

CLEVELAND DENOUNCED

Bryan Explains Absence From Democratic Banquet in New York.

NO HARMONY WITH CLEVELAND

Nebraskan Makes Bitter Attack On Ex-President's Career in Politics, and Ridicules Reform-Fight Between Democracy and Plutocracy.

Lincoln, Neb., June 24.—The absence of W. J. Bryan from the Democratic harmony dinner at New York is pretty well explained by a statement given out by Mr. Bryan last evening, commenting on the dinner. At the outset, Mr. Bryan says there is no such thing as Democratic harmony where former President Cleveland is concerned. He says:

"The banquet given on the evening of June 19 by the Tilden Club of New York city was advertised as a 'harmony meeting,' but it turned out to be what might have been expected of such a gathering, an ovation to the chief guest, former Democrat, Grover Cleveland. There can be no such thing as harmony between men like him and those who believe in Democratic principles, and he is frank enough to say so. He not only boasted of his course, but put his brand upon those who sat at meat with him. Having asserted that his Democratic faith compelled him to leave the party (or resulted in his banishment), he described the banquet as sharing in that faith. He is not only defiant, but he insists that party success can be secured only by an open and avowed return to his ideas. Harmony is to be secured not by the suppression of differences, but by the elimination of those who differ from him.

"He (Cleveland) secured his nomination in 1892 by a secret bargain with the financiers; he filled his cabinet with corporation agents and placed railroad attorneys on the United States bench, to look after the interests of their former clients. He turned the treasury over to a Wall street syndicate, and the financial member of his cabinet went from Washington to become the private secretary of the man who forced (?) the treasury department to sell him government bonds at 105, and then resold them at 117. He tried to prevent the adoption of the income tax provision, he refused to sign the only tariff reform measure passed since the war, and while thundering against the trusts in his messages, did even less than Knox has done to interfere with their high-handed methods.

"If we are to have reform, Cleveland himself should accept the presidential nomination; it would be due to him; his reinstatement would be poetic justice to him and retribution to those whose Democratic conscience revolted against his un-Democratic conduct. Of course, he would get no Democratic votes, but, being closer to plutocracy than any Republican likely to be nominated, he might divide the enemy, and even Democrats would have that little consolation which would come from receiving their disappointment in advance.

"The fight is on between a Democracy that means Democracy and a Clevelandism which means plutocracy. Every speech made by Mr. Cleveland shows more clearly the odiousness of the policies for which he stands. We have more fear from those who, like Mr. Hill, endorse Mr. Cleveland's views, but conceal their real purpose in ambiguous language."

NO RECIPROCITY THIS SESSION

Cuban Bill Cannot Pass Senate and is Abandoned.

Washington, June 23.—The sessions of the senate during the present week will be devoted to odds and ends of legislation. It was the purpose of the Republican steering committee to make the Cuban reciprocity bill the order of business after the disposition of the inter-oceanic canal bill, but the two Republican conferences have rendered it evident that there could be no reciprocity legislation at this session, so the steering committee has abandoned its purpose.

It is possible that the Cuban committee will report the reciprocity bill before adjournment, but if it should do so there will be no effort to secure action on it in view of the well-known opposition of a large part of the senate. The friends of the policy of reciprocity, however, are quite determined to bring the matter up next session and repeat what they said in Friday's conference that they will not desist until they accomplish their purpose. Whether in the end they will do this through a bill or through a treaty they do not now undertake to say.

Sensors generally predict that the congress will disperse between the 1st and the 4th of July.

Will Entertain the President.

New London, Conn., June 24.—At a meeting of citizens held last night arrangements were made to tender such public reception to President Roosevelt on the occasion of his visit to this city to witness the Yale-Harvard races as the limited length of the visit will permit. A committee went to New Haven today to meet the president's train and consult with him as to the form of reception would be acceptable.

June Frost Injures Vegetation. Cumberland, Md., June 23.—A heavy frost on Saturday night injured vegetation in the higher altitudes of Western Maryland and West Virginia. At Elkins, W. Va., the temperature was down to 47 degrees.

