

WON'T MOVE SOFT COAL

Railroaders Take Action to Help Anthracite Strikers.

COMPETENT STEAM MEN SCARCE

Operators Working Hard to Keep Pumps Running, and Miners Wish For Heavy Rain to Flood Workings.

Hazleton, Pa., June 9.—At their meeting at Freeland yesterday afternoon the employees of the Delaware Susquehanna and Schuylkill Railroad unanimously refused to handle any trains carrying special officers, deputies or non-unionists.

The following resolution, addressed to Luther C. Smith, superintendent of the road, was adopted:

"Resolved, That owing to the strike of the anthracite miners, we, the employees of the Delaware, Susquehanna and Schuylkill Railroad, will refuse to handle any trains carrying deputies, coal and iron police or non-unionists during the continuance of the present trouble."

The Lehigh Valley trainmen held a secret meeting here yesterday afternoon and decided that they will not handle any coal mined at the collieries or any soft coal sent over the Hazleton division to displace anthracite during the continuance of the miners' strike. They will continue manning trains carrying officers and deputies and men recruited in the big cities if they are not imported in such large numbers as to enable the companies to resume the mining of coal with non-union forces.

Competent Pumpmen Scarce

Wilkesbarre, Pa., June 9.—Strike headquarters of the anthracite coal miners were very dull yesterday and presented a deserted appearance. There were no mine workers about the place excepting President Mitchell and his secretary, all others who are detailed here from various parts of the coal field having gone to their homes to spend Sunday. The few union men who are still at work, Mr. Mitchell says, will be out during this week. Most of the general superintendents of the big coal companies were seen, but as a rule they had nothing to say on anything bearing on the strike. One superintendent admitted that a good many companies are scratching pretty hard for good competent men to run their engines and pumps. Any number of volunteers have come forward, but the men desired are not so plentiful.

The coal companies have been favored by a long spell of dry weather now and then there have been some rain, but not enough to do any damage in the way of flooding the mines. The strikers are wishing for a heavy fall of rain. They are of the belief that most of the lower levels of the mines are filling, because the companies are short-handed and that the pumps can not keep up with the water that is draining into the workings. A heavy rain, they say, will send a correspondingly heavy volume of water into the mines, which would overwhelm many pumps.

The estimated losses for the first four weeks of the strike are as follows: To miners in wages, \$5,185,000; to operators in price of coal, \$10,408,000; to employes not miners, \$1,206,000; to business men in the regions \$3,200,000; outside of coal regions \$2,900,000; total, \$21,999,000.

VIRGINIA MINERS MARCH

Trouble Expected in Soft Coal Region Where Strike is Not General.

Fairmount, W. Va., June 10.—One hundred and fifty strikers, headed by "Mother" Jones, marched along the county road from Shinnston to Monongah yesterday, where a second meeting was held yesterday afternoon. The marchers are from two mines, Flemington and Adamston. Miners in the region along the line of march are all at work.

The miners in the Flat Top and Tug River fields are practically at a standstill. Probably 20 cars were loaded during the forenoon at Bottom Creek colliery, about five per cent. of the miners being at work at Elk Ridge, Lynchburg, Eureka and Mill Creek. Violence is threatened. Armed guards are on duty.

Extensive Plot Discovered

London, June 9.—In a letter from Pretoria, dated May 18, the correspondent of the Daily Mail says that on the previous Thursday 60 arrests were made as the result of the discovery of an extensive plot to blow up the government buildings and Lord Kitchener's residence and to spike the guns in the artillery barracks. The parties concerned in this plot, according to the correspondent, were lawyers, chemists and Boer and Dutch prisoners on parole.

Suicide in Church

Bay City, Mich., June 10.—After saturating his clothes with kerosene oil, Joseph Rejch set fire to himself in the Catholic church at Fisherville, this county. His charred remains were discovered in front of the altar. Holes had been burned through the church floor by his blazing body. Rejch, who was 39 years of age, was the organist of the church and a teacher in the church school. It is supposed he was temporarily insane.

Methodist Ministers Protest

Baltimore, Md., June 10.—Resolutions were adopted by the Baltimore Methodist Ministers' Association yesterday, protesting against the publication by congress of "The Life and Morals of Jesus of Nazareth."

PROBING COAL STRIKE

Mr. Mitchell Explained Situation to Commissioner Wright.

New York, June 10.—President Joan Mitchell, of the United Mine Workers' Union, arrived here late yesterday afternoon, he having been sent for by Carroll D. Wright, United States commissioner of labor, who is here investigating the anthracite coal miners' strike. Mr. Mitchell first called on Secretary Ralph M. Easley, of the National Civic Federation, and the two last evening went to the Manhattan Hotel, where Mr. Wright is stopping. President Mitchell went to the commissioner's room, where he remained in conference with Mr. Wright for two hours.

