killed include Lieutenants G. R. Venning and T. P. W. Nesham, of the Royal Artillery, who were both killed while serving their guns with

A dispatch received last evening from Lord Kitchener says: "The force under Delarey was almost entirely dressed in British uniforms. This made it impossible for the infantry to distinguish between their own men and the enemy when the mounted troops were driven in on them. The enemy numbered 1,500 men. They had one 15-pounder and a pompom." It is feared that Lord Kitchener's incomplete accounts have not told the worst, and the public is anxiously awaiting details.

Horses Set Pace For Locomotive. Youngstown, O., March 11.-Pas sengers on an Erie train out of this city yesterday for Cleveland were given an unusual sight. Two horses appeared on the track, and in spite of all that could be done to drive them off remained on the track, running in front of the train for a distance of seven miles. Whenever the train slowed up, the horses also slowed their galt and increased their speed with the speed of the train. The horses finally tired of their task and rushed off into a field.

"Dig One Large Grave." Binghamton, N. Y., March 11 .-"Dig one large grave; children all dead." So reads a telegram received yesterday by his sister in this city from Thomas Scanlon, whose five children were burned to death at Shinhoppel, Delaware county, Sunday night. They were: Mary, aged 13; Thomas, aged 13; Nellie, aged 8; Denr nie, aged 4, and Michael, aged 2. The bodies were brought here in one large coffin for burial.

> Vacancies in Military Service. Washington, March 11 .- Forty-three vacancies in the three branches of the military service yet remain to be filled by executive appointment—28 in the grade of first lieutenants and 11 in the grade of second lieutenants of artillery, one second lieutenancy in the infantry and three of the same grade in the cavalry.

BECRETARY LONG HAS RESIGNED Representative Moody, of Massachu-

setts, Accepts Naval Portfolio. Washington, March 11 .- The third change in the cabinet of President Roosevelt occurred yesterday, when Secretary Long submitted his resignation in a graceful letter, to take where May 1, it being accepted in one equally felicitous by the president. The change was made complete by the selection of Representative William Henry Moody, of the Sixth congressional district of Massachusetts, as Mr. Long's successor in the navy department.

This change has been expected for a long time. Mr. Long had intended to retire at the beginning of the late President McKinley's second term, but he consented to remain until certain lines of policy in which he was involvel were more satisfactorily arranged. Then when President Roosevelt succeeded, though anxious to return to private life-for Secretary Long will never again enter public life-a strong feeling of loyalty towards Mr. Roosevelt induced the secit was convenient for the president to make a change.

The news that Representative Moody had been offered and had ac cepted the navy portfolio reached the capitol yesterday afternoon, and Mr. Moody, who was on the floor of the house, was showered with hearty congratulations. For several minutes he held a regular levee in one of the side aisles on the Republican side. Demo cratic members noticed the demonstrations and crossed over to join in the ovation, his congratulations from that quarter being fully as hearty and sincere as those from his own side of

RURAL MAIL BILL PASSED It Increases Salary of Carriers From \$500 to \$600.

Washington, March 11 .- The bill to classify the rural free delivery service and place the carriers under the con tract system, which has been debated in the house for over a week, was passed yesterday, but in a form that completely changed the purpose for which it was framed. Before it was passed the bill was altered radically by its opponents. All the provisions relating to the placing of the carriers under the contract system were stricken out and the salary system not only continued, but the maximum salary of carriers was increased from \$500 to \$600 per annum.

As passed the bill classifies the rural free delivery service and fixes the compensation of employes as follows: Special agents in charge of divisions, not exceeding \$2,400 per annum; special agents, four classes, graded from \$1,300 to \$1,600; route inspectors, four classes, from \$900 to \$1,200; clerks, four classes, from \$900 to \$1,200; the compensation of carriers is not to exceed \$600.

WANT WU TING FANG REMOVED Claimed He Corruptly Retained \$80,000

to Repair Chinese Legation. Pekin, March 11.-A prominent Manchu censor has memorialized the throne for the removal of Wu Ting Fang, the Chinese minister to the United States. The censor asserts that Wu Ting Fang corruptly retained ostensibly for repairs to the Chinese legation at Washington, \$80,000 of the Tien Tsin silver refunded by the

American government. According to a dispatch from Washington, dated January 23, Secretary Hay that day handed to Minister Wu Ting Fang a draft on the United States treasury for \$376,600, the value of the silver bullion captured by the American marines at Tien Tsin.

Strike at Government Arsenal. Philadelphia, March 11 .- Four hundred men, women and girls employed in the cartridge department of the Frankford government arsenal struck yesterday against the piece-work system. After having been out four hours they returned to work, having been promised that prices would be adjusted within three days so that they will be able to earn as much money as under the day work system. The strikers have engaged a lawyer, who has been instructed to go to Washington and protest against the piecework system.

