During the days of the Alien and Sedition laws under John Adams' administration, there is said to have been one prosecution in Centre county under this obnoxious legislation, which is thus mentioned there was a prosecution under it against one at least of the inhabitants of what is now Centre county. Complaint was made against Thomas McCalmont (McCalmont) for using seditious language, in 1798 or 1799. John G. Lowrey and Andrew Boggs, the lawyer, were sent down Nittany Valley to arrest him. McCalmont asked permission to go to the spring for a drink, and did not return. They were very glad he did not, and returned to Bellefonte with a fixed resolution not to have anything more to do with the seditious law.

## IMPERIALISM COST

### \$3.15 PER HEAD

### War in the Philippines Aggregates Over \$250,000,000.

## NO CHANCE FOR RETURNS.

### War Department Cost More Than All Other Departments of Government—Pension Rolls Growing at Alarming Rate.

Imperialism is costing the people of the United States an enormous sum annually. The War Department is expending a sum equal to the entire cost of the civil and miscellaneous expenses of the Government.

Despite the claims of the Administration that the war is over in the Philippines and that there had been a general reduction of expenses, the Treasury Department statements show that before the expiration of the fiscal year ending June 30, the War Department will have expended \$17,000,000. The entire civil expenses of the government, including the pay of the President, Senators and Representatives, Courts, clerks in the various departments and all other expenses, will be in excess of this amount only a few hundred thousand dollars.

Since 1897, the year before the outbreak of hostilities with Spain, the war expenses of the War Department have grown to a sum which was never dreamed of at that time. The following comparisons show this rapid increase:

1897.....	\$ 48,950,267
1898.....	91,992,000
1899.....	229,841,254
1900.....	133,774,766
1901.....	144,615,687
1902.....	177,000,000

During the same period the cost of the Navy has grown from \$34,000,000 annually to \$70,000,000—more than doubling in cost. The combined cost of the Army and Navy of the United States is equal to a per capita tax of \$2.15 on every man, woman and child in the United States. These sums do not include the enormous amounts expended on the Army and Navy by officers in the Philippines and in Cuba, which were paid out of the insular treasuries.

To the present time neither the Philippines, Porto Rico, Guam or Cuba has netted anything to the government. The colony possessions have been a constant drain upon the national treasury, and through it upon the tax payers of the country.

PENSION ROLLS AUGMENTED.

Four years after the close of the civil war—the most disastrous the world has ever known—the war expenses of the government amounted to but \$78,501,900, and that of the navy \$30,000,000, a total of \$108,501,900, as against \$187,000,000 four years after the close of the war with Spain. Secretary Root, in a report to the Senate, places the cost of the war in the Philippines alone at \$170,326,586, which does not include the \$20,000,000 paid Spain as an indemnity.

The total cost of the war in the Philippines, including navy and other expenses will be in the neighborhood of \$250,000,000, without the chances for the return of a single dollar. In addition to this the pension rolls will be largely augmented by reason of soldiers incurring disability in the tropical service and through death and wounds. Thousands of soldiers have been killed in battle or by disease.

So stupendous are these figures that they convey but little to the mind of the average man, but when it is calculated that the islands have cost every man, woman and child in the United States almost \$4, or to the bread winner who has five months to feed \$30, some conception of the expense of being a "world power" can be arrived at.

## Brewery Burned.

Saturday morning fire started in the Royal Brewery, at Tyrone, and gained such headway that it was entirely destroyed. The efforts of the firemen were devoted to protecting adjoining property. The brewery property was a three story stone building 25x60 feet in size, engine room and buildings adjoining 40x40 feet and stable and ice house 20x50 feet. All these were frame structures and with their contents, excepting three horses, were destroyed. The buildings were worth about \$4,000 and the machinery about \$8,000. Property was partly insured. The origin of the fire is not known.

## Harness Victims Beware.

A gang of swindlers are reported to be victimizing the farmers of nearby counties with a scheme that it seems no sane person would entertain for a moment. The salesmen, as they claim to be, approach a man with the proposition that he shall become their agent for a patent pitchfork. He is presented with a sample for his good looks and his neighbors. The agreement proves to be judgment note and the poor man finds himself impaled on the pitchfork that the other fellow was using. The slippery gentlemen have made some good hauls, their profits ranging from \$75 to \$450 per fork.