When he left, Mr. Mitchell said: "I have but little to say further than that I have talked with Commissioner Wright and have explained to him the situation from the miners' standpoint and have told him of the causes which led up to the strike."

"Was there any suggestion of a settlement made during the interview?" President Mitchell was asked.

"No. I understood that Commissioner Wright was simply seeking information for an official report under the law."

"Did Commissioner Wright explain to you President Roosevelt's views concerning the trouble?"

"He did not."

PRINCETON'S NEW PRESIDENT

Woodrow Wilson Elected to Succeed F. L. Patton, Resigned.

Princeton, N. J., June 10.—The chief event in connection with Princeton's 155th annual commencement, and was a great surprise, came yesterday in the annual meeting of the board of trustees, when President Francis L. Patton resigned the presidency, and Professor Woodrow Wilson, professor of jurisprudence and politics, was elected to succeed him.

There was a full attendance of the trustees, and after the meeting had been called to order President Patton handed in his resignation and at the same time suggested that Professor Wilson be elected to succeed him. A prominent member of the board of trustees said that President Patton so strongly urged his own resignation that the board could not do otherwise than accept it. He also said President Patton's suggestion that Woodrow Wilson be nominated to succeed him was acted upon and the election was made unanimous on the first ballot.

ANTI-ANARCHY BILL PASSED

Measure to Protect the President Goes Through the House.

Washington, June 10.—The house yesterday passed the bill to protect the president, vice president, members of the cabinet and foreign ministers and ambassadors, and to suppress the teaching of anarchy, by a vote of 175 to 38. A motion to recommit the measure, with instructions to strike out certain sections, was defeated, 71 to 123.

The remainder of the day was devoted to the bill to transfer certain forest reserves from the interior to the agricultural department, and to authorize the creation in such reserves of game and fish preserves. President Roosevelt in his annual message recommended such a measure. The minority of the public lands committee offered as a substitute for the bill a measure which eliminated that portion of the bill which transfers the reserves to the agricultural department.

BOERS SURRENDERING

Lord Kitchener Says Good Spirits are Displayed Everywhere.

London, June 9.—The war office has received the following message from Lord Kitchener under yesterday's date: "The disarmament of the Boers is proceeding satisfactorily and good spirit is displayed everywhere. Saturday 4,342 rifles had been surrendered up to date."

Among the men who surrendered to the British authorities at Balmoral Cape Colony, were four Americans who will be granted free passage to Delagoa Bay. A striking sign of the altered condition in South Africa is that Lord Milner, the British high commissioner, rode from Pretoria to Johannesburg last Saturday accompanied only by two staff officers.

A few of the Boer women still in vanguard against surrender, but the general feeling among them is in favor of making the best of the situation.

Can Use Electricity Without Dynamos

London, June 9.—A dispatch to the Daily Mail from Las Palmas, Canary Islands, says that a prominent engineer of that town named Figueroa claims to have discovered a method of utilizing atmospheric electricity without chemicals or dynamos, and that he is able to make practical application of his method without employing any motive force. Señor Figueroa expects that his invention will bring about a tremendous industrial revolution.

Wilhelmina's Physicians Decorated

The Hague, June 10.—The physicians who attended Queen Wilhelmina during her recent illness have been decorated. Professor Roosenstein, the pathologist of Leyden University, has been promoted to the rank of commander of the Order of the Lion of the Netherlands, and Dr. Konwer, Roessingh and Pot have been appointed knights of the same order.

French Balloonist Drowned

Toulon, France, June 10.—Lieutenant Baudice ascended from here yesterday in a balloon belonging to the Naval Aerostatic Park. The balloon went to the eastward to sea, and was followed by two torpedo boats. The latter signalled that the balloon had fallen into the water and that Lieutenant Baudice had disappeared.

A WEEK'S NEWS CONDENSED.

Wednesday, June 4.

Captain E. W. Watson, of the United States navy, has been retired with the rank of rear admiral.

A call for the National Farmers' Congress, to be held at Macon, Ga., beginning October 7, has been issued.

The house committee on commerce yesterday decided to report favorably the bill creating a department of commerce.

According to the United States census bureau, there were 223,720 farms in New York on June 1, 1900, valued at \$888,134,180.

Coal dealers at Baltimore, Md., report that there is hardly a week's supply of anthracite coal in the city and a coal famine is threatened.

Thursday, June 5.

Lieutenant General Miles has gone to Fort Riley, Kas., to witness a practical test of field guns.

