Movements of Our People—Personal Mention, Society Events—What Has Transpired Worthy of Mention—Short Paragraphs

—Dr. Sebring has removed his office to corner of Spring and Bishop Sts. 4t

—Edward Whippo, formerly of this place, is now a floor-walker in Kaufman's store at Pittsburg.

—The show windows of the Bellefonte stores are prettier than those of any town of its size in the state.

—Frank Galbraith, the jeweler, is confined to his home on East Bishop Street, threatened with pneumonia.

—Mr. and Mrs. Harry C. Anderson, of Philadelphia, are visiting her parents, Mr. and Mrs. Thomas Faxon.

—The Historical Review is omitted from this issue owing to other special articles crowding on our space.

—Thomas Flack, who is well known here in Bellefonte, has accepted a position with the Adams Express company at Huntingdon.

—Rev. Dr. Holloway has returned from Philadelphia whither he had been over Sunday attending the Lutheran General Synod.

—Wallace Gephart, a senior at Princeton College, left on Monday after spending his Easter vacation at his home to continue his studies.

—The winner of that beautiful silver set which John D. Sourbeck gave away at Eastertide, was Wade Cruse. The lucky number was 407.

—Our veteran democratic friend, Daniel Dreibeis, of near State College, was a pleasant caller, and stayed for an hour's chat of good old days.

—Miss Eva Arthey has accepted the position of night operator at the exchange of the United Telephone and Telegraph Company in this place.

—The Daily News may well congratulate itself on its Conference daily. But we go you one better, and also congratulate you on your very successful effort.

—The granite fire insurance company held its quarterly meeting in Bellefonte, last Saturday, and confirmed a large number of applications and renewals.

—The musical entertainment given in the Presbyterian church last Sunday evening, by the Sabbath school, was a rare treat to every ear that loves excellent music.

—The medical society of Centre county had a fine banquet in the Bush House Friday night of last week, in which the proprietor gave them better stuff by far than medicine. Landlord Jagget knows how to do those things.

—A special train load of Buffalo merchants tarried in Bellefonte Tuesday noon from 12:30 until about 1:20. Seventy members of the Association were on the train. They were greeted at the station by a committee headed by Burgess Blanchard and Comptroller George L. Potter, who extended to them every courtesy possible. Owing to the rain storm they saw very little of our town.

—The American Bonding and Trust Company, of Baltimore, who "Will go on your Bond!" are represented in this section by W. Harrison Walker, Esq., Bellefonte. That means that when elected to an office, or selected as an administrator or executor of estates, instead of annoying friends for such obligations, this firm, for a small consideration, will do that for you; call on Mr. Walker for further information.

—A daughter of Cuba, the great comedy war drama, will be produced in this city at the opera house, on next Thursday night, April 17, by Conroy, Mack and Edwards' Comedians, who open a three nights engagement at popular prices on that date. The play is based upon incidents which actually occurred during the Spanish-American war, and is said to be the best war drama ever written. The price will be 10, 20 and 30 cents, while ladies will be admitted to the best seats the opening night for 15 cents by securing them in advance.

—Robert Hunter, the insurance agent, is sporting a new motor bicycle. It is run by gasoline and is capable of traveling 35 miles an hour, providing some one can hang on the critter and that she don't blow up or bust. When Hunter sees any of our insurance agents start out after a victim he need not wait for a train but can jump the steed, turn on the gasoline and "get there Eli." We have not seen the critter nor do we know whether this will put insurance rates up or down. When not traveling the bicycle motor can be turned into a domestic stationary engine to run the wash machine, churn butter, rock the cradle, blow up the cook and a lot of other necessary household duties. It is said that the Blue Jacket Mining company purchased this "go devil" so that they could send their representative on weekly trips to Missouri to inspect the operations.

Taking Desperate Chances.

It is true that many contract slight colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality and makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds, can be had for a trifle? For sale by Green's Pharmacy.