## Salona Lady Totally Blind.

Mrs. S. Emerick, of Salona, has become totally blind as a result of recent severe illness. Mrs. Emerick is the sister of A. T. Piper, of the Eagle hotel, this city.

## Will Meet in Clearfield.

The executive board has selected Clearfield as the meeting place for the State Grange in December.

## No Paper Next Week.

In accordance with the recognized custom, next week no paper will be issued from this office, as our employees desire the opportunity for the usual 4th July vacation. The office will not be closed, but will be prepared to accept orders for job printing and subscriptions. If you don't get your paper, you will kindly remember that we are celebrating.

## School Boys Walk 1000 Miles.

Charles and Wilbur Schenck are ambitious and bright young men who live along the public road between Howard and Eagleville in Bald Eagle valley. They attended the public school at Eagleville and in making the round trip each day walked about seven miles. The Howard Hustler says the boys during the past winter traveled about 1000 miles.

## To Detect Wormy Cherries.

As the cherry season is at hand our housewives should bear in mind that if they put cherries in a bucket of water they can detect the wormy ones by seeing them rise to the top, while the sound, healthy ones sink to the bottom.

Miss Aiken was about 14 years of age and her parents were formerly residents of Nittany.

Centre county farmers are cheered with favorable prospect for all fall crops since the late rains. All kinds of vegetation is booming. Corn is showing up finely and with favorable weather continuing will be a good crop although the cold and dry May gave it a setback. Potatoes, both early and late, promise a full crop from present appearances. Apples are likely to be plenty, in some localities at least. Garden truck is booming along with all else. The only light crops are the wheat and hay now being harvested, neither is likely to be over a half crop. Many farmers are counting on a second growth of clover to help them out in the shortage of hay, and

## ROBT. E. PATTISON NOMINATED

### For Governor on the Democratic State Ticket.

## LIVELY CONVENTION AT ERIE

### Guthrie, Kerr, Woodward Boomers on Hand—Demand for Pattison Was Too Strong From all Parts of the State.

The convention at Erie, on Wednesday, named the following ticket: Governor—ROBERT E. PATTISON, of Philadelphia. Lieut. Gov.—GEORGE W. GUTHRIE, of Pittsburg. S'c Internal Affairs—JAMES NOLAN, of Reading.

Robert E. Pattison was named on the first ballot, receiving 223½ votes; George W. Guthrie, of Allegheny, received 32 votes; James Kerr, of Clearfield, 32½ votes, and Colonel Woodward, of Centre, 4 votes. Pattison got but three votes from Philadelphia, which gave Kerr 24 votes.

The Democratic State Convention in session at Erie, this week, attracted wide attention. The attendance was also unusually large from all sections of the state. Much interest was manifest, not alone from a political sense, but the public at large were eager that a strong, clean man be nominated for governor, one in whom there would be assurance of a clean administration and an improvement over the Quay-ring-rule of recent years.

The leading candidate was ex-Gov. Pattison who announced that he was willing to accept the nomination again, if the people desired it.

Geo. W. Guthrie, of Pittsburg, was another strong man from the western part of the state. Ex-Congressman James Kerr, of Clearfield, was backed by a strong following, and principally by the friends of Judge Gordon, of Philadelphia. Col. John A. Woodward, of our county, was prominently mentioned at times as a possible dark horse, or nominee for Secretary of Internal affairs on the ticket.

All along the Pattison boom was decidedly in the lead. Some questionable attacks were made upon him by spurious circulars and cards, at Erie, that generally were denounced as "dirty politics" and proved a boomerang.

The Philadelphia crowd, as usual, were on hand kicking up a row and resorting to vicious tactics to gain more seats in the convention than they were entitled to have, according to their vote polled at the last election.

There were Pattison delegations, Woodward delegations, Guthrie boomers, Kerr howlers, rooters, heelers and all kinds of politicians to make it a lively convention.