PANAMA ROUTE ADOPTED

Senate Passed Spooner Amendment by Vote of 42 to 34.

Washington, June 20.—The senate yesterday, by a majority of eight votes, adopted the Spooner substitute for the Hepburn Nicaragua canal bill, the vote on the substitute being 42 to 34. After two amendments to the measure had been adopted, one providing for a commission to supervise the construction of the canal and the other providing for the issuance of \$130,000,000 of 2 per cent. gold bonds to raise money with which to construct the waterway, it was passed by a vote of 67 to 6.

The Spooner amendment, as amended and adopted by the senate, provides that the president, through the law officers of the government, shall determine whether a clear title can be obtained for the Panama company's property, rights and concessions. If he shall be satisfied that such title can be obtained, he shall purchase the property, rights and concessions for \$40,000,000. If, in his opinion, a clear title cannot be obtained he shall proceed to construct an isthmian canal by the Nicaragua route. The bill further provides that a commission of seven shall be appointed by the president to supervise the work and to make arrangements for all the details of it. It also provides that gold bonds in the sum of \$130,000,000, bearing 2 per cent. interest, shall be issued to raise money with which to construct the canal.

RIFLE RANGE CAVED IN

Three Men Crushed to Death at Sea Girt, N. J.

Sea Girt, N. J., June 24.—The partially completed rifle range caved in yesterday, catching three men who were trying to escape, between the toppling front walls and the rear wall, crushing them to death instantly. General Bird W. Spencer, the inspector general of rifle practice of New Jersey, and his assistant, Lieutenant Colonel Richard B. Reading, who had only the moment before stopped to talk to the men while on inspection of the work, had most miraculous escapes from the same fate.

The men who were killed were: Anson Hale, John B. Marsh and Jacob Schibley, residents of Manasquan, N. J. All three are married. Hale leaves a family of eight and Schibley two children. Last winter the legislature of New Jersey appropriated \$7,000 to rebuild in concrete the butts of the rifle range. The quartermaster general was put in charge of the work. It had been completed with the exception of the frame work in the 600-yard pit. It was here the men were working. Colonel Olcott says the accident was caused by the men removing the braces too soon. The accident will not interfere with the holding of the interstate contests in August and September.

CORNELL WON REGATTA

Swept Everything Before Them In Intercollegiate Races.

Poughkeepsie, N. Y., June 23.—Cornell won all three of the events in the Intercollegiate Amateur Association regatta Saturday. The four-oared race was a bit of easy work for her, but in both the freshmen and 'varsity eights she was so closely pressed that she really had to win them in the last half mile by a display of reserve force which none of the other crews could bring to bear. Summary follows:

Four-oared race, two miles.—Cornell first; time, 19:43 3-5; Pennsylvania, second; Columbia, third. Freshman eight-oared race, two miles.—Cornell first; time, 9:34 4-5; Wisconsin, second; Columbia, third; Syracuse, fourth; Pennsylvania, fifth. 'Varsity eight-oared race, four miles.—Cornell first; time, 19:05 3-5; Wisconsin, second; Columbia, third; Pennsylvania, fourth; Syracuse, fifth; Georgetown, sixth.

Penny Ousts Western Union.

Philadelphia, June 24.—Negotiations have been finally concluded whereby the Postal Telegraph Company will acquire the 3,500 offices and all the lines owned by the Pennsylvania Railroad, now operated by the Western Union. The Postal will take possession of the offices on January 1, when the Western Union will be compelled to give up all of the trunk lines now in use which are on the property of the Pennsylvania Railroad. This deal will deprive the Western Union of its chief outlets west and south, in addition to the 3,500 feeders that cost little or nothing to maintain.

Negro Gets Degree From Princeton.

Princeton, N. J., June 21.—Announcement was made here yesterday that among the degrees conferred during the Princeton commencement was the degree of master of arts upon George S. Stark, a negro, and the first of his race to receive a degree from the university. He is a resident of Baltimore, and last month graduated from the Princeton Theological Seminary.

