

LORD PAUNCEFOTE IS DEAD

British Ambassador Succumbed to Long Illness.

Washington, May 26.—Lord Pauncefote, British ambassador to the United States, died at the embassy Saturday morning at 5.35 o'clock.

The improvement which had been noted in the ambassador's condition

LORD PAUNCEFOTE.

during the week received a sudden check Friday evening, when it was noticed that he was experiencing great difficulty in breathing.

Soon after 3 o'clock Saturday morning a distinct weakness of the heart developed, and the pulse began to collapse. Death came so peacefully that it surprised even the physicians, who feared that the asthmatic affection would prove troublesome when the end came.

With the exception of a few details the arrangements for the funeral services are complete. Lady Pauncefote yesterday signified her approval of the arrangements made, by which services are to be held Wednesday at noon in St. John's Episcopal Church, after which the body is to be temporarily deposited in a receiving vault at Rock Creek Cemetery. A military escort will be provided by the war department to attend the funeral, which will be of a state character. A large number of messages of condolence from all over the world were received at the embassy yesterday, but they were not made public.

FATAL TROLLEY WRECK

Runaway Car Jumped the Track On Sharp Curve Near Easton.

Easton, Pa., May 24.—Edward Commodore and Joseph Derhammer were killed and scores of men and women injured in a trolley wreck a few miles beyond Easton at midnight on Thursday.

An Easton and Nazareth car left the city with 89 passengers. On a long, steep hill in Palmer township the car ran away descending the incline at a terrific rate of speed. At the foot of the hill there is a sharp curve. Here the car jumped the track, and tearing loose from the trucks, fell on its side in the country road. The scene that followed baffles description. There was a terrific crash; all was silence for a moment, and then, when the terrified passengers recovered from the shock there was a wild scramble to get out of the wrecked car. Commodore was pinned fast under the tracks, and Derhammer was thrown some distance.

Rev. Father J. V. Huddle, rector of St. Gabriel's Church, opened a school for striking breaker boys. The attendance was so good that an additional school will be started today.

It was learned last night that Duncan Moorehead, the timekeeper at the Carson washery, had been shot by a drunken Italian, who narrowly missed wounding several other people on the Yorktown bicycle path, as he was on his way home to McAdoo on Sunday night. The Italian is a striking miner, but it is asserted that he did not know Moorehead, and that the shooting was purely accidental.

ARBITRATION SUGGESTED

Civic Federation Endeavoring to Settle Miners' Strike.

Chicago, May 27.—A conference that promises to change the aspect of the anthracite strike situation was held in this city yesterday between several members of the National Civic Federation and union interests. President John Mitchell, of the United Mine Workers of America, met Frank P. Sargent and Franklin MacVeagh, of the Federation, and Samuel Keefe, of the Longshoremen's Union, and plans for further arbitral endeavors on the part of the Federation was discussed.

It is understood that the plan agreed upon contemplates calling another conference of the mine operators and the whole committee of the National Civic Federation at New York, with a view of arbitrating the strike question. It is said that the plan will be sent to Senator Hanna for approval before a recommendation for further arbitration shall be made.

President Mitchell declined to go into details of the meeting, but said it was not called by him, and that his presence in this city was not for the purpose of bringing about a settlement of the anthracite difficulties. He said the mine workers show no desire to recede from their position.

ANOTHER MINERS' STRIKE

Men in the Virginias Make Demand For Increase in Wages.

Huntington, W. Va., May 26.—The United Mine Workers, who have been in session here for the past two days, adjourned Saturday night after ordering a general strike of all the miners in West Virginia and Virginia to begin June 7, and last until the demands of 10 to 22 per cent. increase in wages are granted. This, with those who will be compelled to quit work on account of the closing of the mines, will render 125,000 men idle in the two states.

Filipino Citizenship.

Washington, May 27.—Senator Morgan yesterday offered an amendment to the Philippine civil government bill declaring the inhabitants of the Philippine Islands to be citizens of the United States, instead of citizens of the Philippines, as provided in the bill. This is in support of his contention that the constitution follows the flag.

