EDITORIAL.

A BIG STEAL.

The Senate on Monday passed the ship subsidy bill, by 42 to 31. All the democrats and four republicans voted against the steal. This bill is intended to take \$8,000,000 annually out of the public treasury and put it into the pockets of Hanna and a few other shipowners, who have already become immensely rich by running ships. Running ships is the same as any other business, which should stand upon its own bottom. If shipowners should have a subsidy then why not give the man who runs a plow a subsidy? Why not give the man who shoves a plane a subsidy? Why not give the man who runs a dairy a subsidy? Why not give the man who runs a machine shop a subsidy? Why not give the man who runs a butcher shop a subsidy? All these are poor and are not making any money at what they are running, and the government should have an eye on these needy instead of further fattening the millionaires who have made their millions by running ships. Who says that shipowner Hanna should be given thousands out of the people's treasury, and the other industries be allowed to eke out a bare living? It is downright robbery, and it is what the Hanna class of public plunderers call "prosperity."

The bill next goes to the House of Representatives where it is likely to receive stiff opposition from Western members. This measure is on the same plane of favoritism for special individuals as the tariff. It is taking from one and giving to another, under form of legislation, which is no more than legalized robbery. The people voted for these things and should not complain.

FOR THE SENATE.

A correspondent of The Patriot writes "What would you think of ex-Judge Krebs, of Clearfield, as a democratic candidate for senator from his district?" That is an easy question to answer. We know of no democrat in the district who would more fitly fill the position of senator, nor do we know of one who would more faithfully attend to his duties. We think most favorably of "ex-Judge Krebs, of Clearfield, as a democratic candidate for senator from his district."

We do not know that Mr. Krebs is a candidate, however, or that he would consent to be a candidate. Of course if Senator Heinle is a candidate for re-nomination he should be chosen without opposition. Mr. Heinle has made an admirable record. He stood squarely against the machine throughout his term. He favored all proper legislation and opposed all that was vicious and harmful. He never wavered in antagonism to the ringsters. He deserves to be returned if he is willing to longer fill public station.

Ex-Judge David L. Krebs is one of the ablest lawyers in his section of the state. A service of ten years on the bench added to his previous and subsequent experience at the bar have most adequately equipped him to successfully stand at the forefront in his profession. As a Democrat, no man in the state is more deeply grounded in his convictions. He has great weight in his party and is one of the recognized state leaders. A senate made up of such gentlemen as Heinle and Krebs would, indeed, be like the "old time" body of which our commonwealth was justly proud.—Harrisburg Patriot.

The above comment by the Patriot is a very fair one presenting the senatorial situation of this district. Our people are of one mind, that Senator Heinle made a splendid record and deserves a re-nomination which we believe will be accorded him without any opposition. It will be noted that Senator Heinle has announced, in another part of this paper, in the regular form.

The British are in doubt as to the war in South Africa being over. The Boers have put in some telling scores within the past four weeks.

The obliterated assemblyman Thompson, of Philipsburg, is anxious to run again for "vindication." All right—but there would not be pig iron enough in the state to pile on Dan Hastings and keep him down, in this play for vindication.

That one-half of the republicans are now leaning towards lower tariff, is proof positive that the democrats were right in protesting for years against tariff robbery, for the enrichment of a few which finally led to building up the robber trusts, controlled by a few, who are eating out the substance of the masses.

A fatal accident befel John B. Zook, miller, of Menno twp., Mifflin county, on Tuesday morning 11. Early in the morning he went to the mill, as usual. About 8 o'clock his wife went out on the porch and heard him calling. She found him lying in a pool of blood. His leg had been caught in a belting and pulled around an upright shaft which was revolving very rapidly. This broke the leg in two places and nearly severed it at the knee, but as he was always very active he managed by several efforts to cut the belting. This extricated him from his perilous position. He may have revolved around the shaft a hundred times, as he had lost nearly every drop of blood when found. He spoke a few words, but soon became unconscious and died before the physician arrived, simply bleeding to death.

Deafness Cannot be Cured
 By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A POINTER TO HORSEMEN.

CATAWISSA, PA., Feb. 24, 1902.
 MESSRS. MOYER BROS.:
 Gentlemen—About the first of this month our horse went suddenly lame in his left hock. It became swollen to two or three times its normal size. He could bear no weight on it. Upon close examination no signs of bruise or broken skin was discovered. Having your WHITE LINIMENT in the store we concluded to try it. After three or four applications, the swelling was much reduced and he put his foot to the floor and stood on it squarely. At the end of three days—use according to directions—the swelling disappeared altogether, and with it the lameness. We have driven him every day since and pronounce him sound as a dollar. We feel that we are doing our neighbors and the public generally a favor to recommend this remedy for the rapid reduction of inflammation, wherever found or from whatever cause it may have been produced.

Truly Yours,

SIM, THE CLOTHIER'S

BECAUSE

Why should you choose Sim's. If articles are to be bought, why not go anywhere? There are other stores, and good stores of course.

BUT SIM'S IS DIFFERENT.

You know this if you know Sim's methods at all. Why is it? May we suggest some possible reasons?

For two years the Sim aim has been TO GIVE SECURITY AND SATISFACTION to every customer.

For two years Sim's has been the NEW KIND OF A STORE—with the one resolution, made new every morning—that this store shall be better than any other, better than even the Sim's of yesterday.

We might, no doubt, be proud of the past and of its achievements—of the establishment of the largest clothing and furnishing goods store in Central Penna.,—in the short time of two years, but this would not be Sim's if we did not think more of tomorrow than of yesterday, and store perfection as we seek for it, is to make Sim's give BEST, PROMPTEST, and MOST ECONOMICAL SERVICE TO THE PUBLIC.

Liberal purchases in the best American markets give such selections as are found nowhere else, and the vast buying for this large store secures prices that are unmatchably low.

Best Goods. Lowest Prices and most satisfying service. Why, when quality is unquestionably best, prices undeniably lowest at Sim's—why should not Sim's become the store of universal favor, by all well informed Bellefonters and the people round about.

Therefore you should buy of SIM'S,
