CATAWISSA, PA., Feb. 24, 1902. MESSES. MOYER BROS: Gentlemen-About the first of this month our horse went suddenly lame in his left hock. It became swollen to two

or three times its normal size. He could bear no weight on it. Upon close examination no signs of bruise or broken skin was discovered. Having your WHITE LINIMENT in the store we concluded to try it. After three or four applications, the swelling was much reduced and he put his foot to the floor and stood on it squarely. At the end of three days-use ng to directions-the swelling disappeared altogether, and with it the lameness. We have driven him every day since and pronounce him sound as a dollar. We feel that we are doing our neighbors and the public generally a favor to recommend this remedy for the rapid reduction of inflamation, whereever found or from whatever cause it may have been produced.