PEACE IN SOUTH AFRICA

British Government Regards Boer War as Practically Ended.

ALL OVER BUT THE SHOUTING

Delay in Announcing Peace is Said to Be Technical, and Both British and Boer Leaders are Anxious to End the Long War.

London, May 24.—The cabinet meeting adjourned at 5.10 p. m. yesterday. It is ascertained that the government regards the South African war as practically ended.

Advices received by the war department indicate that whatever decision the Vereeniging conference may reach, most, if not all, of the Boer leaders who went to Pretoria, will not continue the fight. The present negotiations were merely for the purpose of enabling the Boer leaders to "save their faces." After they learn the results of yesterday afternoon's meeting of the cabinet the Boer leaders are expected to announce their reluctant acquiescence with the British terms. Confidence is expressed in official circles that everything is over but the shouting.

How soon peace will be announced depends more upon the convenience of the Boer leaders than on the inclination of the Boer government. The private and official advices received last night in London from South Africa all point to the same conclusion. The delay is technical, and to end the long war seems to be the desire of both British and Boer leaders. The latter, however, are unable to convince all their followers of the wisdom of acquiescing to the terms of peace.

A member of the house of commons, who is in close touch with the government, said that he believed everything was settled, and that the British terms would be found unexpectedly liberal.

PEACE CONFERENCE DEADLOCK

Boers Still Have Many Points of Difference With England.

Pretoria, May 27.—The prevalence throughout South Africa of the optimistic feeling in regard to the peace negotiations is hardly based upon solid facts. The protraction of the conference at Vereeniging is not necessarily a hopeful sign.

The delegates to the conference, although they have abandoned their hopes of securing independence, still have many points of difference with the government, while an obstinate minority continue to regard the resumption of hostilities as the best outcome of the present situation, and at any moment these points of difference may be accentuated into a refusal to continue the negotiations. It is most unlikely that those who are in favor of peace will throw up the sponge so long as a decent minority is desirous of continuing the struggle, and all these dissonant elements must be taken into account before it is possible to give any sort of prediction as to the issue of the present negotiations.

FARMER'S WIFE MURDERED

Mrs. Anstine's Body Found Behind Rails, With Head Crushed.

York, Pa., May 27.—Mrs. John Anstine, aged about 50 years, wife of a farmer residing near Red Lion, this county, was found lying in a woods near her home last night, having been brutally murdered by some person as yet unknown. She was lying on her face behind a pile of rails, her head crushed in, her face and neck cut and her dress cut and torn. She had been to Red Lion and had started to walk home. She was soon near the woods, but as she had not reached her home by nearly nightfall her family started to search for her, finding the body. There is no clue to the murderer as yet.

CREED REPORT ADOPTED

Presbyterian General Assembly Agrees to Proposed Changes.

New York, May 23.—The General Assembly of the Presbyterian Church yesterday adopted the report of the committee on creed revision making changes in the Confession of Faith. There were only two votes against adoption. This action, which was practically unanimous, was taken with little or no debate. The changes proposed will now go to the various Presbyteries for ratification. When the report was presented last Friday a motion for its adoption was at once made, but the vote was deferred until yesterday.

Terrible Drought in Australia.

London, May 27.—Cabling from Sydney, N. S. W., the correspondent there of the Daily Mail gives an account of the terrible drought from which, as a climax to seven dry years, Australia is now suffering. The correspondent says that the losses in stock in Australia since 1899 amounts to £15,000,000 (\$75,000,000). Unemployed men are drifting into the cities by the thousands, and there the state governments are providing them with relief.

New Honors For Duke of Marlborough.

London, May 26.—King Edward has approved the conferring of the Most Noble Order of the Garter upon the Duke of Marlborough, in succession to the late Earl of Kimberley, who died April 8. The death of the Earl of Kimberley made a vacancy in the list of knight companions of the Most Noble Order of the Garter, which is only conferred upon sovereigns and 25 members of the high nobility of the United Kingdom.