The Missouri State University yesterday conferred the degree of Doctor of Laws on Samuel L. Clemens (Mark Twain).

The senate passed a bill extending the free postal delivery service to cities of 5,000 population, or to cities having postal revenue of not less than \$5,000 annually.

Albert Wertz, of Rossmore, Lancaster county, Pa., while driving a four-horse team was struck by a fast freight on the Pennsylvania railroad near Lancaster last evening. The horses were killed and Wertz seriously injured.

Friday, June 6.

There is no foundation for the report that Mr. Kruger, ex-president of the Transvaal, is ill. He is enjoying good health.

The navy department has been notified by Nafie & Levy, Bath, Me., that they will launch the protected cruiser Denver on June 21.

Secretary of the Navy Moody yesterday sent to the house dispatches concerning the bombardment of the Taku forts in China.

Six hundred and fifty head of Texas cattle have been shipped from Pensacola, Fla., as the first of thousands to be used in restocking Boer farms in South Africa.

Saturday, June 7.

The 155th annual commencement of Princeton College, Princeton, N. J., was held today.

The cabinet yesterday discussed the public buildings bill, and it is said President Roosevelt will sign it.

Ezra Lovell, who claimed to be the oldest gypsy queen in the country, died last evening at Harrisburg, Pa., aged 96 years.

The house committee on commerce has decided to consult President Roosevelt regarding the bill creating a department of commerce.

The safe of the Duncannon National Bank, Duncannon, Pa., was blown open by burglars early yesterday morning who secured about \$5 in small change and a revolver.

Monday, June 9.

The Window Glass Trust advanced prices 12 1/2 per cent., and an additional increase may occur in a few weeks.

The annual convention of the Federation of American Catholic Societies will be held in Chicago on August 5.

Whitelaw Reid, special envoy of the United States to the coronation of King Edward, arrived in London yesterday morning.

Nelson Felix, of Sunbury, Pa., an employe of the Pennsylvania railroad, was knocked under a draft of cars Saturday and killed.

The steamer Talbot sank in Chesapeake Bay last Friday night and her crew were saved. She sprung a leak and the pumps failed to work.

Tuesday, June 10.

The Arkansas Democratic state convention met at Little Rock today and nominated a full state ticket.

Mrs. Abbie R. Smith, of Scranton, Pa., will endow with \$50,000 a manual training school for that city.

A movement to organize employes on vessels on the Great Lakes was started in Chicago by the Longshore men's Union.

A picnic party returning to Nashville, Tenn., in a trolley bus was struck by a trolley car and four persons were seriously injured.

Rear Admiral G. H. Wadleigh and Captain F. S. Houston, of the United States navy, have been retired, the latter with the rank of rear admiral.

GENERAL MARKETS.

Philadelphia, Pa., June 9.—Flour weak; winter superfine, \$2.85@3.10; Pennsylvania roller, \$3.40@3.65; city mills, extra, \$3.10@3.30. Rye flour was quiet at \$2.25@3.30 per barrel. Wheat quiet; No. 2 Pennsylvania, red, 84 1/2@85; corn was steady; No. 2 yellow, local, 67 1/2. Oats were quiet; No. 2 white, clipped, 51c; lower grades, 50c. Hay market steady; No. 1 timothy sold at \$15.50@16 for large bales; beef was steady; beef hams, \$20@21. Pork was firm; family, \$19.50@20. Sheep and lambs were steady; top mixed sheep, \$4.75@5; fair to good, \$4.25@4.50; culls to common, \$2.50@3; ewes, \$4.40@4.45; lambs, tops, \$7@7.25; fair to good, \$6@6.50; culls to common, \$4@5.50; yearlings, \$5.50@5.75. East Liberty, Pa., June 9.—Cattle were steady; choice, \$7.15@7.50; prime, \$6.75@7; good, \$6.25@6.70. Hogs were steady; prime heavies, \$7.40@7.50; best mediums, \$7.20; heavy Yorkers, \$7.10@7.15; light Yorkers, \$7@7.05; pigs, \$6.75@6.80; roughs, \$6@6.50. Sheep were lower; best wethers, \$4.65@5; culls and common, \$2@2.50; choice lambs, \$6.25@6.50; veal calves, \$7@7.75.

"Ouch!"

That is about the mildest form of outcry a man makes when rheumatism suddenly twinges him. In its worst forms rheumatism is a living death. The victim, incapable of moving hand or foot, has no part in the great procession of life, on which he gazes with hopeless eyes. It is terrible for the man who has been the bread winner, strong, active, energetic, to suddenly find himself helpless as a babe, and dependent on the kindness of others for almost every necessary of life.