Mile a Minute On the Penny.

Altoona, Pa., June 23.—The fastest run ever made over the middle division of the Pennsylvania Railroad was made Saturday, when the fast mail train, No. 11, covered the distance of 132 miles between Harrisburg and Altoona in 129 minutes, averaging a fraction over 60 miles an hour. The run was made necessary on account of the train being behind time.

Coal Fleet Tied Up.

Baltimore, June 24.—Fifty-three seagoing coal carriers, with a total carrying capacity of nearly 100,000 tons, are in port awaiting cargoes. The embargo is caused by the closing of the Virginia ports owing to the strike in the West Virginia mines and the lack of sufficient cars on the Baltimore and Ohio Railroad to bring the coal from the mines along its lines.

FIND THE COCKNEY AND THE OLD MAN.

WHAT THEY SAY

Extracts From Various Sources Indicating Democratic Opinion Concerning Questions of the Day.

England has her South Africa, America her Philippines. This fellow-feeling makes us "wondrous kind." The positions are very similar and upon this common ground the king of England and the Goddess of Liberty are flitting, over dust that is as sacred as freedom itself.—Lincoln (Ill.) Times.

More and more are we drifting into the sea of imperialism whether we would or not. No man is there to put on a brake. We could not take pains to conceal our liking for the pomp and pageantry of royalty. We confer titles of nobility even on a Sulu profligate and we buy people like hogs.—Newton (Ia.) Herald.

The subject has been threshed over again and again in congress, and one cannot be surprised at the present languor of the opposition. Still it is not excusable, as long as this raid upon the public treasury for the enrichment of a single steamship line, owned by some of the wealthiest men in the country, is on foot.—Springfield (Mass.) Republican.

If the ship subsidy grab wins out in congress the good Mr. Rockefeller, who will be one of the chief beneficiaries of this raid on the public treasury, will be able to endow several more colleges and churches. The steel trust will also be benefited, and the benignant Mr. Carnegie, who makes a dissipation of philanthropy, will devote himself to the creation of libraries with an accelerated passion.—Kansas City Star.

The only duty imposed by the tariff upon a necessary of life is the duty on sugar, which on Cuban sugar is about 94 per cent. It nearly doubles the price of sugar to the consumer. The 52 Republicans in the house who stand for this enormous addition to the cost of sugar and declare that it shall not be reduced for Cuba, come under the head of Senator Platt's worst enemies of protection.—Indianapolis Journal.

Men who oppose the administration's policy in the Philippines, men who insist upon independence for the Filipinos, have every argument on their side. If, in the matter of sentiment, they fail to touch the heart and conscience of the American people, they are no less strong on the practical point; and every consideration, whether it appeals to the heart or the pocket of the American citizen, is in favor of "independence" for the Filipinos.—Omaha World-Herald (Ind.).

It must be discouraging to a faithful and courageous public official like Pension Commissioner Evans to find himself sacrificed to the "exigencies" of an antagonism numerically unimportant but of serious political consideration. But to Commissioner Evans it must be a cause for gratification and to American opinion it is a credit that the sentiment of the newspaper press and of the people of the country, whatever the partisanship of the one or the other, cordially disapproves that sacrifice and expresses a frank condemnation of the proceeding.—New York Press (Rep.).

"We are in the Philippines because we want the islands for ourselves, not because their people want us there," says the Imperialist Boston Transcript. "Because we want the islands for ourselves." Precisely. We grabbed them for that reason, and all the talk about manifest destiny and duty was the merest "rot." But the Imperialists don't want the islands now nearly as much as they thought they did.—Portland (Me.) Eastern Argus (Dem.). No matter what action Democratic senators take, the entire blame for defeat of Cuban reciprocity, should it come, would rest upon the Republican majority, who are justly responsible for all legislation. Bad faith with Cuba, to whom we owe peculiar obligations and whose claim for tariff concessions is supported by strong moral, sentimental and political considerations, cannot and will not be tolerated by the honest Republican masses.—Brooklyn Standard-Union (Rep.).
