### Centre Hall.

D. F. Luse transacted business at Bellefonte the other day. He shipped sixty hydrants to the Berwind White Coal Company, at Winber, and received a request from the Cambria Steel Co., of Johnstown, to put in a bid for the supplying of 150 hydrants. Mr. Luse's hydrant is the best out, and he is anxious to move to a more favorable town for his shops. We would regret to lose another of our best citizens.

The Sabbath school convention, on Tuesday, had a limited attendance owing to the day being the ugliest of days. The addresses by Rev. Schmidt, and Dr. VanTries, were excellent, as were the other productions, along with the music.

Miss Flora Love will leave for a prolonged visit in the west, by May 1st. We regret to lose so esteemed a lady.

R. P. Vonada went to Centre Oak last week to seek employment.

Last Thursday morning D. D. Royer, of Rebersburg, came to this place. Before crossing the bridge which leads to the station a certain man remarked that he (Mr. Royer) was well dressed. "Oh, yes, I have my Quaker hat on," said Dan, but just as he was crossing the bridge a gust of wind came and relieved him of his Quaker hat which took a dip in Penns creek. Dan at once went to work and with the help of a pole fished out the hat which had so quickly changed creeds from Quakerism to Baptism, and went on his way rejoicing.

One of our ladies says that she is fond of only one kind of cake—Jonny cake.

The only man that John Vonada loves and admires is a corn-man.

We had a heavy shower of rain on Tuesday.

It does not follow that an argument is logical because it is theological.

All available house room taken up and not enough to accommodate all who wished to move here.

We are sorry to lose our friend and fellow correspondent, of Boalsburg, who has left for the Williamsport Business College, but we wish him success and who knows but what he may be a second Pierpoint Morgan.

Misses Freda and Lizzie Wieland, opened a milliner's department in P. E. Wieland's store. They carry a fresh line of up-to-date work and as they have made a thorough study of the art they are well fitted to cater to the wants of the hat wearing public.

Some of our people are entirely to loose in speech, profane and obscene, and are making a nuisance of themselves and to everybody. We have a law against profanity, why not enforce it?

"Act of March 31, 1865, P. L. 382, Sec. 30. "If any person shall willfully, premeditatedly, blaspheme, or speak loosely or profanely of Almighty God, Christ Jesus, the Holy Spirit, or the scriptures of truth, shall be sentenced to pay a fine not exceeding one hundred dollars, and undergo imprisonment not exceeding three months, or either, at the discretion of the court." Enforce the law and you will get rid of the disgusting nuisance. Loose talk is doing more harm, when used in presence of impressionable children, than all the dens of evil in the country.

The services are conducted in the Lutheran church; the church on Sunday morning was crowded, and all have been very much pleased with the discourse. ### Romola.

Rev. Lohr, of Williamsport, who has in the past conducted meetings at this place, is again in our midst and holding meetings in the Mann and Woomer school houses.

Two of our schools, the Knoll and the Quay primary, were closed on the 7th, while Mann's school will be closed on the 9th. We heartily compliment the teachers of the same, for their untiring efforts towards the advancement of the scholars.

The Misses Blanche and Laura Oyler, two of our highly respected young ladies, after a year's sojourn in Johnsonburg, have again returned to their parental home, where they intend to spend the summer.

Last week a very painful accident happened to Chas. Daley one of our esteemed young men, from the effects of which he was confined to his bed for several days. We are sorry to state that Mrs. James Gardner is seriously ill at present and the indications for her recovery are slight.

### High Valley.

The grain looks well and farmers are plowing.

Another survey will take place on Monday near Rankletown.

The Rankletown attorney says business is dull since the bigamy case is settled.

The Ingley scribe got the appointment to sell sonrumbel seed, so the black stallion is no more for sale.

There is a rumor that a grain house will be built at Ingley, the contract was awarded.

By all appearance High valley will have a cow boy at East End as the Ingley scribe will pasture two hundred head of cattle, and the real estate agent is to be the cow boy.

For sale—six acres of land near Pine Creek, reasonable. Call or address Mrs. Sarah Snyder, Coburn.

### Council Meeting.

At council meeting on Monday evening the following business was transacted:

For some time the water committee has felt the need of increased pumping capacity at the water works. An improved water wheel and new pump it is believed will overcome the trouble and was ordered.

The footbridges at the carworks and the round house, washed away by the last flood, were ordered rebuilt.

Borough Solicitor Fortney offered an opinion in which it was set forth that the water funds should be kept separate from the borough funds, and that the water department should be made to pay for itself. He did not think it necessary to appoint a collector to collect water tax alone, as he thought the present plan cheaper and just as practicable. He strongly urged that council levy a tax rate high enough to cover all necessary expenses without overdrawing, and that at present expenses be cut down as much as possible.

Bills to the amount of \$1,165 19 were approved.

The rebuilding of the stone wall and board walk along Spring Creek has not been disposed of. It is thought necessary to construct a substantial stone wall along the course of the stream which will entail considerable expense.

The Town Clerk Cured of Bilious Colic.  
Mr. James McMahon, town clerk of Columbia, N. Y., was the victim of a severe attack of bilious colic recently. Three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy effected a cure. He was so much pleased with the quick relief which that remedy afforded that he now recommends it to his friends. For sale by Green's Pharmacy.

A drop of ink is black, but it serves to enlighten many.

## ECONOMY IN SHOES

If you are practicing economy—if you are crowding every spare dollar into your bank to insure future welfare, we advise you to wear our medium priced Shoes, \$3 or \$3.50. Some men think it is the best economy to buy four or five dollar Shoes. Some prefer to pay two dollars and put dollar No. 3 in the bank. Every man is entitled to his private opinion. We believe, that if your occupation is such that you give a Shoe just ordinary, average wear, you will put more money in the bank each year, if you will stick to the medium priced Shoe right along. If you buy two-dollar Shoes (and remember we have the best two dollar Shoes in the world), you will not get as durable, dressy Shoes, and they will become shabby sooner. They probably won't stay up to your requirements two-thirds as long as our \$3 or \$3.50 Shoes. On the other hand, if you pay four or five dollars (and again we want to remind you that we sell the best four and five dollar Shoes in the world), you will put the extra dollar or two largely into additional style and into a finer grade of leather. They may be a trifle more comfortable, and they will be considerably more stylish, but they probably won't wear much longer than the \$3 or \$3.50 Shoes. For the greatest possible pecuniary economy, buy our medium priced Shoes. We'll guarantee satisfaction. We'll return your money, if you are not satisfied.