There is no need to urge the rheumatic to seek a cure. He has probably grown discouraged in the search, having tried many medicines without relief. Yet there is hope and help for every rheumatic who will use the medicine which has cured so many who were in a like case. That medicine, Dr. Pierce's Golden Medical Discovery, has cured a great many sufferers who were without hope and for whom physicians had said there was no help. A medicine which will cleanse the blood from uric acid and other poisons, will cure rheumatism. "Golden Medical Discovery" has no equal in its power to cleanse the blood and to enrich it. It absolutely eliminates from the blood the poisons which cause the disease, and by increasing the activity of the blood making glands it increases the supply of pure blood upon which physical health and strength depend.

"Golden Medical Discovery" contains no alcohol, nor opium, cocaine or any other narcotic.

If your dealer says he has something "just as good" as "Golden Medical Discovery" why not tell him that the remedy which cures rheumatism is good enough for you.

"I had been troubled with rheumatism for twelve years," writes Mr. R. J. McKnight, of Cades, Williamsburg Co., S. C., "so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips, and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of 'Golden Medical Discovery,' and four vials of 'Pellets,' and today my health is good after suffering twelve years with rheumatism."

Dr. Pierce's Pleasant Pellets regulate the bowels and so preserve the balance of health. They do not become a necessity to the user as they cure disordered conditions of the bowels, and are not thereafter required.

DON'T SCOLD THE COOK

If your meals are not good, you may be to blame for buying the cheap, poor groceries, thinking you are economical. SECHLER & CO. don't handle that grade of goods; instead, they have only the best and purest

Canned:

- Vegetables, Fruits, Meats, Olives.

Evaporated:

- Peaches, Prunes, Pickles, Apples.

Tropical Fruits:

- California Oranges, Imported Oranges, Mediterranean Lemons, Best Bananas.

Meats:

- Breakfast Bacon, Dried Beef, Smoked Fish, Fresh Mackerel and other Fish.

The above are merely suggestions of our staple goods, and the best grades only. A page of this paper would be required to enumerate our line of Groceries. Our aim is to have only the

BEST GROCERIES at REASONABLE PRICES

Many years of experience enables us to detect the cheap, adulterated food products. They are dangerous to health, we won't handle them. That is why you should buy at

SECHLER & CO BELLEFONTE, PA.

New Storeroom, New Stock, New Ideas.

TO THE PUBLIC:

We wish to formally announce to our numerous patrons and the general public that we have moved our store from the old stand near the Pennsylvania passenger station to the Three Rooms adjoining the post office on the west, in the BUSH ARCADE.

We now are more comfortably located, can show goods to better advantage, carry larger lines, have added many new goods and can quote you more interesting prices than ever.

Moving means a tearing up, clearing out, general shaking up, and with it comes New Impulses, New Ideas and New Efforts to supply the wants of the trade.

This is our invitation for you to pay us a visit. We are proud of our new store and if you call you will understand that we are determined to keep up with the times and maintain the reputation of being the leaders in our line.

Yours truly, McCalmont & Co Bush Arcade, Bellefonte, Pa.

WHY

IS IT THAT IN THE YEAR WE HAVE BEEN IN BELLEFONTE OUR TRADE HAS BEEN RAPIDLY INCREASING? IT IS BECAUSE OUR CUSTOMERS ADVERTISE US. THEY HAVE SECURED FROM US THE BEST INSTRUMENTS ON THE MARKET AND AT TERMS VERY MUCH BETTER THAN THOSE USUALLY OFFERED. FAIR DEALING ALWAYS PAYS. WE HAVE JUST AS GOOD AN OFFER TO MAKE TO YOU. OUR LINE OF PIANOS AND ORGANS IS MORE COMPLETE THAN EVER AND NO IMPROVEMENT CAN BE MADE ON QUALITY OF TONE AND FINISH. CALL AND BE CONVINCED.

M. C. GEPHART, 29 S. Allegheny street, Bellefonte, Pa. Represented by H. C. Krape

PERFECT ICE CREAM POWDER

Is instantly ready for use, requiring only the addition of one quart of cold milk, half milk and half cream, or all cream, to make two quarts of as fine Ice Cream as any confectioner can make. Flavors for Ice Cream are, Raspberry, Strawberry, Vanilla, Chocolate, and Plain (unflavored) to be used with fresh fruits or in making up fancy creams. Perfect Water Ice Powder requires only the addition of one quart of cold water to make two quarts of Water Ice or Sherbet. Flavors for Water Ice are, Lemon and Orange.

Send us 25c and we will mail you a package of any of the above flavors, with our booklet full of valuable receipts for making all kinds of Plain and Fancy Creams and Ices.

O. J. WEEKS & CO., 91 Murray St., New York City, N. Y.