The Philadelphia gang only got 29 seats in the convention. The convention voted 220 to 94 on this point.

## CORONATION POSTPONED.

### King Edward's Life Hangs by Slender Thread.

To-day, Thursday, June 26th, was the time set for the coronation exercises of Edward VII, as King of England. Imposing ceremonies were planned, titled dignitaries from every corner of the globe were there to attend the royal fete. England was in holiday attire and London was preparing for royal festivities. Millions were spent for costumes by those expecting to witness the royal pageant and impressive ceremonies. The masses and trades people planned amusements and gay entertainments in honor of the event.

Instead, all is changed. Edward VII is close to death and may be known in history as the "Uncrowned King." Rejoicing has turned to mourning. Deep gloom like a heavy pall enshrouds the hearts of the English nation and the sympathies of all people are aroused for this sad affliction.

About a week ago the King became ill and gave evidence of physical collapse. His physicians, fearing the result, urged him to cancel certain public engagements, but he decided not to disappoint the public. Saturday he became seriously ill, Sunday his condition was no better and on Monday alarming symptoms arose and Tuesday the attending physicians pronounced him suffering from perityphilitis. This is a disease hard to distinguish from appendicitis. An operation was performed revealing an abscess around the veriform appendix. Owing to the weakened condition of the system recovery was pronounced doubtful.

It became a serious problem how to control his Majesty's mental condition, for the conviction sometime ago seized the King that he was fated never to wear the British crown; in other words, that he would reign, but would never be crowned.

CHAIRMAN W. F. Reeder has announced that the Republican Primaries in the county will be held on Saturday, August 2nd. The convention on the following Tuesday. Further, it is generally understood that Elkin roosters "needn't come 'roan." They won't be let in, nobow.

## RECENT DEATHS.

WILLIAM KLINE—A highly respected citizen of Boggs township, died at the home of son-in-law, Mr. Edward Irvin, at McCoy's works, on Tuesday morning 19th. Mr. Kline was aged about seventy years and for forty years had been employed by the firm of McCoy & Linn. The interment in the Advent church cemetery, Sunday.

HARRIET E. SYLVIS—Wife of John Syllis, died at the home of her son Bert Syllis, in Aaronsburg, Sunday 15th, aged 53 years. Her husband, two sons and one daughter survive her. Mrs. Syllis' maiden name was Kliver, and she was born at Columbus Grove, Putnam county, Ohio. Funeral services were held on Wednesday. Interment at Aaronsburg.

MRS. MARTHA HAVERACK—Widow of Wm. Haverack, late of Milesburg, died at the home of her son-in-law Reuben Crust, at Fillmore, on Tuesday night 17, aged 70 years. Mrs. Haverack was a highly respected woman and was a life long member of the Methodist church. The following children survive her: Edward, of Howard; Joseph, of Renovo; T. B. Tipton, of Ridgway; Mrs. Reuben Crust, of Fillmore, and Mrs. John T. Laurie, of Tyrone. The funeral took place Thursday.

ED. MCKINNEY, of Milesburg, the young man who was a candidate on the republican ticket for probonotary, last year, is trying his hand again. He defeated Phil Foster, of State College, for the nomination, which was about as big a surprise as the Hastings people got for a long time. Now he is after the commission. He hardly think that he expects much support from that element of the republican party this trip. He claims that the same crowd went back on him at the election. The other candidates are Jno. G. Baily, of Ferguson, and Abraham Miller the present minority member of the board. We think Mr. McKinney will not be wanted this trip.

He defeated Phil Foster, of State College, for the nomination, which was about as big a surprise as the Hastings people got for a long time. Now he is after the commission. He hardly think that he expects much support from that element of the republican party this trip. He claims that the same crowd went back on him at the election. The other candidates are Jno. G. Baily, of Ferguson, and Abraham Miller the present minority member of the board. We think Mr. McKinney will not be wanted this trip.

ED. MCKINNEY, of Milesburg, the young man who was a candidate on the republican ticket for probonotary, last year, is trying his hand again.