Miners' Scale to Be Continued. Hazleton, Pa., March 11 .- The various coal companies in the anthracite region will probably follow the same plan in dealing with the miners this year as they did last spring. Notices announcing a continuation of the present wage scale for the ensuing year, and the settlement of local grievances between the men and the officials at each colliery will be posted at all the mines the latter part of March. This according to present arrangements will be the only recognition the mine workers will receive from the

Schley In Philadelphia. Philadelphia, March 11.-Rear Admiral W. S. Schley, accompanied by his wife, arrived here yesterday afternoon from Washington, and last night he was tendered a reception by the Penn Club. A large number of prominent citizens attended the reception. Prior to this the admiral accompanied Mrs. Schley to a local theatre, where he remained for a short time. During his stay in this city Admiral and Mrs. Schley are the guests of Colonel A.

Tombs Prisoners Vaccinated. New York, March 11.-Three hundred and ninety-two prisoners in the Tombs were vaccinated last night because of the discovery early last evening of a case of small-pox in the prison. The more prominent prisoners compelled to submit to the ordeal were Albert T. Patrick, Roland B. Molineux and Florence Burns.

Attorney General Knox Filed Bill in Equity in Federal Court.

TO TEST LEGALITY OF MONOPOLY

The Petition Says if the Government Fails to Prevent the Carrying Out of This Conspiracy There is Nothing to Hinder the Merging of All Railroads.

St. Paul, March 11.-By direction of Attorney General Knox, of the United States, a bill in equity was filed yesterday in the circuit court of the United States for the district of Minnesota, in the case of the United States, complainant, against the Northern Securities company, the Great Northern Railway company, the Northern Pacific Railway company and others, defendants, to test the legality of the alleged combination or merger of the two roads and others named in the bill. The action is brought under retary to defer his retirement until the act of July 2, 1890, known as the Sherman anti-trust act.

the Northern Securities company is a corporation organized under the laws Great Northern railway was organized under the laws of the state of Minneunder the laws of Wisconsin, and that the two last named companies are can. There's a limit, however; common carriers, doing an inter-state business, and that these companies at and prior to the doing of the acts complained of, owned and operated two separate, independent, parallel and competing lines of railway aggregating over 5,500 miles in length.

That prior to the year 1893 the and operated by the Northern Pacific Railway company, a corporation organized under certain acts of congress; that during that year the company became insolvent and was placed in the hands of a receiver. While in tried it, send for this condition, awaiting foreclosure and sale, an arrangement was entered into between a majority of the bondholders of the Northern Pacific Railway company and the Great Northern Railway company for a virtual consolidation of the two, and placing the control of the Northern Pacific in the hands of the Great Northern.

The petition continues: "If the government fails to prevent the carrying out of this combination or conspiracy, not only will a virtual consolidation of two competing trans-continental lines be effected, and a monopoly of the inter-state and foreign commerce formerly carried on by them as competitors be created, but thereafter to all desiring to use it an available method will be presented whereby the act of congress of July 2, 1890, may be circumvented and set at naught, and are WELL PLEASED all trans-continental lines, indeed, the entire railway systems of the country may be absorbed, merged and consolidated, thus placing the public at the absolute mercy of the holding corporation."

PANIC IN A STREET CAR Fifty Passengers Were Injured in a

Peculiar Accident.

New York, March 11 .- A Madison avenue electric car, on which were almost 100 persons, met with a very peculiar accident last evening. About 50 of the passengers were injured, none of them seriously. A new building is in course of erection at Fortyfourth street and Madison avenue, at which a portable hoisting engine is used, the engine being in the street. The conductor thought there was room to pass and ordered the motorman to proceed. This he did, and the car shaved off a valve which extended from the boiler. The suddenly released steam broke the windows in the side of the car next to the engine and covered the passengers, scalding them on their hands and faces. Others were bruised by being crushed and thrown to the ground during the ensuing panic.

Bubonic Plaque In Australia. Philadelphia, March 11.-William A. Brady, the theatrical manager, last night said that the bubonic plague is prevalent in Sydney and Melbourne, Australia. He said that several prominent theatrical companies, among them being that of Mrs. Patrick Campbell and the "Way Down East" company, now playing at local theatres, have canceled their Australian tours as a result of cable advices from Australia telling of the malady.

Against Sunday Funerals. Trenton, N. J., March 10 .- The Trenton Coachmen's Union at a meeting Saturday night decided not to drive at Sunday funerals. In this move they have the support of all the undertakers in the city but one, who had a funeral yesterday. His drivers will be expelled from the union. The agitation against Sunday funerals has it call and get a free sample. been going on in the city for some time, and has the endorsement of the clergy of the city.

Camera to Aid Strikers. Providence, R. I., March 11 .- A new feature was introduced in the strike situation at the American Woolen company's mills at Olneyville yesterday. The pickets were armed with cameras and took snap-shots of the non-union weavers as they came out of the mills. The strikers are determined to know all who are taking their places.

Bodies of Soldiers Washed Ashore. New York, March 11.-The bodies of two men dressed in the uniform of United States soldiers were washed ashore at Sands Point, L. I., yesterday afternoon. So far no word has been received as to the identity of the drowned men.
