

HAPPENINGS ABOUT TOWN

The Local News Compiled During the Week

BRIEFLY TOLD IN A FEW LINES

Movements of Our People—Personal Mention, Society Events—What Has Transpired Worthy of Mention—Short Paragraphs

—Albert C. Hoy left for his home in Rhode Island, Monday.
—An abundance of good "propositions" are floating around Bellefonte.
—The rains within the past two weeks have improved vegetation wonderfully.
—Cherries are a fair crop and can be bought from wagons at 8 cents per quart.
—No paper will be issued from this office next week. We expect to celebrate the glorious 4th July.
—Mrs. Klump, wife of Dr. Geo. Klump, and her son, are visiting relatives and friends in Williamsport.
—Farmer "Bill" Kepler, of Pine Grove Mills, was in town last week and peeped in to see the press room of the Centre Democrat in full swing.
—Dr. Samuel Fisher, who has been attending his sister's wedding at Boalsburg, passed through Bellefonte on Wednesday on his way back to his practice at Sharon, Pa.
—This Thursday evening a musical entertainment will be given in the court house as a farewell benefit for Ensign J. Donella McIntyre. Admission will be 25 cents.
—The attendance at the band concert, Hecla Park, last Friday evening was quite large. These park concerts will be continued as long as they are appreciated by the public.
—Moore's photograph gallery, in Crider's Exchange, has been closed and Mr. Moore has left our town. The business was not sufficient to meet expenses, accounts for the closing.
—Mrs. Isaac Thomas, accompanied by her three sons, Isaac, Jr., Joseph and Arthur, left for Philadelphia and Washington, where they will spend a week or ten days visiting relatives.
—Attorney Walker brought a sample of large ox heart cherries of fine flavor, to this office, from a tree on his near-to-the-sky home. Wish we had a hundred trees of the kind, instead of having none.
—Rev. Israel Brown and Wm. Garman were recently elected as delegates from the local order Brotherhood of St. Andrew to the national convention which will meet in Boston, the first week in October.
—The Fourth of July. The Glorious Fourth. Independence Day. The Great National Holiday. The Day We Celebrate. More names than there are to any of John Bull's princes. Now get your fire crackers ready.
—Landlord Al Garman, of Tyrone, spent Sunday in town and was booming the coming 4th of July celebration at that place. He will entertain the Coleville band the 3rd and 4th, and they will give a concert the evening of the 3rd in front of his hotel, which will be brilliantly illuminated.
—The new water wheel at the pumping station is almost completed by this time. It is a small affair, encased in tubular iron but with the tripple pump it is claimed will put twice as much water in the reservoir as the old arrangement. Hope that will prove correct, anything to save expenses.
—The merchants of Bellefonte will close and lock their store doors at 6 o'clock p. m., from July 1st to September 1st, 1902, except on the following pay days, when they will close promptly at 8 o'clock, and Saturday evening at the usual time: Standard Scale Works, 10th and 25th. Furnaces, 15th and last day. Match Factory, 3rd and 18th.
—From one of our exchanges we note "The ministers of Bellefonte are contemplating a change in the Sunday evening services. To hold a union open air services in the park, in the rear of the stone school house on Allegheny street. To make this meeting more interesting and popular the Coleville band will furnish sacred music for the occasion." Our advice to the ministerial brethren, is stay in your pulpits and stick to your texts. There are too many crazy sideshows and freakish ventures associated with religious work. The old, old story from the old book, told in the good old way is about the most effective of any.
—On Saturday evening the "Hit" medicine company concluded their ten-night engagement at this place. They had some good singing and other entertaining features that drew a large crowd. An immense amount of medicine was sold, and especially on Saturday evening when it went like hot cakes at \$1 a package. We can not say his preparation is a fraud. If it only contained a good physic, it will prove a good investment. If street fakery would come along every other month and induce the average person to "get-a-move-on" there would be less need for the frequent expensive visits of the medical profession. This is not a crude remark, only plain practical common sense. As to the "Hit" Medicine Co., we are satisfied that the proprietor is an unscrupulous man whose only purpose is to pull money out of the people who listen to his entertainment.

You can not imagine how he wiled an hour later wheate the official returns were, a sweet-faced little girl. He should be happy, for he is in luck.
